PUBLIC COMMENT

0220-1

TIMBER SALE:

Beaver Lake 2020

**Land Board Agenda Item
February 18, 2020**

0220-1 Timber Sale: Beaver Lake 2020

Location: Flathead County

Section 7, 8, 17, 18, 19, and 20, T31N, R22W

Trust Beneficiaries: State Normal School, Public Buildings, Montana Tech, and MSU 2nd Grant

Trust Revenue: \$ 691,306 (estimated, minimum bid)

Item Summary

Location: The Beaver Lake 2020 Timber Sale is located approximately 4 air miles northwest of Whitefish, MT.

Size and Scope: The sale includes 19 harvest units (*647 acres*) of ground-based logging.

Volume: The estimated harvest volume is 26,941 tons (*4,189 MMBF*) of sawlogs.

Estimated Return: The minimum bid is \$25.66 per ton, which would generate approximately \$691,306 for the State Normal School, Public Buildings, Montana Tech, and MSU 2nd Grant trusts and approximately \$124,467 in Forest Improvement fees.

Prescription: This sale has a harvest prescription of seedtree, Improvement (selection), old-growth maintenance, and overstory removal treatment designed to reduce fuel loads in the Wildland Urban Interface by creating a mosaic of age classes and desired future conditions, as well as improve growth of existing trees.

Road Construction/Maintenance: The Department of Natural Resources and Conservation (DNRC) is proposing 0.76 miles of road reconstruction, and 15.6 miles of road maintenance.

Access: Access is obtained through State and County roads.

Public Comments: 12 comments from organizations and individuals were received. There was concern that we follow the Beaver Lakes Recreational Use Easement and MOU associated with the easement by protecting trail systems, minimizing disruption to recreationists, and reshaping road systems. There was also concern for safety in a high recreational use area.

