Late bids will not be opened and may be returned to the bidder at the expense of the bidder or destroyed if requested.

1.5.3 Bidder's Signature The solicitation must be signed in ink by an individual authorized to legally bind the business submitting the bid. The bidder's signature on a bid in response to this IFB guarantees that the bid has been established without collusion and without effort to preclude the State of Montana from obtaining the best possible supply or service.

1.5.5 Tax Identification Number (TIN) / Social Security Number (SSN)
All Contractors must furnish a tax identification number in the space provided on the bid submittal and return the W-9 (Attachment N). All Government agencies require a tax identification number in order to process payments.

1.6 CHANGE OR WITHDRAWAL OF BIDS

1.6.1 Change or Withdrawal PRIOR to Bid Opening Should any bidder desire to change or withdraw a bid prior to the scheduled opening, the bidder may do so by making such request in writing to the procurement officer listed in Section 1.3.1 above. This communication must be received prior to the date and hour of the bid opening by a request in writing or facsimile to the procurement officer (e-mail notices containing prices are not allowed and will be disqualified).

1.6.2 Change AFTER Bid Opening But Prior to Bid Award After bids are opened, they may not be changed except to correct patently obvious mistakes and minor variations as allowed by ARM 2.5.505. The bidder shall submit verification of the correct bid to the State prior to the final award by the State.

1.7 BID AWARDS

1.7.1 Basis for Award
The Government intends to award multiple Agreements; however, awards will only be made to those bidders offering a reasonable price and resources that are technically acceptable. Proposed pricing for ALL line items will be evaluated for reasonableness. At the discretion of the Government, vendors may be given an opportunity for re-submittal if their offer is determined as unreasonable. The end result of this IFB will be two separate geographic resource lists of prequalified Contractors by location and price for which they have agreed to furnish portable toilets and/or hand wash stations and related services.

See Section 2.3 Ordering/Dispatch Procedure for additional information.

Since the equipment needs of the Government and availability of Contractor's vehicles during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the resources listed herein to the extent the Contractor is willing and able at the time of order. The Government is not obligated to place nor is the Contractor obligated to accept an order under the agreement, but if an order is placed and accepted, all the terms and conditions set forth shall be met. The agreement(s) will not preclude the Government from using Agency or Agency Cooperator owned resources before using resources under the agreement. Due to the sporadic occurrence of Incident activity, the placement of any orders IS NOT GUARANTEED.

1.7.2 Rejection of Bids While the State has every intention to award an agreement as a result of this IFB, issuance of the IFB in no way constitutes a commitment by the State of Montana to award and execute a agreement. Upon a determination such actions would be in its best interest, the State, in its sole discretion, reserves the right to:

- Eliminate any bids which seem excessive compared to the average prices submitted in any given geographic area or excessive compared to commercially available items.
- Cancel or terminate this IFB (18-4-307, MCA)
- Waive any undesirable, inconsequential, or inconsistent provisions of this IFB which would not have significant impact on any bid (ARM 2.5.505); or
- If awarded, terminate any agreement if the State determines adequate state funds are not available (18-4-313, MCA).

1.8 Claims

Claims settlement is agency specific, and remains the responsibility of the incident agency

1.8.1 Federal Government Claims Unless limited by agency policy or the Agency Administrator, any Federal agency claim may be settled by a warranted Contracting Officer with appropriate delegated authority for that claim. Some agencies may require claims be reviewed by their legal department.

1.8.2 State of Montana Claims Claims arising under the jurisdiction of the State of Montana are negotiated by the responsible line officer or Agency Administrator. These individuals may delegate this authority to other DNRC employees. When possible, claims should be settled at the incident. SECTION 2: DISPATCH/DELIVERY REQUIREMENTS

2.0 DISPATCH/DELIVERY REQUIREMENTS

All equipment awarded under this IFB shall be located and dispatched through a Northern Rockies Dispatch Center. The Contractor will be listed on an established geographic resource list. When Contractor's resources are listed as unavailable, the resources will not be eligible for dispatch under this agreement.

2.1 AVAILABILITY

The Contractor will be listed on an established geographic resource list. When Contractor's resources are unavailable, the resources will not be eligible for dispatch under this agreement.

2.2 RELIABILITY

The Contractor shall provide dependable equipment that meets all applicable state and federal laws relating to motor vehicles and equipment.

The Government reserves the right to conduct inspections at any time. *See Item 2.5 Vehicle Inspections.*

2.3 ORDERING/DISPATCH PROCEDURE

The Government intends to dispatch Contractor resources based on geographic resource lists established from this solicitation. Orders will primarily come through Dispatch, although Buying Teams or other Government purchasers are authorized to place orders.

See Section 1.7.1 Basis for Award for additional information.

Orders will primarily come through Northern Rockies Dispatch centers, although Buying Teams or other Government purchasers within the Northern Rockies are authorized to place orders. Orders originating from out of the Northern Rockies Geographic Area are not allowed under the terms and conditions of this agreement.

The geographic resource list will identify Contractor resources, location and price. The Government ordering official (Dispatch, Local Office, etc.) will consult the geographic resource list when an incident occurs and choose the Contractor closest to the incident taking Contractor and mobilization costs into consideration. The ordering official will inform the Contractor of the location, quantity required and date and time needed. If that Contractor is unable to meet the requirements, the next closest Contractor will be contacted, etc. If possible, only one contractor will be utilized per incident at a time until the contractor runs out of units. The next time the service is required, the same process will be followed. The Government reserves the right to utilize vendors' resources in a manner that it deems to be in the best interest of the Government. Hosting agencies may establish dispatch priority lists, rotations, or response zones, but such arrangements are not required.

