**The following language shall replace 3.1.6 Remain Overnight Allowance (RON):** This is not applicable for travel to and from an incident. Contractors are not paid per diem or lodging expenses to and from incidents. When the Government cannot provide a campsite or meals, and if pre-approved by the host unit, federal lodging rates for the continental United States (CONUS) for the location and calendar year incurred will be used to reimburse the Contractor for lodging expenses for each night the contractor must remain at the incident overnight. Individual room receipts are not required for reimbursement of lodging expenses. If the Vendor wants reimbursement for actual lodging costs (At the Federal CONUS Rate) including taxes and fees, individual room receipts will be required for cost documentation.

Contractors providing services under an Agreement, whether for severity or incident response, will be eligible for reimbursement. If the resource is allowed to return to its dispatch location during off-shift time, RON allowance is not authorized. Food and drink will be based on federal per diem rates.