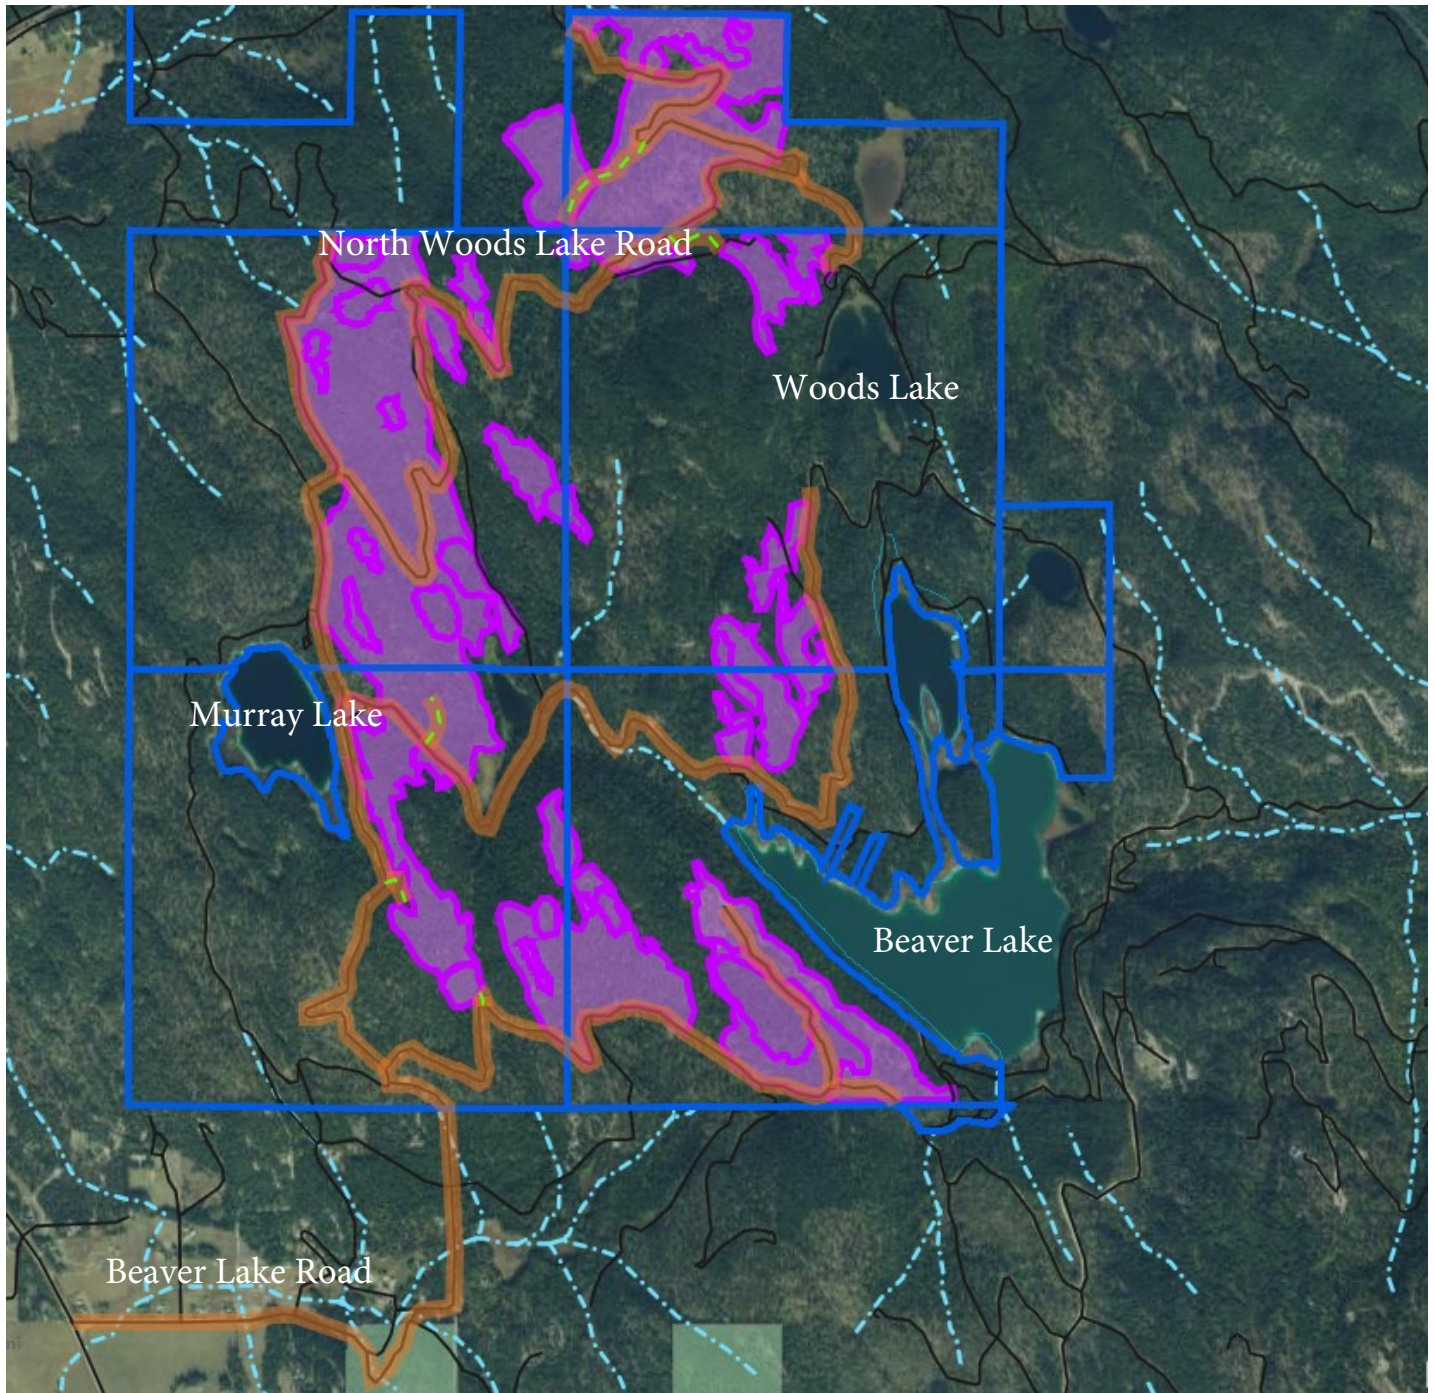

Internal and external commenters also expressed concern that silvicultural treatments address fuels reduction within the wildland urban interface near Whitefish with no clearcutting. Wildlife corridors were incorporated into the project.