*Agencies will only place orders using the 24/7 contact number provided on the bid submittal form and request vehicles by indicating the type of vehicle needed, pick-up date and **anticipated** return date. During fire suppression, severity and all risk activities a return date may not be know).*

A given piece of equipment can be under hire to only one agency at a time.

NOTE: The States of Idaho and Montana reserve the right to select contractors who they (state officials) consider to be in their best interest. This may include contractors who did not participate in this solicitation.

The ordering Agency shall be listed on all documentation as the lessee not individuals assigned to pick up the vehicle.

An equipment resource order will be placed through the designated Dispatch Center by phone, fax or in person, by the incident requesting a vehicle. A resource order will be completed for each vehicle. The resource order will contain the initial date/time, incident/project name, incident/project order number, financial codes, descriptive location, etc. The Contractor is REQUIRED to provide a Contractor Inventory Number or VIN number that will identify the vehicle. This number plus the license plate number for the vehicle is REQUIRED to be given to the Dispatch Center to be listed on the resource order.

At the time of acceptance of the assignment, the following information will be given to the contractor:

- a. Resource Order Number
- b. Incident Order Number and Name of the Incident
- c. Date and Time to report to the Incident
- d. Descriptive location of the designated site where the Contractor shall meet a Government Representative. A map will be provided, if available.
- e. Incident contact phone number for further information

Prior to departing for the incident, the Contractor shall provide to Dispatch, the name of the person dispatched with the resources, if applicable, and the estimated time of departure (ETD) and estimated time of arrival (ETA) from the point of dispatch.

Dispatch offices may use a FAX or email to provide a hard copy of the resource order to the Contractor.

Contractor is REQUIRED to meet all date(s) and time(s) once an order has been accepted by the Contractor.

Resource orders are assigned for a specific incident. Vehicle rentals cannot move to other incidents with the same resource order. A new unique resource order number will be assigned for each incident.

2.4 WEAR AND TEAR

Equipment furnished under the agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but are not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. **As a result, by entering into this agreement, the Contractor agrees that what is considered wear and tear under the agreement may be in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment.**

For the purpose of the agreement, the term "wear and tear" shall include, but not be limited to:

- a. Brush scratches that can be buffed out on the body of the vehicle. Brush scratches deep enough to require repair that includes paint shall be considered outside of the scope of wear and tear.
- b. Punctures tears or destruction of tires and/or sidewalls due to rocks or sticks common to the working environment.
- c. Wear on the paint on the inner and outer surfaces of the vehicle, top, sides, rails, and tailgate; includes chips from flying rocks and minor bumps and dents.
- d. Clogged air filters, air ductwork and oil filters from dust.
- e. For equipment furnished under the agreement, the Government shall not be liable for loss, damage, or destruction of such equipment, except for loss, damage, or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment.
- f. In order to better monitor possible abuse of vehicles, the Government may also conduct cursory inspections on a daily basis.

All tires on the vehicles, including the full size spare tire, shall have sound sidewalls; body and tire tread depth of a minimum of 6/32. For the pickup category tires rated with Load Range E are recommended. For sport utility vehicle/SUV's tires with the Load Range D or E are recommended. For vehicles bid in the Special category for pickups with Load Range E tires, such vehicles must be delivered with load range E tires including the spare tire. Vehicles must be delivered with a matching spare tire commensurate with the tires installed on the vehicle Spare tires must be inflated and ready for service upon delivery.

2.4.2 Tire Replacement

In the event a tire has to be replaced, the Government will replace the tire with the same size but due to the exigency nature of the situation there will be no consideration to brand. The incident will then bill the cost of the tire back to the contractor.

2.4.3 Multiple States and Multiple Drivers within the Northern Rockies

Vehicles may be used in multiple states within the Northern Rockies Geographic area and may be operated by multiple drivers. The person picking up the vehicles or accepting delivery may not be the actual driver. The Government will assure only licensed drivers over 18 years of age will operate vehicle.

2.5 VEHICLE INSPECTION

Pre-season inspections will not be done.

All resources furnished under this agreement shall be in acceptable condition. The Government reserves the right to reject resources that are not in safe and operable condition. Prior to acceptance of any specific vehicle for incident use, the vehicle shall be inspected by the Government utilizing the Vehicle/Heavy Equipment Safety Inspection Checklist OF-296 to determine that it meets all of the terms, conditions and specifications set forth herein. (See *Attachment L - Vehicle/Heavy Equipment Safety Inspection Checklist OF-296*) The vehicle shall be safe (brakes, tires, headlights, turn indicators, etc.), and in good mechanical condition at the time of the pre-use inspection and all vehicles tires must have a minimum tire tread depth of 6/32 inches. Vehicles shall also be equipped with a full size spare tire, wheel wrench, and jack.

