MONTANA

Department of Natural Resources and Conservation

Renewable Resource Grant and Loan Program

Eligibility

The renewable resource grants to private entities are available for any water-related project that meets the purpose of the Renewable Resource Grant and Loan Program. Eligible applicants include individuals, associations, corporations and nonprofits.

Criteria

- Project is economically feasible
- Project benefits or develops a water resource
- Project will provide public benefit
- Project is recommended by a government entity

Project Examples

- Projects that promote water conservation, water quality or beneficial use
- Dam inspections and repair
- Irrigation system improvements
- Septic tank replacement
- Emergency water system improvements
- Watershed improvements

Guidelines

- Grants available up to \$5,000 or 25% of project cost, whichever is least.
- Reimbursement based on actual provided receipts.
- Reimbursement on a one-time only basis.
- Match funding may include in-kind labor, materials and other grants.
