COST SHARE AGREEMENT
Between the
MONTANA DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION
US FOREST SERVICE
And the
MONTANA DEPARTMENT OF NATURAL RESOURCES
SOUTHWESTERN LAND OFFICE

This cost share agreement is between the agencies identified above, as negotiated for the following incident in accordance with the Statewide Cooperative Fire Protection Agreement #11-FI-110156000-006 executed between the parties on February 17, 2011. The purpose of this agreement is to provide for a coordinated cooperative fire suppression operation on this fire and to describe the cost division.

General Incident Information:

Incident Name: Colorado Gulch Fire
Incident Start Date and Time: August 22, 2016
Estimated Size: Acres at the time of this agreement: 16.06
Incident Cause: Power Line

Incident Numbers by Protection Agency:

Cost Share Period: This agreement becomes effective on the date indicated below and will remain in effect until amended or terminated.

State date: 8/22/2016
End date: 10/05/2016
Other conditions relative to this agreement:

1. Costs incurred by cooperators not engaged with the host agency or IMT in the fire suppression activities will not be included as a part of this cost share agreement.
2. Responsibility for tort claim costs will not be a part of this agreement. Responsibility for these costs will be determined outside this agreement.
3. Costs for accountable, sensitive, and durable property purchased by each agency will be charged directly to that agency and will not be shared.
4. Non-suppression rehabilitation costs are the responsibility of the jurisdictional agency and will not be shared.
5. Each agency will bill for their costs as outlined in the 11-FI-110156000-006 Cooperative Fire Agreement billing procedures.

Cost Share Methodology:

The cost share will be based on a percentage of protection responsibility acres within the area defined by the final fire boundary on the date the fire is declared out. The costs to be shared include all costs associated with the management of the incident, including structure protection. The decision was made to use the actual acreage burned in each agency’s protection responsibility because of equal effort expended on all areas of the incident.

Final Agency Apportionment:

1. Federal Share:
   a. USFS 96%

2. State Share:
   a. MT DNRC 4%