The inspections will take place either at the location of the Dispatch office placing the order or at the location of the incident camp. This will depend upon logistical considerations at the time of hire. **All vehicles transported via car carrier or delivered will be inspected at the incident camp.**

Vehicles that fail the inspection or fail to comply with applicable laws such as **exceeding gross vehicle weight rating (GVWR)** for the capacity offered, dyed diesel fuel; etc shall be rejected. Equipment may be re-inspected after repairs or other reasons for the failed inspection are rectified. Contractors may not attempt to find another federal or state agency to inspect failed equipment without discussing the circumstances with the affected hiring agency. (See *Attachment L - Vehicle/ Heavy Equipment Safety Inspection Checklist OF-296.*)

If the resource does not pass inspection at the incident or designated inspection point, it is considered non-compliant. The Contractor may be given 24 hours or a time frame designated by Government representatives to bring the resource into compliance. If the resource does not pass inspection, no payment will be made for travel to the incident or point of inspection or return to the point of hire, or for the time that the resource was not available. Upon rejection, resource will be removed from the geographic resource list until such time that the resource is brought into compliance and re-inspected at the Government's convenience. Repeated failures at the pre-use incident inspection may be grounds for cancellation of the agreement. The Contractor shall not have any claims or payments due for equipment rejected or for not meeting the specifications/requirements contained herein.

If a reassignment is to occur, a post use inspection by the sending incident as well as a pre-use inspection by the receiving incident must be completed and documented on the OF-296 pre/release inspection report.

- All vehicles shall have a pre/release inspection report (OF-296).
- Original inspection report (OF-296) should stay with the host agency.
- A copy of the inspection report (OF-296) will be given to the contractor at the time of release.
- A copy of the inspection report (OF-296) shall be included with all vehicles that are re-assigned.
- A new inspection report shall be filled out for re-assignments.

2.6 VEHICLE RELEASE

Once released from the incident, the vehicle must be returned to the applicable rental agency unless properly transferred to a new incident. Vehicles must be resource ordered through normal dispatch and ordering procedures. A vehicle release form should be completed and remain with the payment package, a copy will reside with the incident file. *(See Attachment M - Vehicle Release Form required)*

2.6.1 Vehicle returns

SECTION 3: SPECIAL TERMS AND CONDITIONS

3.0 AGREEMENT TERMINATION/NONCOMPLIANCE

3.0.1 Termination for Cause The State may, by written notice to the Contractor, terminate this agreement in whole or in part at any time the Contractor fails to perform under this agreement.

Bidders who do not meet this criterion may be disqualified from further consideration. A bidder must state if they are unable or unwilling to meet any requirement. Inability or unwillingness to meet any requirement, in part or total, may be cause for disqualification of the entire response. Any exceptions taken by the bidder must be clearly identified on the bid forms.

4.1 PURPOSE

4.1.1 Purpose The purpose of this IFB and resulting agreements is to establish terms, conditions and specifications for Incident Vehicle Rentals in support of fire suppression, severity and all risk incidents activities for multiple federal and state agencies throughout the Northern Rockies Geographic Area. This solicitation is not intended to be used for procurement of vehicles for transportation to and from an incident or outside the Northern Rockies Geographic Area. The purpose is to provide mainly off-road capable vehicles and vehicles to provide ON incident transportation. For the procurement of vehicles for on road transportation to and from an incident or outside the Northern Rockies Geographic Area please utilize locally established procurement methods (i.e. travel or purchase card, BPA's, etc).

See Sections 1.7.1 Basis for Award and 2.3 Ordering/Dispatch Procedure for additional information.

A given piece of equipment can be under hire to only one agency at a time.

ALL VEHICLES SHALL BE LICENSED (LICENSE PLATES OR TEMPORARY TAGS) TO LEGALLY OPERATE ON ALL ROADS.

4.2 Pricing

The Government intends to award multiple Agreements; however, awards will only be made to those bidders offering a reasonable price and resources that are technically acceptable. Proposed pricing for ALL line items will be evaluated for reasonableness. Reasonable price technically acceptable will be the basis for award.

In order to be considered to receive an agreement, contractors must submit terms and conditions and a daily rate (24 hour day) pricing and meet the minimum requirements stated in the bid document. The daily rate shall include licensing, cleaning fee, mileage allowance, any refueling needed upon return, and **include all taxes and use fees. NO MILEAGE CHARGES WILL BE ALLOWED UNDER THIS SOLICITATION.** The Government will make every effort to return the fuel tank full, but there are times that this is not possible. ***Equipment furnished under this agreement is not subject to pro-rating on the first or last day.***

NEW FOR 2014 - Delivery/Return rate- For vendors who offer delivery for vehicles, a delivery rate shall be specified on the bid form in the column created by Box 15 "Special" Rate. This delivery rate(s) will be added to the invoice for the day of delivery. In addition this special rate can be utilized as a return rate for a vendor to pick up the vehicle after the using agency has demobilized the vehicle. The rate(s) shall include all applicable costs to deliver the vehicle. Vehicles ordered under this option shall be delivered to the agency per the specifications contained in this solicitation.

Pricing for the vendor to provide a car carrier, with operator(s), for times when multiple vehicles are needed for an incident may be submitted. This price should reflect a loaded mileage rate. Vehicles transported via car carrier will be inspected at the incident. Car carriers will not be inspected but must meet DOT requirements.

Special category for 4x4 pickups which are required to have Load Range E tires. Please supply a price ONLY if you can provide pickups with Load Range E tires. Vehicles with Load Range E tires will only be paid at the Special Category rate if the ordering office or incident places the order for a vehicle with Load Range E tires.