These concerns are to be incorporated into the contract partly through design, timing of operations when recreational use is less, use of social media with cooperation with City of Whitefish, and follow up treatments to assure fuels treatments are adequate.

DNRC Recommendation

The director recommends the Land Board direct DNRC to sell the Beaver Lake 2020 Timber Sale.

0220-2A Land Banking Parcel: Set Minimum Bid for Sale #1073

Location: Fergus County

Trust Benefits: Common Schools

Trust Revenue: \$352,000

Item Summary

The Department of Natural Resources and Conservation (DNRC) requests to set minimum bid for the sale of one parcel totaling approximately 640 acres nominated for sale in Fergus County. The sale was nominated by the lessee and is located approximately 24 miles north of Winnett, Montana.

Sale #	# of Acres	Legal	Nominator	Trust
1073	640±	ALL, Section 36, T19N-R26E	Jon & Connie Berg	Common Schools

Sale parcel 1073 includes approximately 640 acres of grazing land. The parcel has below average productivity for agricultural and grazing lands statewide. The lessee currently holds a lease and license on the site, and an additional party, Under Wild Skies Outfitters, holds a temporary recreational use license on the parcel. Licensees do not have preferential rights in the Land Banking Sale Process but can participate in the public auction.

This isolated parcel is surrounded by private land except for 320 acres of BLM land to the north that is not legally accessible to the public. Eight total comments were received in opposition to the sale citing lack of access for hunting. Two of these comments were from adjacent land owners and the remaining six were parties who receive seasonal permission to access the state parcel from one of the current adjoining land owners, Double R Outfitters, LLC.

No potentially negative issues were identified through the MEPA process regarding the sale of this parcel.

Economic Analysis:

Short term – The average rate of return on the sale parcel 1073 is 0.39%. This parcel would continue to receive this return if it remains in state ownership.

Long-term – The funds from the sale of these parcels would be combined with other sale funds to purchase replacement lands through the department’s Land Banking program. Lands purchased are required to have an equal or greater rate of return than the combined lands that generated the sale funds used for the purchase. To date, the average annual rate of return on acquisitions has been 2.91% on acquisitions with income generated from annual lease payments.

Cultural/Paleontological Resources:

The state parcel proposed for sale was inventoried to Class III standards for cultural and paleontological resources. No cultural or paleontological resources were identified. A formal report of findings has been prepared and filed with the Montana State Historic Preservation Office per the requirements of the Montana State Antiquities Act.

Background:

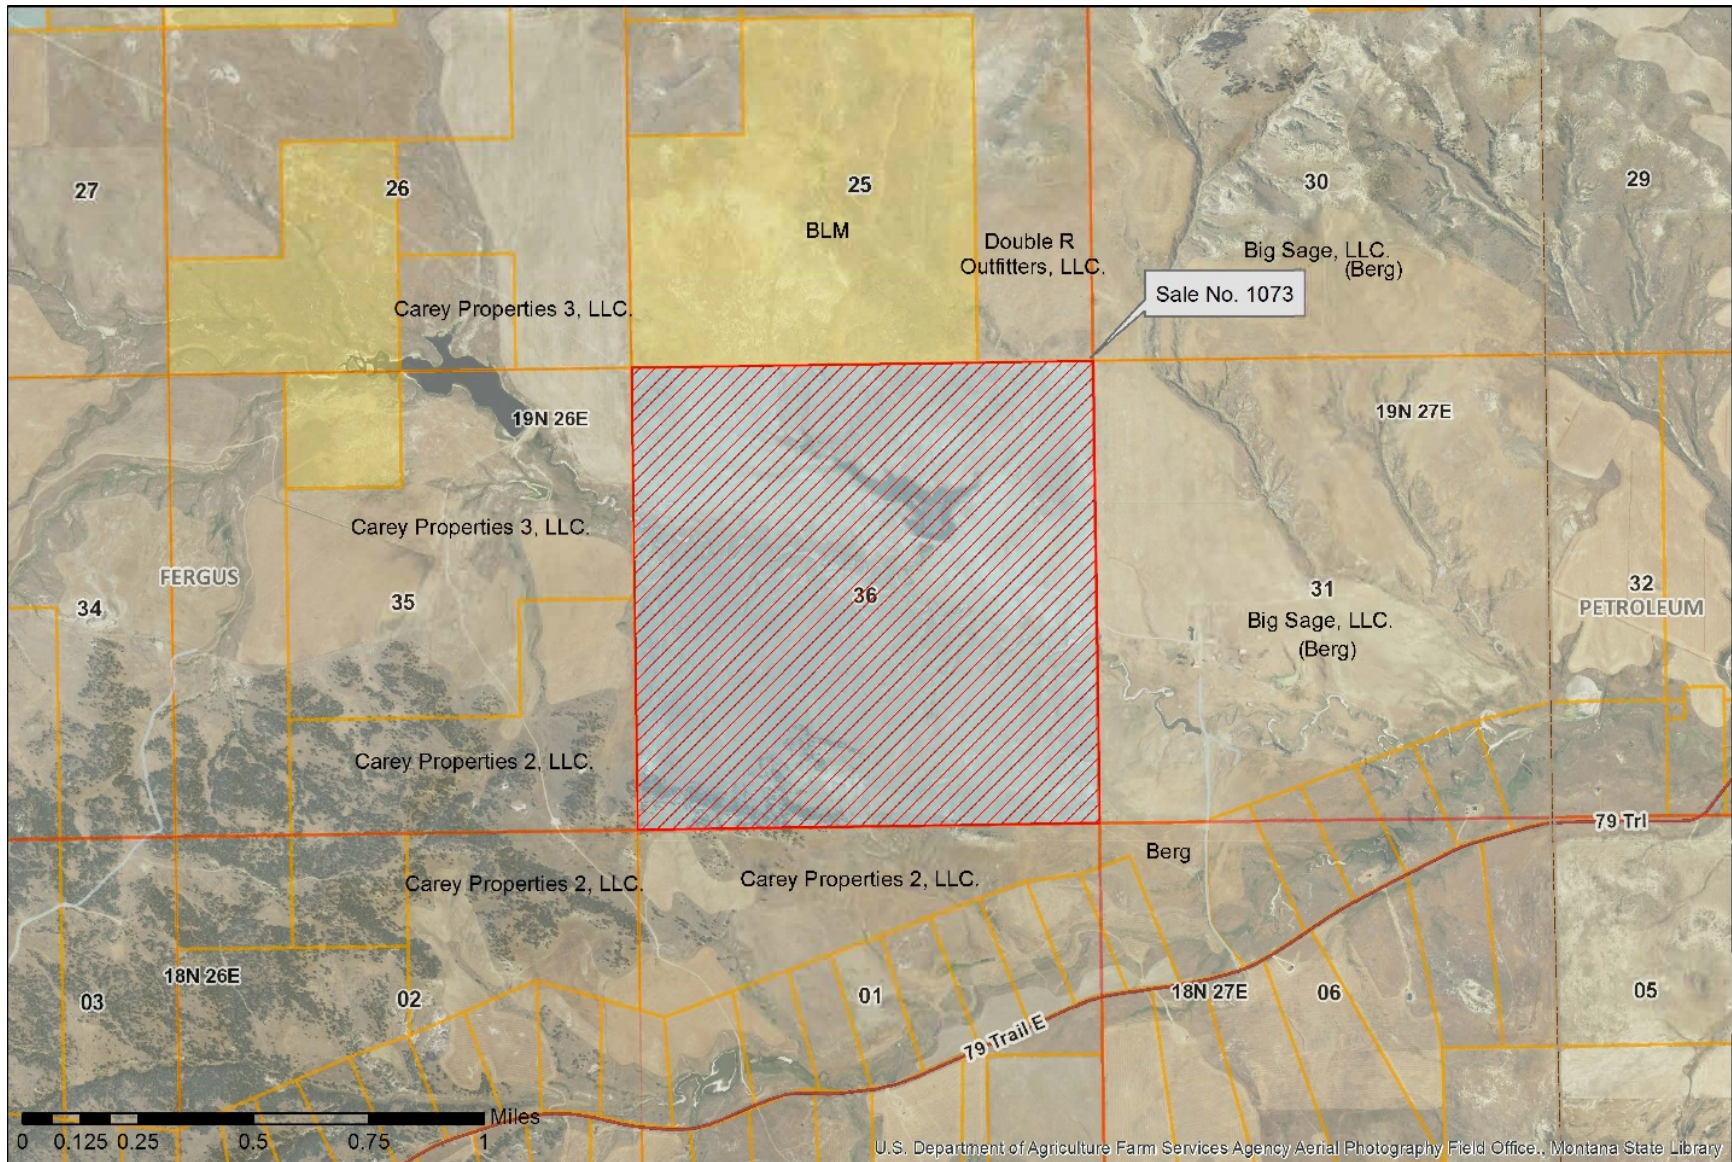

In August 2019, the Board granted preliminary approval for these parcels to continue through the Land Banking sale evaluation process.

Appraised Value:

Sale #	Appraised Value with Access	Recommended Minimum Bid
1073	\$352,000	\$352,000

DNRC Recommendation

The director recommends the Land Board set the minimum bid for this parcel at the appraised land value shown above.

0220-2B Land Banking Parcel: Set Minimum Bid for Sale #1077

Location: Fergus County

Trust Benefits: Common Schools

Trust Revenue: \$368,000

Item Summary

The Department of Natural Resources and Conservation (DNRC) is requesting preliminary approval to sell one parcel totaling approximately 640 acres nominated for sale in Fergus County. The sale was nominated by the lessee and is located approximately 10 miles southeast of Winifred, Montana.

Sale #	# of Acres	Legal	Nominator	Trust
1077	640±	ALL, Section 16, T20N-R20E	Rolling Hills Gumbo Ranch, Inc.	Common Schools

Sale parcel 1077 includes approximately 119 acres of hay land and 521 acres of grazing land. The parcel has below average productivity for agricultural and grazing lands statewide.

The parcel is surrounded entirely by private land and is not legally accessible by the public.

No potentially negative issues were identified through the MEPA process regarding the sale of this parcel.

Economic Analysis:

Short term – The average rate of return on the sale parcel 1077 is 0.66%. This parcel would continue to receive this return if it remains in state ownership.

Long-term – The funds from the sale of these parcels would be combined with other sale funds to purchase replacement lands through the department’s Land Banking program. Lands purchased are required to have an equal or greater rate of return than the combined lands that generated the sale funds used for the purchase. To date, the average annual rate of return on acquisitions has been 2.91% on acquisitions with income generated from annual lease payments.

Cultural/Paleontological Resources:

The state parcel proposed for sale was inventoried to Class III standards for cultural and paleontological resources. No Antiquities, as defined under the Montana State Historic Preservation Act were identified. Further, neither Judith River nor Hell Creek geological formations occur on or beneath the ground surface of the subject state tract.

Background:

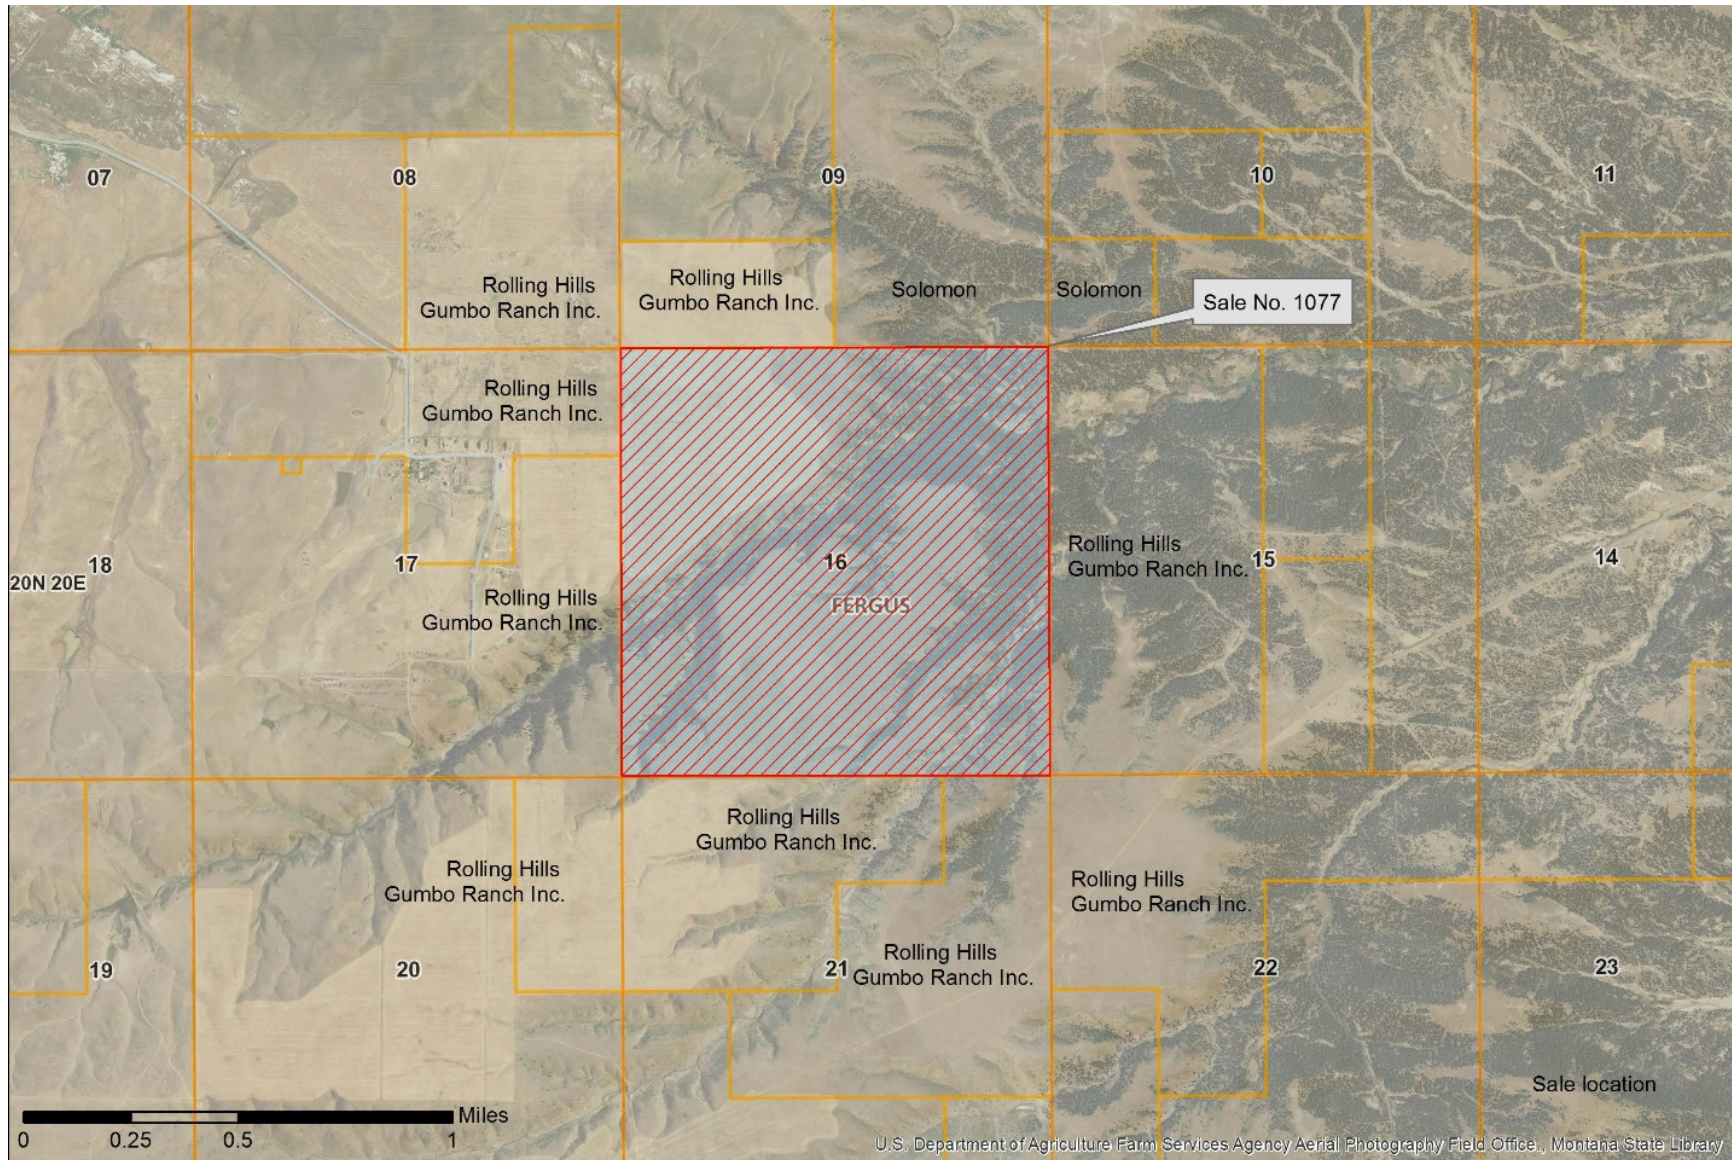

In August 2019, the Board granted preliminary approval for these parcels to continue through the Land Banking sale evaluation process.

Appraised Value:

Sale #	Appraised Value with Access	Recommended Minimum Bid
1077	\$368,000	\$368,000

0220-3A Cabin and Home Sites: Final Approval for Sale A. Fallon County

Location: Fallon County

Trust Benefits: Common Schools

Trust Revenue: \$52,000

Item Summary

The Department of Natural Resources and Conservation (DNRC) is requesting final approval for sale of one home site nominated for sale in Fallon County. This sale was nominated by the lessees in conjunction with the Cabin and Home Site Sale Program.

Sale No.	Acres	Legal Description	Nominator	Trust
948	14.96±	Tract 1 of COS 0104837, T6N-R57E, Sec. 36	Shelley Mackay & Barnet J. Dean	Common Schools

The parcel is currently leased as a home site and produces an average income for residential leases statewide. The parcel will be sold with the access that is currently provided under the current lease agreement and can be conveyed by DNRC.

Economic Analysis

Short term – The average rate of return on this sale parcel is 1.345%. The parcel will continue to receive this rate of return if it remains in state ownership.

Long term – The funds from the sale of this parcel would be combined with other sale funds to purchase replacement lands through DNRC's Land Banking program. Lands purchased are required to have an equal or greater rate of return than the combined lands that generated the sale funds used for the purchase. To date, the average annual rate of return on acquisitions has been 2.91% on acquisitions with income generated from annual lease payments.

Cultural/Paleontological Resources

A Class I level of cultural resource inventory was conducted for the proposed sales. Home sites typically contain numerous structures, and the ground surfaces within most home sites have been variously disturbed over the course of many years of occupation and development. These sales will have no effect to state-owned heritage properties.

Background

This sale was granted preliminary approval in March 2018 to proceed through the Cabin and Home Site Sale Program. The Land Board set the minimum bid for the land and the maximum value of compensation for the improvements of this sale in November 2019.

Sale No.	Appraised Land Value	Appraised Improvements Value	Final Sale Price
948	\$52,000	\$99,000	\$52,000

Sale Price

This sale sold at public auction on January 9, 2020. DNRC received a bid deposit from one qualified bidder for the sale who was the current lessee. The site sold for the final sale price listed above.

DNRC Recommendation

The director recommends the Land Board grant final approval for the sale of this home site at the value shown above. The sale will close within 30 days of final approval by the Land Board.
