

## CMR Appendices - clarifications & corrections

Enforceable Priority date was corrected to May 11, 2015

Reservoirs, ponds and pits were added to into Appendix 3, these were not present previously

### appendix 1 error remark or comments

40E 30066782	Sand Arroyo Creek. added Source info remark: "also known as West Fork Sand Arroyo Creek"
40E 30066753	this " Crooked Ck" is 1of 2 "Crooked Cks". This one is in 39 E, for this WR delete all POD and POU Data for Range 29E. E.g. POUS: 3,4,5. The WR covering source in 29E is covered under Abstract 30066781
40C 30066781	source correct to Crooked Creek and S30 remark added "Sacagawea River"

### appendix 2 Musselshell POD/POU error

40C 30064810	pod/pou correction to: Upstream POD, should be: SWSE Sec.13, T18N, R29E. This is where the Musselshell first crosses the Refuge boundary. Upstream POU should be Sec. 13, T18N, R29E. Downstream POD: W2 Section 33, T20N, R30E . Downstream POU: Section 33, T20N, R30E. remark added: "The points of diversion (POD) and places of use (POU) for this water right describe the upper and lower extent of the river reach within the Charles M. Russell Refuge boundary. During periods of low water levels in Fort Peck Lake the lower extent of this right is the Missouri River."