These changes will make it possible for incident management teams to close out the invoices at the incident for all Northern Rockies fire rental vehicles when the RELEASE DATE is known prior to the IMT demob. Resources furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into this agreement, the Contractor agrees that what is considered wear and tear (see 2.4 *Wear and Tear*) under this agreement is in excess of what the resource is subjected to under normal operations and is reflected in the rates paid for the resource.

4.3 TECHNICAL SPECIFICATIONS

4.3.1 Cleanliness & Fuel

All vehicles will be provided to the Government cleaned on the interior and washed on the exterior, along with a full tank of gas and the windshield washer fluid reservoir full. Cleaning fee is to be included in the Daily rate.

4.3.2 Locations

All vendor locations must be located within the Northern Rockies Geographic area. Bids submitted for vehicles outside of the Northern Rockies will not be allowed. Contractors with multiple locations in the Northern Rockies shall submit a separate bid form for each location, including 24/7 contact information. Vehicles will be returned to location specified on the bid form. Instructions for after hours returns must be included on the bid form including key drop box location.

4.3.3 Keys

Vehicles shall be delivered with only one set of keys. The vendor is solely responsible for extra key sets delivered to the incident and the ordering incident agency is not responsible for extra sets of keys delivered.

4.3.4 Towing

Vehicles under this solicitation shall not to be utilized as a towing vehicle regardless if a tow package is present on the vehicle or not. If a tow vehicle is need for a specific incident, agencies shall utilize an incident specific agreement (i.e. EERA, BPA, or other local agency procurement method) to procure a properly equipped towing vehicle if an agency tow vehicle is not available.

4.4 PAYMENTS

Payment will be made on the basis of calendar days (0001-2400). The Host Agency for each incident is responsible for payments. The payment office will be designated in block 9 on the Emergency Equipment Use Invoice, Form OF-286. ***Equipment furnished under this agreement is not subject to pro-rating on the first or last day.***

Time under hire shall start at the time the resource begins traveling (point of hire) to the incident after being ordered by the Government (not at the time of dispatch), and end at the estimated time of arrival back to the point of hire after being released.

Payment will be paid based upon the equipment ordered as documented on the resource order. Vehicles with additional attributes that were not ordered will not be compensated.

Only one daily rate shall be paid per day per vehicle no matter if the vehicle is reassigned. In the case of a reassignment the incident the vehicle is reassigned to is responsible for the daily rate for the day that the reassignment occurs. In the case a vehicle is returned and later reordered that same day, the vehicle will only be paid one daily rate.

No Credit Card will be given when a vehicle is picked up. (Even if an individual is to pick up the vehicle) This will be paid by an invoice and credit cards are not to be accepted.

4.5 TIMEKEEPING/INVOICING PROCESS

It is the Contractors responsibility to provide the Government with a commercial invoice at the time of delivery that must identify the fire name, the resource order number and the Contractor Inventory Number and a license plate number for each vehicle. All this information will be used on the Emergency Equipment Use Invoice (OF-286).

For billing purposes, vehicle use will be tracked using an Emergency Equipment Use Invoice (OF-286) which will record the resource order, incident number, the incident name, the beginning and ending dates of the rental period for each order plus other pertinent information. The Emergency Equipment Use Invoice (OF-286) along with the Vehicle/ Heavy Equipment Safety Inspection Checklist (OF-296) (release inspection) form, both of which will be signed by the contractor when the vehicle is returned, will be submitted to the equipment time recorder or the **ordering agency** for payment. **This process shall be completed before any vehicle is sent to another incident. A copy of the inspection report (OF-296), including the release inspection, shall be included with all packets upon re-assignment.**

It is the responsibility of incident personnel to fill out the shift tickets and turn them into the Finance Unit or designated representative who will post the equipment time to an Emergency Equipment Use Invoice, OF-286. Incident personnel that are renting vehicles individually are responsible to provide the Contractor Inventory Number and a license plate number for each vehicle to Dispatch for the resource order. All this information will be used on the Emergency Equipment Use Invoice, OF-286.

When the resource is released to return to the Host Dispatch Center, the Finance Unit will close out the Invoice. The incident will submit a payment package, including all signed originals of the Emergency Equipment Use Invoice OF-286, Emergency Equipment Shift Tickets OF-297, and inspection form and copy of resource order to the designated payment office.

4.6 ORDER CANCELLATION

Order cancellation, enroute. If the order is cancelled after the resource order has been confirmed, and the resource is enroute, the resource is considered mobilized. Payment will be made by the Host Agency in accordance with sections 4.4, 4.5, 4.6 and 4.7.

4.7 EXCEPTIONS

- a. No further payment will accrue during any period that the resource under hire is not in a safe or operable condition or it is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the resource was operational during the assigned shift, as documented on the shift ticket versus the designated shift, as shown on the Incident Action Plan.
- b. If the Contractor withdraws resources prior to being released by the Government, no further payment shall accrue and the Contractor shall bear all costs of returning resources to the point of hire.
- c. After inspection and acceptance for use, resources that cannot be replaced or be repaired at the site of work by the Contractor, may be considered withdrawn by the Contractor in accordance with Item b. above, except that the Government will bear all costs of returning resources and/or operators to the point of hire as promptly as emergency conditions will allow.
- d. Deductions - unless specifically stated elsewhere in this agreement, the cost of any supplies, materials, or services provided for the Contractor by the Government will be deducted from the payment to the Contractor.

