Cost Share Period: 2016 Fire Season

Other conditions relative to this agreement:

1. In accordance with the Montana Cooperative Fire Management and Stafford Act Agreement, 11-Fi-11015600-006.
2. In accordance with the Idaho Cooperative Fire Protection and Stafford Act Agreement, 07-Fi-11015600-087.
Rationale for Cost Share:

Resources were shared to expand the normal workforce at the Northern Rockies Coordination Center (NRCC) due to increases in workload as the season became more active. This is equated to an Expanded Dispatch.

The Northern Rockies Coordination Center Manager (or acting) in coordination with the Northern Rockies Operations Officer determined when additional resources were needed to help run an effective coordination center based on increased workloads above the standard workforce. This cost share was not to be used to bring the coordination center up to the standard workforce or for detailers filling for pre-established positions. Examples of resources needed include IR interpreter, Airspace Coordinator, Frequency Coordinator, FBAN, PIO (above normal assistance), MAC Coordinator, MAC Support, IARR, National Guard Liaison, or other desk support (Crew desk, etc.). The established number was not used by other dispatch centers.

The costs will be split utilizing the 10-year average volume of business of the Northern Rockies Coordination Center for orders within the Northern Rockies.

Final Agency Apportionment:

1. Federal Share:
   a. USFS  63%
   b. BLM  5%
   c. FWS  1%
   d. NPS  4%
   e. BIA  7%

2. State Share:
