

CATEGORICAL EXCLUSION
DNRC FOREST MANAGEMENT ACTIVITIES ON STATE TRUST LANDS

Project Name: Campbell Ranch Conifer Encroachment Removal

Proposed Implementation Date: 04/15/2024

Proponent: Campbell Ranch

Proposed Action: Removal of conifer encroachment on State Trust Land located at the legal description below. The lessee for this parcel (Campbell Ranch) has proposed to perform in kind work in the form of conifer encroachment removal on State Trust Land, with the end goal of improving rangeland habitat. The primary tree species on-site is Ponderosa Pine. Conifer encroachment will be cut or masticated. Slash generated from treatment will be piled, and then burned in accordance with DEQ Air Quality Standards. The contractor performing the work on behalf of the lessee may be able to utilize some encroachment trees for firewood or pulp. No sawlog material shall be removed. The forest products material will be transferred offsite with a forwarder and will be decked on adjacent private land. No new road construction will be necessary.

Department of Natural Resources and Conservation, Trust Land Management Division has adopted the above categorical exclusions for activities conducted on state forested trust lands. "Categorical Exclusion" refers to a type of action that does not individually, collectively, or cumulatively require an EA or EIS unless extraordinary circumstances occur (ARM 36.2.522(5)).

Extraordinary Circumstances:

Will the proposed action affect one or more of the following resources, species or situations in the project area? If the resource, species, or situation is present, but project design avoids potential adverse effects on the resource, the answer is "No". One "Yes" answer indicates that Categorical Exclusion is not appropriate for the project, and an EA or EIS must be conducted.

YES NO

☐☒

a) Sites with high erosion risk.

☐☒

b) Federally listed threatened and endangered species or critical habitat for threatened and endangered species as designated by the USFWS.

☐☒

c) Municipal watersheds.

☐☒

d) The SMZ of fish bearing streams or lakes, except for modification or replacement of bridges, culverts and other crossing structures.