4.8 VEHICLE LICENSING REQUIREMENTS

All Units offered and used under this agreement shall be **licensed and legally operable on all roads**. All units with a Gross Vehicle Weight Rating (GVWR) greater than 10,001 pounds shall have: a) US Department of Transportation (USDOT) number; and b) annual USDOT certified vehicle inspection; or c) Commercial Motor Vehicle Safety Alliance Inspection (49 CFR 396.23).

4.8.1 Prohibited Marking

Federal regulations prohibit the use of official agency shields or markings on private vehicles or property.

GENERAL CLAUSES TO EMERGENCY EQUIPMENT RENTAL
AGREEMENT FORM OF-294 (2006 TEST FORM)

Since the equipment needs of the Government and availability of Contractor's equipment during an emergency cannot be determined in advance, it is mutually agreed that, upon request of the Government, the Contractor shall furnish the equipment listed herein to the extent the Contractor is willing and able at the time of order. The following personnel are authorized to place orders against this agreement, Dispatchers, Buying Team Members, Finance Section Chiefs, Procurement Unit Leaders, Contracting Officers and Purchasing Agents. At time of dispatch, a resource order number will be assigned. The Contractor shall furnish the assigned resource order number upon arrival and check in at the incident. The Incident Commander or responsible Government Representative is authorized to administer the technical aspects of this agreement. Equipment furnished under this agreement may be operated and subjected to extreme environmental and/or strenuous operating conditions which could include but is not limited to unimproved roads, steep, rocky, hilly terrain, dust, heat, and smoky conditions. As a result, by entering into this agreement, the contractor agrees that what is considered wear and tear under this agreement is in excess of what the equipment is subjected to under normal operations and is reflected in the rates paid for the equipment. When such equipment is furnished to the Government, the following clauses shall apply:

CLAUSE 1. Condition of Equipment: All equipment furnished under this agreement shall be in acceptable condition. The Government reserves the right to reject equipment that is not in safe and operable condition. The Government may allow the Contractor to correct deficiencies within 24 hours. No payment for travel to an Incident or point of inspection, or return to the point of hire, will be made for equipment that does not pass inspection. No payment will be made for time that the equipment was not available.

CLAUSE 2. Time Under Hire: The time under hire shall start at the time the equipment begins traveling to the incident after being ordered by the Government, and end at the estimated time of arrival back to the point of hire after being released, except as provided in Clause 7 of these General Clauses.

CLAUSE 3. Operating Supplies: As identified in Block 7, operating supplies include fuel, oil, filters, lube/oil changes. Even though Block 7 may specify that all operating supplies are to be furnished by the Contractor (*wet*), the Government may, at its option, elect to furnish such supplies when necessary to keep the equipment operating. The cost of such supplies will be determined by the Government and deducted from payment to the Contractor.

CLAUSE 4. Repairs: Repairs to equipment shall be made and paid for by the Contractor. The Government may, at its option, elect to make such repairs when necessary to keep the equipment operating. The cost of such repairs will be determined by the Government and deducted from payment to the contractor.

CLAUSE 5. Timekeeping: Time will be verified and approved by the Government Agent responsible for ordering and/or directing use of each piece of equipment. Time will be recorded to the nearest quarter hour worked for daily/hourly rate, or whole mile for mileage.

CLAUSE 6. Payments

a. Rates of Payments - Rates for equipment hired with Contractor Furnished operator(s) shall include all operator(s) expenses. Payment will be at rates specified and, except as provided in Clause 7, shall be in accordance with the following:

1. **Work Rates** (column 13) (hourly/daily/mileage/shift basis) shall apply when equipment is under hire as ordered by the Government and on shift, including relocation of equipment under its own power.

ON-SHIFT: Includes time worked, time that equipment is held or directed to be in a state of readiness, and

compensable travel (equipment traveling under its own power) that has a specific start and ending time.

2. **Special Rates** (column 14) shall apply when specified.
3. **Guarantee.** For each calendar day that equipment is under hire for at least 8 hours, the Government will pay not less than the amount shown in column 15. If equipment is under hire for less than 8 hours during a calendar day, the amount earned for that day will be not less than one-half the amount specified in column 15. The guarantee is not applicable to equipment hired under the Daily rate. Equipment under transport is time under hire and compensated through the Guarantee. If equipment is transported under its own power, it is compensated under the Work rate.
4. **Daily Rate** (column 13) - Payment will be made on basis of calendar days (0001 – 2400). For fractional days at the beginning and ending of time under hire, payment will be based on 50 percent of the Daily Rate for periods less than 8 hours. Under the daily rate equipment may be staffed with or without operator.

(a) Shift Basis (Portion of calendar day)

- 1) **Single Shift** - (SS) is staffed with one operator or one crew
- 2) **Double Shift** - (DS) is staffed with two operators or two crews (one per shift). The DS rate will apply any calendar day the DS was under hire, including travel. There will be no compensation for a double shift unless a separate operator(s) and or crew(s) is/are ordered in writing for the second shift.
- 3) Agency personnel at the Section Chief Level may, by resource order, authorize a second operator or crew (Double Shift), if needed during the assignment.

b. Method of Payment. Lump-sum payment will normally be processed at the end of the emergency assignment. However, partial payment may be authorized as approved by the incident agency. Payment for each calendar day will be made for (1) actual units ordered and performed under Work or Daily, shift basis and/or Special rates or (2) the guarantee earned, whichever is the greater amount.

