

## NOTICE OF SALE

### Department of Natural Resources & Conservation Timber Sale

The Helmville South Sale is located within Section 16, T12N-R11W on the State's Anaconda Unit. Approximately 11,300 tons, consisting primarily of Douglas-fir sawlogs, are offered for sale.

Sealed bids will be opened at the Department of Natural Resources & Conservation, 2705 Spurgin Road, Missoula, Montana on **September 21, 2016 at 2:00 p.m.** Bids may be hand delivered or mailed and will be accepted any time prior to the bid opening. **DNRC recommends that bidders contact the Trust Land Management Division (406-542-4300) prior to the bid opening to ensure that your bid has been received.** Bids must be accompanied by a deposit of **\$7,865.00**, representing 5% of the minimum bid value of the sale in cashier's check, certified check, bank money order or bank draft to be applied to the stumpage for the successful bidder. Bid bonds will be accepted and, for the successful bidder, will be closed upon execution of the Timber Sale Contract and Timber Sale Bond.

The sale will be awarded to the highest responsible bidder. If the successful bidder is unable to execute the contract within **30** calendar days from the date the sale is awarded, the bid deposit will be retained by the Department as liquidated damages. The right is reserved to reject any or all bids.

Prospective bidders can obtain the sale prospectus, sale contract and bid forms from the Department of Natural Resources & Conservation, Trust Land Management Division, in Missoula (406-542-4300), the Southwestern Land Office, in Missoula (406-542-4200), or the Anaconda Unit office in Anaconda, MT. (406-563-6078).

Visit our website at <http://dnrc.mt.gov/divisions/trust/forest-management/timber-sale-information> for upcoming sales and bid results.

**General Bidding Information**

1. Bids must be submitted on standard Department of Natural Resources & Conservation (Dept) bid forms.
2. Timber will be sold to the highest responsible bidder; however, the Dept reserves the right to reject any or all bids.
3. The Dept recommends that bidders contact the Forest Management Bureau, Trust Land Management Division (542-4300) prior to the bid opening to ensure that your bid has been received.
4. A **Bid Guarantee** must accompany all bids and must be in the form of cash, cashiers check, certified check, money order, bank draft, surety bond or irrevocable letter of credit.
5. The Purchaser must submit a **Performance Bond** to the Dept within a maximum of 30 days of notification of sale award. The bond amount will be, at a minimum, 20% of the total bid value of the sale. The performance bond may be in the form of cash, irrevocable letter of credit, surety bond or certificate of deposit. The performance bond must be maintained separately from other payments for the duration of the sale contract. See the Timber Sale Contract for additional information.
6. The purchaser must submit an **Advance Stumpage Payment** prior to cutting any timber. The amount of the advance stumpage payment will be based on the expected harvest rate and the bid value of the stumpage. The advance stumpage payment may be in the form of cash, irrevocable letter of credit, payment bond or certificate of deposit.
7. At rates specified in the Contract, the purchaser will pay **Forest Improvement Fees** on all sawlog volume. All applicable **Road Use and/or Maintenance fees** will also be paid by the Purchaser in addition to stumpage payments.
8. This sale is being sold based on the gross weight of all species. Minimum price and bid price are on a per ton basis. Unless specified, the price applies to all species, green and dead. Price may vary by product. Billing will be based on gross weight. A weight ticket from a certified scale is required for each load hauled, regardless of product type.
9. The Dept has estimated the net scale merchantable sawlog volume to be available for purchase under this contract. Other products may be part of this sale. All delivered wood will be weighed and billed at per ton bid rates. The Dept recognizes that a percentage of delivered wood may not meet the log manufacturing and recovery standards of the timber sale contract. The actual percentage will vary based on the log manufacturing and recovery specifications of the purchaser and tree conditions in the sale area. The actual delivered weight may vary, resulting in an overrun or under-run of the estimated tonnage. The Dept strongly recommends that bidders evaluate these effects before bidding.
10. The Dept does not conduct detailed road appraisals. All appraised costs are gross estimates or averages, provided only to show the relative amount of work required, and not the true market value. The Dept strongly recommends that bidders make their own estimates based on contract requirements. Cost estimates provided are not guaranteed.
11. Bidders are encouraged to examine the complete Timber Sale Package and Sale Area prior to bidding. Additional information is available at the phone numbers shown above.
12. Estimates for sale volume, species percents, defect, product class, etc. provided in this prospectus and volume estimates listed in the sale contract are not guaranteed.
13. This prospectus is provided for information purposes only. If the prospectus is in error or contradicts the Timber Sale Contract, the contract governs.

