Other conditions relative to this agreement:

1. In accordance with the Montana Cooperative Fire Management and Stafford Act Agreement, 17-FI-11015600-010.

**Rationale for Cost Share:**

Resources may be needed to be prepositioned in the Northern Rockies, extended due to “Red Flag” conditions or current activity, or staged due to increased activity and/or severity. Often decisions must be made quickly to extend or move resources. Resources may be utilized or assigned to any agency across the geographical area. The Northern Rockies Operations Officer (or acting) and the Northern Rockies Coordination Center Manager (or acting) will determine which resources will be able to utilize this code. Examples of use of this code include staging type 1 crews for later assignment in Northern Rockies, relocating aircraft to the Northern Rockies, or extending daily tours of duty for smokejumpers or aircraft.

The costs will be split utilizing the 10-year average volume of business of the Northern Rockies Coordination Center for orders within the Northern Rockies.