CLAUSE 7. Exceptions

a. Daily Rate or Guarantee: No further payment under Clause 6 will accrue during any period that equipment under hire is not in a safe or operable condition or when Contractor furnished operator(s) is not available for the assigned shift or portions of the assigned shift. Payment will be based on the hours the equipment was operational during the assigned shift, as documented on the shift ticket versus the designated shift shown on the Incident Action Plan. If the equipment was not operational for the full shift, the deduction from the daily rate is calculated by converting the length of shift from the IAP to determine the hourly rate and pay the contractor for the total hours worked before equipment became nonoperational.

b. If the Contractor withdraws equipment and/or operator(s) prior to being released by the Government, no further payment under Clause 6 shall accrue and the Contractor shall bear all costs of returning equipment and/or operator(s) to the point of hire.

c. After inspection and acceptance for use, equipment and/or furnished operator(s) that cannot be replaced or equipment that cannot be repaired at the site of work by the Contractor or by the Government in accordance with Clause 4, within 24 hours, may be considered as being withdrawn by the Contractor in accordance with Paragraph B above, except that the Government will bear all costs of returning equipment and/or operator(s) to the point of hire as promptly as emergency conditions will allow.

d. No payment will accrue under Clause 6 when the contractor is off shift in compliance with the mandatory "Work/Rest" and "Length of Commitment" provisions. As an option to rotating personnel, or taking a mandatory day off, without pay, the contractor may be released from the incident.

CLAUSE 8. Subsistence: When Government subsistence incident camps are available, meals and bedding for Contractor's operator(s) will be furnished without charge. Government will furnish meals and lodging without cost if hotel/restaurant subsistence is the approved

camp for incident personnel. Double occupancy of hotel rooms may be required. Contractors are not paid per diem or lodging expenses to and from incidents.

CLAUSE 9. Loss, Damage, or Destruction:

(a) For equipment furnished under this EERA **without** operator, the Government will assume liability for any loss, damage or destruction of such equipment, except that no reimbursement will be made for loss, damage or destruction due to (1) ordinary wear or tear, (2) mechanical failure, or (3) the fault or negligence of the Contractor or the Contractor's agents or employees or Government employee owned and operated equipment.

(b) For equipment furnished under this EERA **with** operator, the Government shall not be liable for any loss, damage or destruction of such equipment, except for loss, damage or destruction resulting from the negligence, or wrongful act(s) of Government employee(s) while acting within the scope of their employment. The operator is responsible for operating the equipment within its operating limits and responsible for safety of the equipment.

CLAUSE 10. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

**** UNIFORM ALLOWANCE ****

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without

cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of \$3.35 per week (or \$.67 cents per day). However, in those instances where the uniforms furnished are made of "wash and wear" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

The duties of employees under job titles listed are those described in the "Service Contract Act Directory of Occupations", Fifth Edition, April 2006, unless otherwise indicated. Copies of the Directory are available on the Internet. A link to the Directory may be found on the WHD home page at <http://www.dol.gov/whd/> and through the Wage Determinations On-Line (WDOL) Web site at <http://wdol.gov/>.

REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE {Standard Form 1444 (SF 1444)}

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed classes of employees shall be paid the monetary wages and furnished the fringe benefits as are determined. Such conforming process shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees. The conformed classification, wage rate, and/or fringe benefits shall be retroactive to the commencement date of the contract. {See Section 4.6 (C)(vi)} When multiple wage determinations are included in a contract, a separate SF 1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

- 1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).
- 2) After contract award, the contractor prepares a written report listing in order proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.
- 3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, for review. (See section 4.6(b)(2) of Regulations 29 CFR Part 4).
- 4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour decision to the contractor.

6) The contractor informs the affected employees.

Information required by the Regulations must be submitted on SF 1444 or bond paper.

When preparing a conformance request, the "Service Contract Act Directory of Occupations" (the Directory) should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination.

**** OCCUPATIONS NOT INCLUDED IN THE SCA DIRECTORY OF OCCUPATIONS ****

HARASSMENT FREE WORKPLACE POLICY

POLICY: The National policy states: The Forest Service will not tolerate harassment based on race, national origin, religion, age, mental or physical disability, color, sex, or any other non-merit factors.

The Forest Service strives for a harassment-free work environment where people treat one another with respect. Managers, supervisors, and all employees, as well as our contractors, cooperators and volunteers have the primary responsibility for creating and sustaining this harassment-free environment (by example, by job supervision, by coaching, by training, by contract enforcement, and by other means). All employees, contractor personnel, and visitors must take personal responsibility for maintaining conduct that is professional and supportive of this environment.

ACTION REQUIRED: Managers and supervisors must take immediate action to stop harassment (or any other inappropriate behavior), to protect the people targeted and to take all reasonable steps to ensure that no further harassment or retaliation occurs. Employees who witness harassment should report it to the proper authority.

LOCATIONS COVERED: The contractors work environment covers any area where employees work or where work-related activities occur including travel. This includes field sites, incident bases, staging areas, firelines, government buildings and other facilities such as fitness centers and campgrounds. Also included are vehicles or other conveyances used for travel.

