

# MONTANA TRUST LANDS

## Recreational Use Guide

*This is a simple reference guide for general recreational use of trust land.*

Comprehensive regulations are in Montana Code Annotated [77-1-801 - 77-1-815](#) and Administrative Rules [36.25.143-36.25.167](#).

Trust lands are different than other public land because they have a constitutional purpose to earn money for public schools and other institutions. Revenue is generated on trust land through leases, licenses, commercial timber, and mineral development. Most legally accessible trust lands are open to the public for recreational use.

### REQUIRED LICENSE

A **Conservation License** is required to recreate on state land. The conservation license is a prerequisite for all hunting and fishing activities in Montana, so if you have a current license to hunt, fish, or trap in Montana, you already have the Conservation License.

License cost

- residents \$8
- non-residents \$10
- youth/senior \$4
- No license required for youth under 12.

Licenses are valid from March 1 – February 28 each year. Purchase at <https://ols.fwp.mt.gov/>

### GENERAL GUIDELINES

#### Motorized Vehicles:

- **Open:** public roads (federal, state, and dedicated county roads)
- **Closed:** All other roads unless signed otherwise by DNRC.
- **Parking:** within 50 feet of a public road. Do not block gates or roads.

**E-Bikes** are considered motorized vehicles on trust land. They are allowed on public roads only.

**Snowmobiles** are limited to public roads through leased land but are generally allowed off-road on unleased land. There may be environmental factors that limit snowmobile use in certain areas. Contact the local DNRC field office to confirm allowable use in specific areas.

**Pets** must be on a leash or otherwise under control.

**Horseback Riding** is generally allowed on trust land. Horses must be restrained and cannot be within any stream riparian zone for more than one hour. Feed must be certified weed seed free.

**Camping** is allowed within 200 feet of access point for tent or non-motorized camping, and within 50 feet of access point if motorized vehicle is required (RV or camper trailers). Stay is limited to 2 days on leased land, and up to 16 days per month on unleased land.

**Campfires** are not allowed on leased land.

#### Firearms:

- shooting is not allowed within ¼ mile of a dwelling or associated outbuilding.
- See access webpage for locations of other special restrictions.
- Targets and debris must be cleaned up.

**Littering:** Pack it in, pack it out.

**Gates:** Leave gates the way you find them – if it's closed, close it behind you.

**Land use:** Trust lands are always at work earning money to fund schools. Most are leased for agriculture or grazing, or under active timber management. Be mindful of lessee rights; respect fences, gates, and other privately-owned improvements.

### OTHER USES

These uses require separate/additional authorization from DNRC. Contact the local DNRC field office to inquire or apply:

- Trapping
- Commercial or concentrated (group) uses
- Cutting or gathering wood, including Christmas Trees
- Collecting valuable rocks/minerals and mineral exploration
- Collection or disturbance of archaeological, historical, or paleontological sites.

### ACCESS AND RESTRICTIONS

#### Legal access means access through:

- public road
- adjacent public land
- public waters under stream access law
- permission from adjacent private landowner.
- public access agreement between private landowner and Montana Fish, Wildlife, and Parks

#### It is NOT legal to access trust land by:

- Aircraft
- Crossing private land without permission

#### Recreation is not allowed on trust land that:

- has active growing crops
- is for residential use (cabin/home sites)
- is leased for commercial use
- has active military training
- has extreme wildfire threat
- Is otherwise specifically closed or restricted.

#### Other site-specific restrictions may be in effect.

See our access webpage or contact the local DNRC field office for details.

#### Block Management Agreements

If enrolled, Block Management rules apply.

