Montana Funding Options for Floodplain Projects

DNRC Grants and Loans

- Renewable Resource Project Grants
- Renewable Resource Planning Grants
- Renewable Resource Watershed Grants
- Reclamation and Development Project Grants
- Reclamation and Development Planning Grants
- Aquatic Invasive Species Grants
- Irrigation Development Grants
- Private Water Grants
- Emergency Grants
- Regional Water Construction Grants
- Renewable Resource Low Interest Loans
- Rangeland Improvement Loans
- Private Loans for Projects that conserve or protect water

Montana Funding Options for Floodplain Projects

DNRC Grant Programs

- **Renewable Resource Project Grants**
- **Renewable Resource Planning Grants**
- Renewable Resource Watershed Grants
- **Reclamation and Development Project Grants**
- **Reclamation and Development Planning Grants**
- Aquatic Invasive Species Grants
- Irrigation Development Grants
- Private Water Grants
- Emergency Grants
- Regional Water Construction Grants
- **Renewable Resource Low Interest Loans**
- Rangeland Improvement Loans
- Private Loans for Projects that conserve or protect water

Montana Funding Options for Flood Plain Projects

DNRC Grant Programs for Flood Plain Projects

Renewable Resource Project Grants up to \$125,000 **deadline May 15**

RRGL Planning Grants up to \$ 15,000

Reclamation and Development Grants up to \$500,000 **deadline May 15*

RDGP Planning Grants ongoing *(first come, first served)*

RRGL Loans

Montana Funding Options for Irrigation Projects

Resource Extraction Taxes

- Oil and Gas**
- Hard Rock Mining (gold, silver, copper)**
- Coal**
- Limestone, talc**

Make Room for Rivers Strategy: floodplain management that protects & restores natural resources