WHAT HARASSMENT IS: Harassment is coercive or repeated, unsolicited and unwelcome verbal comments, gestures or physical contacts and includes retaliation for confronting or reporting harassment. Examples of harassment include, but are not limited to, the following:

Physical conduct: Unwelcome touching, standing too close, inappropriate or threatening staring or glaring obscene, threatening, or offensive gestures.

Verbal or written conduct: Inappropriate references to body parts, derogatory or demeaning comments, jokes, or personal questions; sexual innuendoes; offensive remarks about race, gender, religion, age, ethnicity, sexual orientation, political beliefs, marital status, or disability; obscene letters or telephone calls; catcalls; whistles; sexually suggestive sounds; loud, aggressive, inappropriate comments or other verbal abuse.

Visual, Graphic or Pictorial Displays: Display of nude pictures, scantily-clad, or offensively-clad people; display of intimidating or offensive religious, political, or other symbols; display or offensive, threatening, demeaning, or derogatory drawings, cartoons, or other graphics; offensive T-shirts, coffee mugs, bumper stickers in locations covered above or other articles. Individuals who believe they are being harassed or retaliated against should exercise any one or more of the following options as soon as possible:

- Tell the harasser to stop the offensive conduct; and/or
- Tell a manager or supervisor about the conduct; and/or
- Contact your Procurement Unit Leader, Contracting Officer, a special Emphasis Program Manager, or any other individual you trust who would take action.

In addition, you may seek help from the Human Resource Specialist on the incident.

INCIDENT ORDER/PROJECT NUMBER / AGENCY CONTACT INFORMATION

Box 3 on the Resource Order contains an *INCIDENT/PROJECT ORDER NUMBER*. This number is typically the Host Agency incident number, although not always if the incident has crossed jurisdictions, become a cost share or FEMA incident. This number will help in determining the correct person to contact with financial questions.

For Example:

MT-LNF-000035

- **MT** acronym for Montana
- **LNF** is the 3 letter designator for the Lolo National Forest
 - **F** at the end stands for Forest, USFS responsibility
 - **D** at the end stands for District, BLM responsibility
 - **A** at the end stands for Agency, typically BIA responsibility
 - **S** at the end stands for State, State responsibility
 - **P** at the end stands for Park, National Park Service responsibility
- **000035** is the incident number, unique to that incident

Generally, knowing the state the incident happened in and the 3 letter forest, district, etc. designator will identify the agency you need to contact. Below is an agency list with most 3 letter designators listed for identification.

State of Montana Standard Terms and Conditions

By submitting a response to this invitation for bid, request for proposal, limited solicitation, or acceptance of a contract, the vendor agrees to acceptance of the following Standard Terms and Conditions and any other provisions that are specific to this solicitation or contract.

ACCEPTANCE/REJECTION OF BIDS, PROPOSALS, OR LIMITED SOLICITATION RESPONSES:

The State reserves the right to accept or reject any or all bids, proposals, or limited solicitation responses, wholly or in part, and to make awards in any manner deemed in the best interest of the State. Bids, proposals, and limited solicitation responses will be firm for 30 days, unless stated otherwise in the text of the invitation for bid, request for proposal, or limited solicitation.

ACCESS AND RETENTION OF RECORDS: The contractor agrees to provide the department, Legislative Auditor, or their authorized agents, access to any records necessary to determine contract compliance. (Section 18-1-118, MCA). The contractor agrees to create and retain records supporting the services rendered or supplies delivered for a period of three years after either the completion date of the contract or the conclusion of any claim, litigation, or exception relating to the contract taken by the State of Montana or third party.

ALTERATION OF SOLICITATION DOCUMENT: In the event of inconsistencies or contradictions between language contained in the State's solicitation document and a vendor's response, the language contained in the State's original solicitation document will prevail. Intentional manipulation and/or alteration of solicitation document language will result in the vendor's disqualification and possible debarment.

ASSIGNMENT, TRANSFER AND SUBCONTRACTING: The contractor shall not assign, transfer or subcontract any portion of the contract without the express written consent of the department. (Section 18-4-141, MCA.)

AUTHORITY: The attached bid, request for proposal, limited solicitation, or contract is issued under authority of Title 18, Montana Code Annotated, and the Administrative Rules of Montana, Title 2, chapter 5.

COMPLIANCE WITH LAWS: The contractor must, in performance of work under the contract, fully comply with all applicable federal, state, or local laws, rules and regulations, including the Montana Human Rights Act, the Civil Rights Act of 1964, the Age Discrimination Act of 1975, the Americans with Disabilities Act of 1990, and Section 504 of the Rehabilitation Act of 1973. Any subletting or subcontracting by the contractor subjects subcontractors to the same provision. In accordance with section 49-3-207, MCA, the contractor agrees that the hiring of persons to perform the contract will be made on the basis of merit and qualifications and there will be no discrimination based upon race, color, religion, creed, political ideas, sex, age, marital status, physical or mental disability, or national origin by the persons performing the contract.

CONFORMANCE WITH CONTRACT: No alteration of the terms, conditions, delivery, price, quality, quantities, or specifications of the contract shall be granted without prior written consent of the State

Procurement Bureau. Supplies delivered which do not conform to the contract terms, conditions, and specifications may be rejected and returned at the contractor's expense.

