Department of Natural Resources and Conservation, (DNRC)

II. Purpose:

A. This operating plan is to establish and define the specifics of an agreement for DOC to provide an inmate fire crew (herein referred to as Deer Lodge Crew, inmate crew, fire crew, or crew) to be utilized only in Montana.

B. DNRC, as needed, will utilize DOC Deer Lodge Crew for fighting wildfires in Montana and other duties such as prescribed burns, pre-commercial thinning, fuels management, fencing, range management and other land management projects. Use of the Deer Lodge Crew achieves the goal of utilizing state funds in a wise and prudent manner and provides the Deer Lodge Crew members with an opportunity to gain work experience, life skills and income prior to release that will assist them in successful reentry back to Montana communities. Use of the crew helps DNRC accomplish needed work at a reasonable cost.

III. Terms:

A. DOC agrees to provide:

1. One crew consisting of fifteen (15) inmates, and at least ten (10) inmates as back up, to fight fires in the state of Montana. The inmate crew will be dispatched for a maximum of fourteen (14) days per dispatch (excluding travel). The dispatch may entail assignments to different locations in Montana, subject to the prior approval of the MCE Administrator and, in the MCE Administrator’s absence, the Shift Commander.

2. Three MSP/MCE staff members, herein referred to as “DOC staff”, to supervise the inmates and provide supervision and 24-hour security while on a fire assignment. The DOC staff shall receive training in fire safety and suppression, and will perform as squad bosses for suppression activities as well as performing their security function. A roster of approximately
nine trained DOC staff is needed to assure that three are available at any given time. DOC staff will also be responsible for operating two of the three vehicles normally used to transport the crew to a fire. Inmates will not be authorized to drive vehicles while on assignment under this Operations Plan.

3. A Deer Lodge Fire Crew coordinator hereinafter referred to as a Fire Crew Supervisor.

**The Fire Crew Supervisor or designee shall:**

a) Screen inmates for acceptability on the inmate crew in accordance with Department of Corrections Policy 5.1.3 – Adult Offender Participation in a Community Work Program. Screening shall include a physical assessment and medical clearance. Inmates convicted of arson, kidnapping, or a sexual offense are not eligible for the Deer Lodge Crew. A minimum of twenty-five (25) inmates should be screened and available for training by April 15th of each year.
b) Coordinate training efforts with DNRC to ensure successful completion of all required DNRC training;
c) Ensure preparedness of the Deer Lodge Crew for dispatch, upon request, with a goal of being dispatched within 2 hours of a request;
d) Maintain a roster of eligible inmates and staff and request/arrange additional training from DNRC, as needed;
e) Prior to dispatch or repositioning of the Deer Lodge Crew, notify county law enforcement in the county where the crew will be located; and
f) Be responsible for personal gear bag inventory at the prison location before leaving and upon return.

4. General and routine maintenance (i.e., chassis lubrication, oil changes, tire alignment and rotation, etc.) of fire and project vehicles that are provided by DNRC.

5. The DNRC vehicle normally stationed at MSP/MCE year-round as described in paragraph B 7 will be maintained and routine repairs undertaken by DOC at DOC expense. A regular preventive maintenance schedule shall be followed.

6. Maintenance to vehicles assigned by DNRC to the Deer Lodge Crew and dedicated for use only on DNRC fires or projects, and all repairs to those vehicles needed as a result of use on fires or DNRC projects are the responsibility of DNRC. Any alterations or modifications to the vehicles must be first approved by DNRC.

7. To perform further tasks as set forth in this Operating Plan.

**B. DNRC agrees to provide:**

1. Fire suppression and safety training to the inmates and DOC staff prior to any request for dispatch: The training will be held at least annually, prior to May 1, and will require a minimum of three days to complete. DNRC will conduct all training at MSP/MCE. Completion of the required training and task books will qualify an individual inmate as a Firefighter and DOC staff as Advanced Firefighter (Squad Boss) under the guidelines of the
National Wildfire Coordination Group (NWCG). Further, DNRC shall determine the necessity of conducting additional training sessions, requested by MSP/MCE, based on projected fire suppression needs.

2. An appropriately trained and qualified Crew Boss to supervise all fire suppression activities of the Deer Lodge Crew. The Crew Boss shall travel with the crew from the time of dispatch until the crew is returned to the prison facility. The Crew Boss shall act as the official spokesperson for the Deer Lodge Crew while on a fire assignment and will assist DOC staff to ensure the safety and security of inmates and maintenance of public safety.

3. All personal protective equipment (hardhats, Nomex clothing, gloves, goggles, etc.) and fire suppression tools (shovels, Pulaskis, etc.) necessary to properly equip the inmate crew and DOC staff for fire suppression duties. (Work boots will be the responsibility of each crewmember. A leather boot with a lug sole and 8 inch top is required for fire suppression work.) DNRC will provide the Deer Lodge Crew with uniquely colored hardhats that will specifically identify them as members of the Deer Lodge Fire Crew. The inmate crewmembers will wear prison issued clothing while in camp.

4. Personal gear bags for all inmate crewmembers. These bags will be maintained and supplied by MSP/MCE with a fourteen-day supply of the necessary personal items and clothing.

5. Personal gear bags will be stored in a designated secure storage area at MSP/MCE with the Fire Crew Supervisor or designee being responsible for inventory.

6. Vehicles and one driver (Crew Boss) for transportation of the Deer Lodge Crew to and from the assigned fire location: Drivers must possess a valid driver’s license necessary for the type of vehicle operated and the number of persons in the vehicle. All costs for transportation of the Deer Lodge Crew will be borne by DNRC.

7. A vehicle on loan to MSP/MCE for use by the Deer Lodge Crew when working on non-fire suppression projects:
   a) This vehicle will normally be stationed at MSP/MCE but DNRC may move it to another location for DNRC use with prior notification. The vehicle may be used for Deer Lodge Crew project work on MSP/MCE property or for other project work requested or authorized by DNRC. Incidental use to support MSP/MCE project work, such as traveling to Deer Lodge for supplies, is allowed. Operating costs will be paid by MSP/MCE for MSP/MCE projects or by DNRC for fire use or DNRC projects. Only the Fire Crew Supervisor or designee and DOC staff or DNRC employees may operate the vehicle.

8. All meals for the Deer Lodge Crew while on a fire assignment.

9. To perform further tasks as set forth in this Operating Plan.

   b) The Fire Crew Supervisor or designee and DOC staff will provide supervision of the inmates at all times.

   c) DNRC will provide adequate segregation of the Deer Lodge Crew and their belongings from all other fire fighters on the fire line and in fire camp. Whether segregation is adequate, in any context, is within the sole discretion of the Fire Crew Supervisor or designee and DOC staff.

Billable hours will include travel time to and from the assignment location, meals and breaks. DOC will be responsible for payment of regular time (work hours up to eight hours per day) wages of the Fire Crew Supervisor and DOC Staff.
