

## How is your CD's Youth & Adult Education Outreach Shaping Up?

Now is the time to evaluate your **Youth and Adult Education Outreach**. Even if your Annual Plan and Long-Range Plan are already developed, you can amend both documents to strengthen your continuing education and professional development outreach.

Here's a few ideas from your fellow Conservation District Administrators. And, certainly there are a number of other activities, education modules, class room training and resources that you can utilize and / or add to this short list.

### **Youth Education & Involvement**

- What are your Annual Plan objectives for youth education outreach? With grade schools, junior high and high schools (3 categories)
- What youth workshops or other activities do you have planned?

Consider areas you and your constituents will be involved in the following year:

1. Envirothon
2. Rolling Rivers (utilizing one of the six Rolling Rivers education trailers stationed around the state).
3. Montana Youth Range Camp
4. Partner Events with Vo-Ag, FFA, Extension Service, other
5. Field Workshop [Range / Riparian, Water Quality, Water Quantity, Wildlife Habitat, Recycling, Trees/ Forestry, Farm & Ranch 101, AG Days, other]
6. Invasive Species / MISC training materials
7. Others: Please list

What educational expertise would you, the CD administrator, local natural resource professionals be able to provide fellow MT Conservation Districts assistance? Your knowledge and experience can benefit fellow conservation districts with planning and implementation of Youth Education.

### **Adult Education & Involvement**

- What are your Annual Plan objectives for adult education outreach?
- What adult workshops or other activities do you have planned?

Consider areas you and your constituents will be involved in the following year:

1. Workshops
2. Annual Range Tour
3. Soil Health Seminar
4. NACD Convention
5. Annual partnership outreach with Extension Service
6. Annual partnership outreach with your USDA NRCS Service Center
7. Outreach efforts with other natural resource partners? Please list....
8. Councils / Alliance: Missouri River Conservation Districts Council
9. Councils / Alliance: Yellowstone River Conservation Districts Council
10. Councils / Alliance: Milk River Watershed Alliance
11. Other: Additional workshops, seminars, meetings that fellow CD's are sponsoring.