DEBARMENT: The contractor certifies, by submitting this bid or proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction (contract) by any governmental department or agency. If the contractor cannot certify this statement, attach a written explanation for review by the State.

DISABILITY ACCOMMODATIONS: The State of Montana does not discriminate on the basis of disability in admission to, access to, or operations of its programs, services, or activities. Individuals who need aids, alternative document formats, or services for effective communications or other disability related accommodations in the programs and services offered are invited to make their needs and preferences known to this office. Interested parties should provide as much advance notice as possible.

FACSIMILE RESPONSES: Facsimile responses will be accepted ONLY on an exception basis with prior approval of the procurement officer AND if they are completely received by the DNRC FSO Bureau prior to the time set for receipt. Bids, or portions thereof, received after the due time will not be considered.

FAILURE TO HONOR BID/PROPOSAL: If a offeror to whom a contract is awarded refuses to accept the award (PO/contract) or fails to deliver in accordance with the contract terms and conditions, the department may, in its discretion, suspend the offeror for a period of time from entering into any contracts with the State of Montana.

FORCE MAJEURE: Neither party shall be responsible for failure to fulfill its obligations due to causes beyond its reasonable control, including without limitation, acts or omissions of government or military authority, acts of God, materials shortages, transportation delays, fires, floods, labor disturbances, riots, wars, terrorist acts, or any other causes, directly or indirectly beyond the reasonable control of the nonperforming party, so long as such party is using its best efforts to remedy such failure or delays.

HOLD HARMLESS/INDEMNIFICATION: The contractor agrees to protect, defend, and save the State, its elected and appointed officials, agents, and employees, while acting within the scope of their duties as such, harmless from and against all claims, demands, causes of action of any kind or character, including the cost of defense thereof, arising in favor of the contractor's employees or third parties on account of bodily or personal injuries, death, or damage to property arising out of services performed or omissions of services or in any way resulting from the acts or omissions of the contractor and/or its agents, employees, representatives, assigns, subcontractors, except the sole negligence of the State, under this agreement.

LATE BIDS AND PROPOSALS: Regardless of cause, late bids and proposals will not be accepted and will automatically be disqualified from further consideration. It shall be solely the vendor's risk to ensure delivery at the designated office by the designated time. Late bids and proposals will not be opened and may be returned to the vendor at the expense of the vendor or destroyed if requested.

PAYMENT TERM: All payment terms will be computed from the date of delivery of supplies or services OR receipt of a properly executed invoice, whichever is later. Unless otherwise noted in the solicitation document, the State is allowed 30 days to pay such invoices. All contractors will be

required to provide banking information at the time of contract execution in order to facilitate State electronic funds transfer payments.

RECIPROCAL PREFERENCE: The State of Montana applies a reciprocal preference against a vendor submitting a bid from a state or country that grants a residency preference to its resident businesses. A reciprocal preference is only applied to an invitation for bid for supplies or an invitation for bid for non-construction services for public works as defined in section 18-2-401(9), MCA, and then only if federal funds are not involved. For a list of states that grant resident preference, see <http://gsd.mt.gov/ProcurementServices/preferences.mcpX>.

REDUCTION OF FUNDING: The State must terminate this contract if funds are not appropriated or otherwise made available to support the State's continuation of performance in a subsequent fiscal period. (See section 18-4-313(4), MCA.)

REFERENCE TO CONTRACT: The contract or purchase order number **MUST** appear on all invoices, packing lists, packages, and correspondence pertaining to the contract.

REGISTRATION WITH THE SECRETARY OF STATE: Any business intending to transact business in Montana must register with the Secretary of State. Businesses that are incorporated in another state or country, but which are conducting activity in Montana, must determine whether they are transacting business in Montana in accordance with sections 35-1-1026 and 35-8-1001, MCA. Such businesses may want to obtain the guidance of their attorney or accountant to determine whether their activity is considered transacting business.

If businesses determine that they are transacting business in Montana, they must register with the Secretary of State and obtain a certificate of authority to demonstrate that they are in good standing in Montana. To obtain registration materials, call the Office of the Secretary of State at (406) 444-3665, or visit their website at <http://sos.mt.gov>.

SEPARABILITY CLAUSE: A declaration by any court, or any other binding legal source, that any provision of the contract is illegal and void shall not affect the legality and enforceability of any other provision of the contract, unless the provisions are mutually dependent.

SHIPPING: Supplies shall be shipped prepaid, F.O.B. Destination, unless the contract specifies otherwise.

SOLICITATION DOCUMENT EXAMINATION: Vendors shall promptly notify the State of any ambiguity, inconsistency, or error which they may discover upon examination of a solicitation document.

TECHNOLOGY ACCESS FOR BLIND OR VISUALLY IMPAIRED: Contractor acknowledges that no state funds may be expended for the purchase of information technology equipment and software for use by employees, program participants, or members of the public unless it provides blind or visually impaired individuals with access, including interactive use of the equipment and services, that is equivalent to that provided to individuals who are not blind or visually impaired. (Section 18-5-603, MCA.) Contact the State Procurement Bureau at (406) 444-2575 for more information concerning non-visual access standards.

TERMINATION OF CONTRACT: Unless otherwise stated, the State may, by written notice to the contractor, terminate the contract in whole or in part at any time the contractor fails to perform the contract.
