Grants for Local Governments to Conserve, Manage, Develop and Protect Montana's Renewable Resources.

Montana Department of Natural Resources & Conservation
PO Box 201601
Helena, MT 59620-1601
Phone (406) 444-6668
http://www.dnrc.mt.gov
Project Grants

Projects that conserve, manage, develop or preserve Montana’s renewable resources are eligible for funding. Numerous public facility projects including drinking water, wastewater and solid waste development and improvement projects have received funding through this program. Other renewable resource projects that have been funded include irrigation rehabilitation, dam repair, soil and water conservation and forest enhancement.

- Grants are limited to $125,000 per project; loans are limited by the applicant’s debt capacity.
- Applications are due on or before May 15th of even-numbered years.

Planning Grants

This program provides financial assistance to governmental entities preparing quality RRGL grant applications for projects that will conserve, manage, develop, or protect Montana’s renewable resources. Grants for the preparation of Capital Improvement Plans or other management tools are also eligible for funding.

Eligible Applicants

Political subdivisions of state, local and tribal government including state agencies and universities, counties, incorporated cities and towns, conservation districts, irrigation districts, water/sewer/solid waste districts, and Tribes.