**Additional Sale Information:**

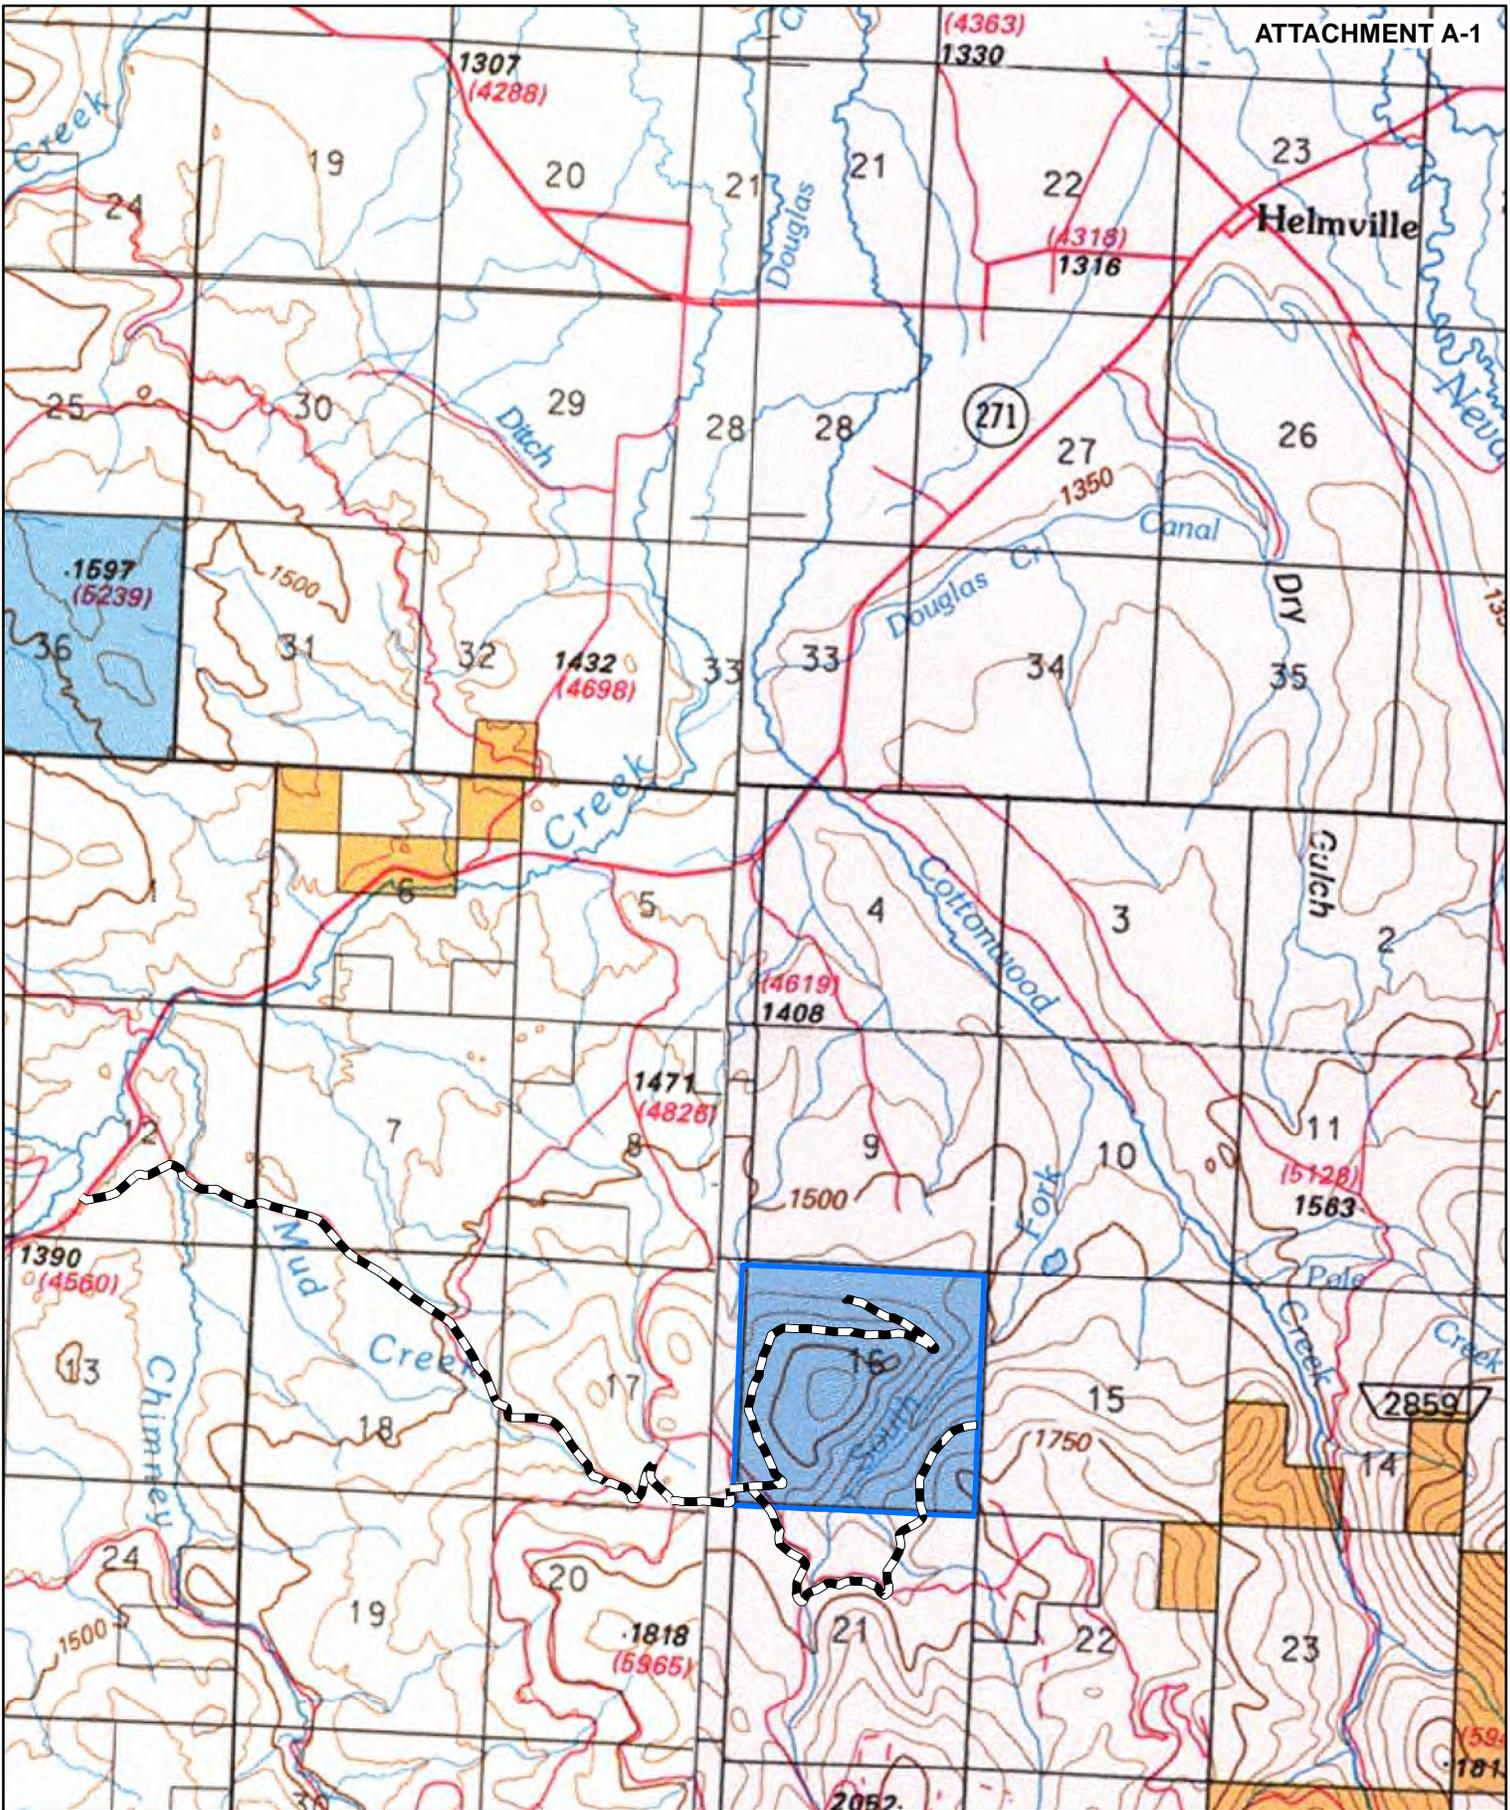

1. DNRC's legal access is via the Mud Creek Road off State Highway 271. Directions to the section are:
  - From Drummond, head east on the frontage road 1.5 miles to State HWY 271. Head north 12.6 miles to Mud Creek Road (no sign). Or from Helmville (post office) head south 6.9 miles to Mud Creek Road.
  - 0.00 Start at Mud Creek Road
  - 0.52 Left at road junction
  - 2.80 Left at road junction
  - 3.12 Right at Road junction with Dude Camp Road
  - 3.32 Left at cattleguard (leaving Dude Camp Road)
  - 3.57 Left at fence line
  - 3.77 Right at Road junction
  - 3.85 Enter state section at Powder River Gate. Combination 5533
2. DNRC has no legal access on the Dude Camp Road (See attachment A-1) and prospective bidders are not allowed to use the Dude Camp Road without permission from Doug Rohrer.
3. Purchaser will be required to cut and skid un-merchantable material in tractor units. Removal of un-merchantable material from site is optional at a charge of \$1.00/ton.
4. Within units 3, 6, and 7, the purchaser will be required to slash/lop and scatter non-merchantable material not meeting pulp/biomass specifications.
5. Unit 7 is a required cable unit but units 5 and 8 are optional harvest. Unit 5 has an estimated volume of 1,079 tons (155 MBF) from 26 acres and Unit 8 has an estimated volume 339 tons (49 MBF) from 8 acres.
6. No deflection profiles were run on the cable units. Purchasers would not be required to utilize intermediate support. Portions of the cable unit may be felled mechanically. Adverse skidding in cable units will not be allowed.
7. All road work, except reclamation of temporary roads must be completed by October 31, 2018.
8. Purchaser will be required to install 2 powder river style gates at locations to be identified by the Forest Officer.