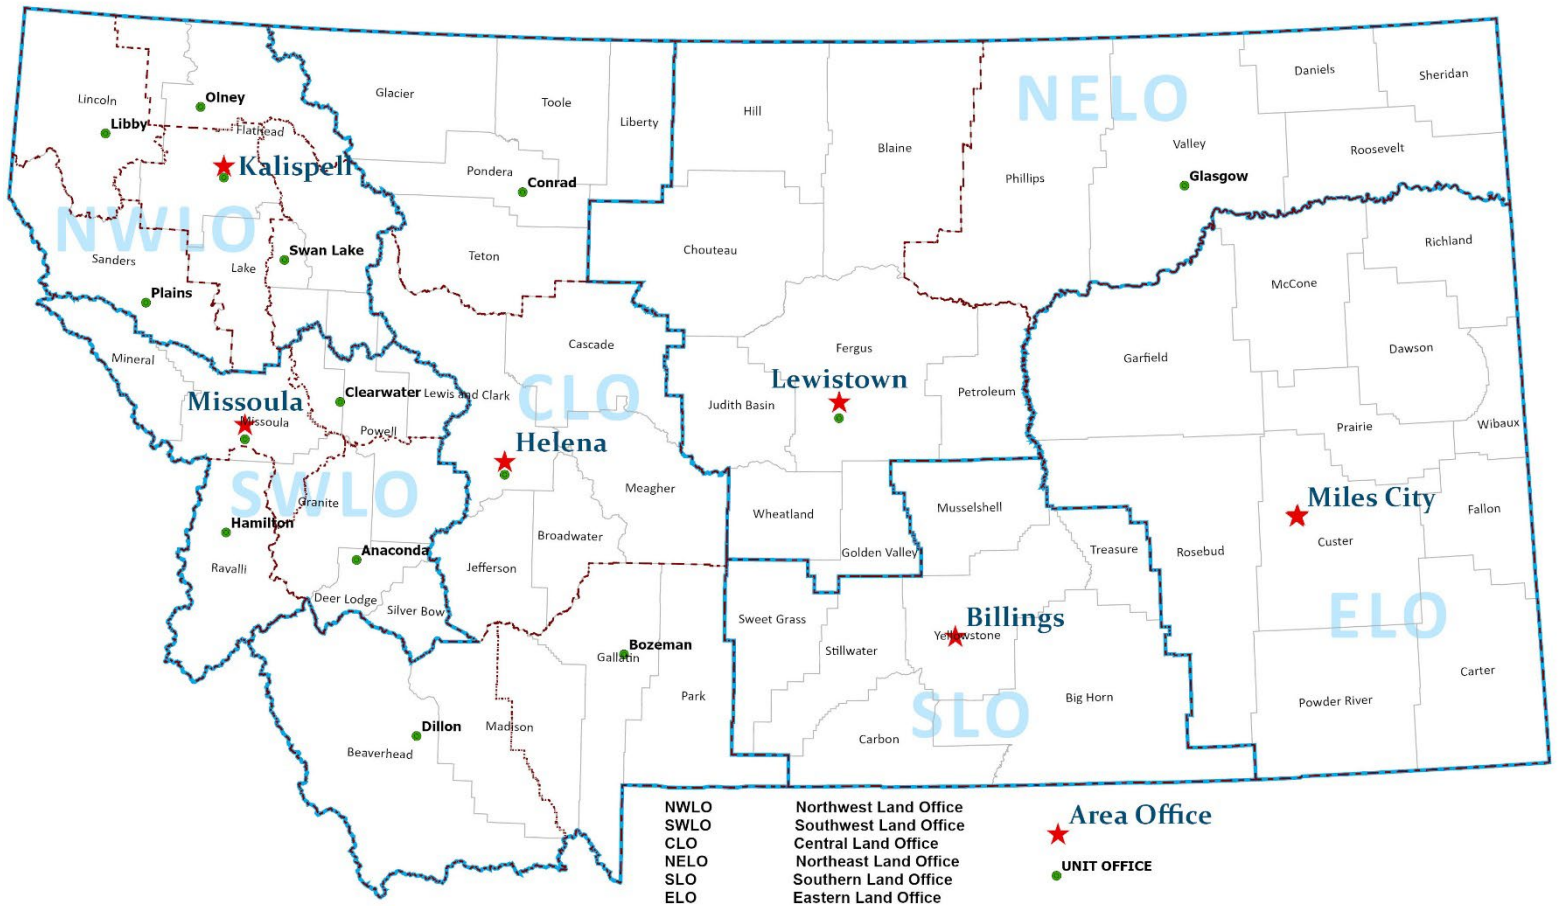

#### Notification Requirements

Agriculture or grazing lessees may require notification (not permission) prior to entry on legally accessible trust land. If notification is required, DNRC signs will be posted at common access points with notification details.

### EXISTING LEASE RIGHTS

1. Most trust land east of the continental divide is leased. Forested land west of the divide is generally unleased. Contact the local DNRC field office to confirm if land is leased.
2. Lessees may have rights to use certain roads that are closed to the public.
3. Lessees may require notification (not permission) prior to entry on leased land.
4. Improvements on trust land, including fences and gates, are privately owned by lessees.

# Trust Land Management Offices

## NORTHWESTERN LAND OFFICE (NWLO)

655 Timberwolf Parkway,  
Suite 1  
Kalispell, MT 59901-1215
