

## Horse Creek Controlled Groundwater Area Parent Tract Memo

---

December 21, 2011

The accompanying Horse Creek Controlled Groundwater Area (HCCGWA) map and table are intended to serve as a snapshot in time of the parent tracts of land that existed within the HCCGWA as of October 1, 2011. As per the rules for the Horse Creek Controlled Groundwater Area "*The groundwater development point of diversion is on a parent tract of land. A parent tract means a tract of land as it exists within the HCCGWA on October 27, 2011.*" The intent of this document and accompanying map and table is to define and clarify the aforementioned portion of the HCCGWA rules.

The accompanying map and table display the tracts of land (parcels) as they were represented by the Montana Cadastral website as of the last update on October 1, 2011. The data was downloaded on December 13, 2011 and at that time there was not a more recent representation of the Cadastral data. The map and table serve to best define the extent of the parent tracts in the HCCGWA as of October 27, 2011.

It is important to note that there is an inherent delay built into the representation of cadastral data which is displayed by the Montana Cadastral system. Specifically it is possible that a tract(s) of land within the HCCGWA could have been legally divided or modified prior to October 27, 2011 and that those change(s) simply had not been incorporated into the cadastral dataset prior to the map and table being created. Simply stated it is possible that the HCCGWA map and table displaying the parent tracts of land in the HCCGWA as of October 1, 2011 are not an exact representation of the tracts of land in the HCCGWA as they existed on October 27, 2011.

Tracts of land that intersect the Horse Creek Controlled Groundwater Area boundary as of 10/01/2011 as depicted by the Montana Cadastral website on 12/13/2011.

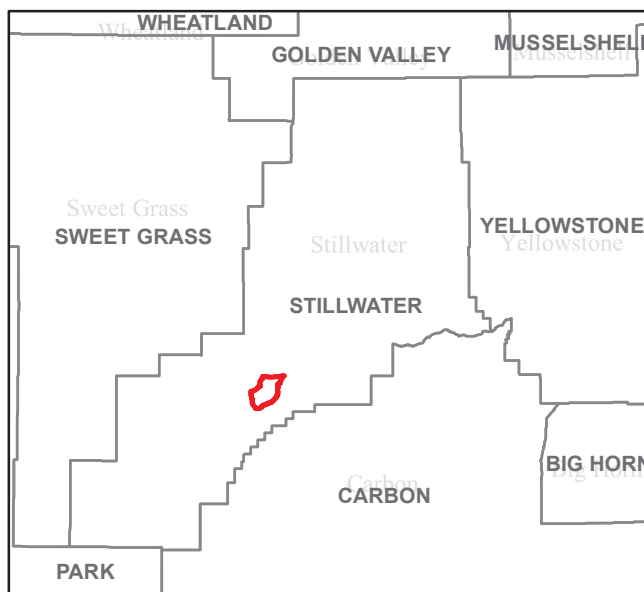

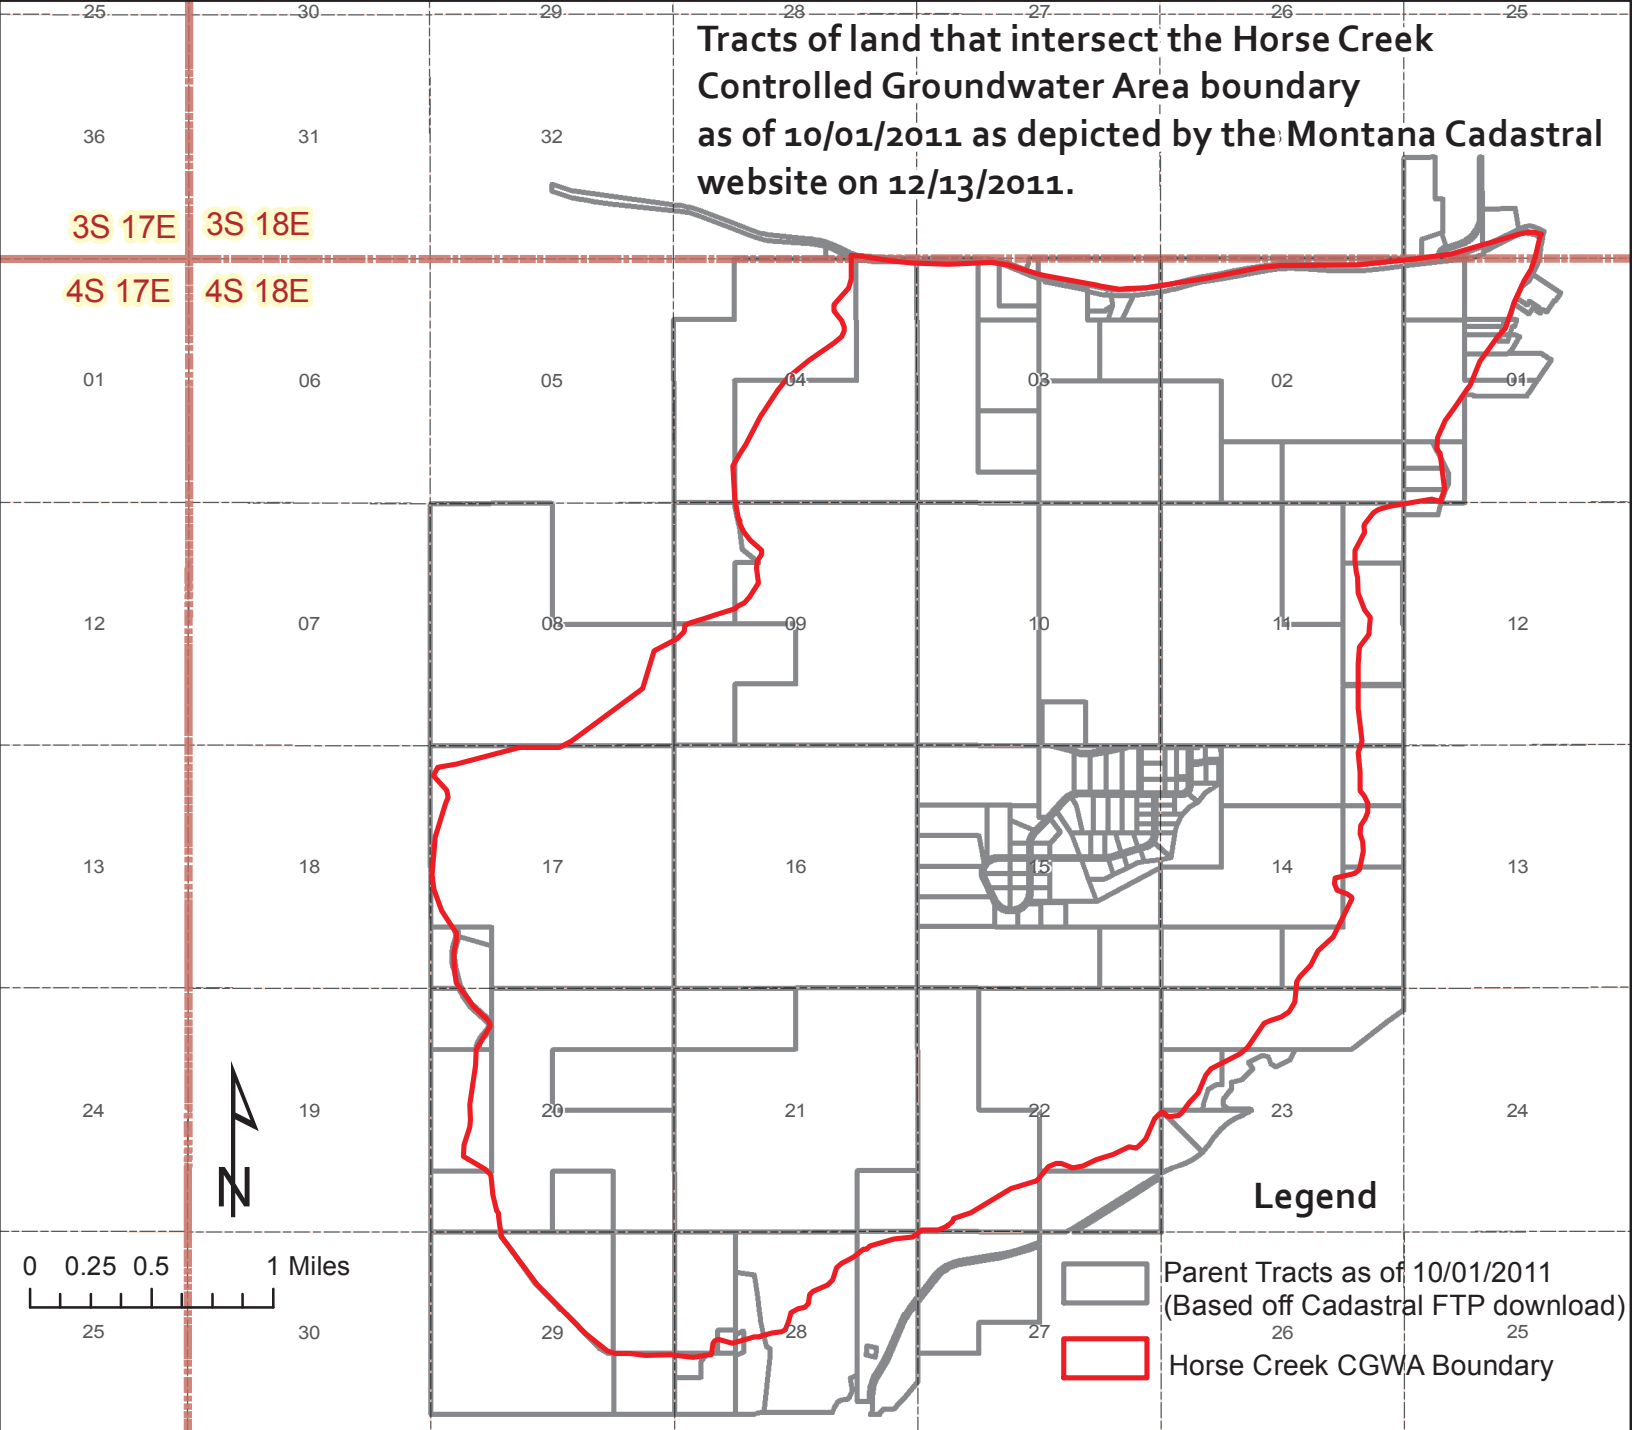

Table of tracts of land that intersect the Horse Creek Controlled Groundwater Area boundary as of 10/01/2011 as depicted by the Montana Cadastral website on 12/13/2011
