Item Summary

The Montana Department of Fish, Wildlife and Parks (FWP) proposes to purchase in fee title approximately 320 acres of critical grizzly bear habitat immediately adjacent to the existing 10,397-acre Blackleaf Wildlife Management Area (WMA), west of Bynum (Figure 1). The Conservation Fund presently owns the parcel and would sell it to FWP for \$345,000, which is 60 percent of the appraised value (\$575,000). The remaining 40 percent would be donated by The Conservation Fund and used as match for the grant. The grant and the donation by The Conservation Fund will completely fund the purchase price of the parcel.

The Conservation Fund purchased the land because of the proximity to the WMA and the potential that the land would most likely be sold in the near future to landowners with potentially differing interests than The Conservation Fund and FWP.

A final Environmental Assessment has been completed and published, and the Decision Notice favoring acquisition was published March 12, 2014. Strong public support has been voiced for this proposal.

The Fish and Wildlife Commission will give final consideration to the project on April 10, 2014.

Rationale for Land Board Action

FWP requested federal aid funding in 2010 under the U.S. Fish & Wildlife Services' Endangered Species Act "Recovery Land Acquisition" Habitat Conservation Plan program to purchase interest in land for grizzly bear habitat and species protection. The grant is specific to assisting the recovery effort of the Northern Continental Divide Ecosystem grizzly bear population, and if the grant is not used to fund this project, it will expire.

FWP Recommendation

FWP recommends that the Land Board approve the fee acquisition of the addition to the Blackleaf Wildlife Management Area, which will protect critical grizzly bear habitat and provide hunting and recreational opportunities for the public.

Figure 1. Location of the proposed Blackleaf Wildlife Management Area Addition.

FISH & WILDLIFE COMMISSION AGENDA ITEM COVER SHEET**Meeting Date:** April 10, 2014**Agenda Item:** Blackleaf Wildlife Management Area Addition**Division:** Wildlife**Action Needed:** Final**Time Needed on Agenda for this Presentation:** 10 minutes**Background**

FWP requested federal aid dollars in 2010 under the U.S. Fish & Wildlife Services' Endangered Species Act "Recovery Land Acquisition" Habitat Conservation Plan program to purchase interest in land for grizzly bear habitat and species protection. The grant is specific to assisting the recovery effort of the Northern Continental Divide Ecosystem grizzly bear population. This proposal is to secure approximately 320 acres from The Conservation Fund for \$345,000, which is 60 percent of the appraised value. The remaining 40 percent would be used as match for the grant.

FWP proposes to purchase in fee title approximately 320 acres immediately adjacent to the existing 10,397-acre Blackleaf Wildlife Management Area, west of Bynum. The land comprises grasslands intermixed with aspen, wetland and shrubland habitats, providing important year-round grizzly bear habitat, as well as winter range for elk and mule deer.

Public Involvement Process & Results

A final Environmental Assessment and Decision Notice have been completed and published, following requisite public involvement. Strong public support has been voiced for this proposal.

Alternatives and Analysis

- Alternative A: No action. FWP would not purchase the property fee title. This would result in a loss of opportunity to protect and/or enhance critical native habitats for grizzly bears, elk, mule deer, white-tailed deer and other native species adjoining the Blackleaf WMA and associated recreational opportunity. With no action, the land would most likely be sold in the near future to landowners with potentially differing interests than the current landowners.
- Alternative B: This preferred alternative is to purchase in fee title the addition to Blackleaf WMA.

Agency Recommendation & Rationale:

FWP recommends that the F&W Commission approve the purchase of this land as an addition to the Blackleaf WMA, protecting critical grizzly bear habitat, providing hunting and recreational opportunities, and expanding FWP's management to benefit affected wildlife populations.

Proposed Motion

I move the commission approve purchase of the approximate 320-acre addition to Blackleaf WMA.

DESCRIPTION OF PROPOSED ACTION AND ALTERNATIVE CONSIDERED

Proposed Action

Montana Fish, Wildlife and Parks (FWP) proposes to purchase in fee title approximately 320 acres of timbered grasslands and wetland habitat west of Bynum, Montana, for addition to the existing 10,397-acre Blackleaf Wildlife Management Area (WMA). The purchase and management of this property would protect important year-round grizzly bear habitat, as well as winter range for elk and mule deer. The purchase price for the property is \$575,000. Funding for the proposed acquisition is through a Section 6 ESA Non-Traditional Program grant from the US Fish and Wildlife Service of \$392,007 with the balance of the acquisition cost would be provided by The Conservation Fund as match for the grant.

No Action

The No Action alternative for this project is described as FWP not purchasing the 320-acre parcel from The Conservation Fund. The Conservation Fund would likely search for another buyer.

MONTANA ENVIRONMENTAL POLICY ACT PUBLIC PROCESS

FWP is required by the Montana Environmental Policy Act (MEPA) to assess potential impacts of its proposed actions to the human and physical environments, evaluate those impacts through an interdisciplinary approach, including public input, and make a decision based on this information. FWP released a draft environmental assessment (EA) for public review of the proposed action on February 7, 2014 and accepted public comment until 5:00 P. M. on March 11, 2014.

Notice of the proposal and availability of the Draft EA was published in the *Great Falls Tribune* and the *Choteau Acantha*. Copies of the environmental assessment were distributed to interested individuals, groups, and agencies to ensure their knowledge of the proposed project. The EA was available for public review on FWP's web site (<http://fwp.mt.gov/>, "Recent Public Notices"

1

and "Submit Public Comments") during the public comment period. An FWP public notice was issued February 7, 2014 and posted on FWP's website (<http://fwp.mt.gov/>, "News Releases").

SUMMARY OF PUBLIC COMMENT

FWP received 14 total comments. A breakdown of the comments is as follows: 10 were in support of the proposed action (purchase of the 320-acre addition), three supported the No Action Alternative, and one did not specify.

Five comments expressed that addition provides important habitat for grizzly bears and other wildlife species. Three comments expressed that the addition would enhance recreational opportunities on Blackleaf WMA. Two comments expressed concern about Montana Fish, Wildlife, and Parks purchasing land. One comment opposed the addition without stating a reason. One comment expressed concern regarding publication in the local newspaper and closing of the comment period.

RESPONSE TO COMMENTS

Below are FWP responses to comments. For ease of response, similar comments are grouped together if they express a similar view.

Comment: Ten respondents to the proposed action voiced support for the preferred alternative.

FWP Response: These comments of support are duly noted.

Comment: Two respondents to the proposed action voiced support for no action alternative citing opposition to the state owning land.

FWP Response: While duly noted, general discussion and analyses regarding FWP purchasing lands is beyond the scope of this EA.

Comment: One respondent to the proposed action voiced support for no action alternative without citing a reason.

FWP Response: This comment of opposition is duly noted.

Comment: One respondent to the proposed action did not voice support or opposition for the proposed action but cited concern over the length of the comment period between publication in the local newspaper and closing of public comment.

FWP Response: The comment period was extended to allow additional opportunity for comment after publication of the notice in the local newspaper.

DECISION

In reviewing all the public comment, evaluating the environmental effects, and other relevant information, I recommend that FWP pursue the completion of the Blackleaf Wildlife Management Area Addition and recommend that the F&W Commission approve the proposed

action as well. This action will also require the approval of the Montana Board of Land Commissioners at an upcoming meeting.

Through the MEPA process, FWP found no significant impacts on the human or physical environments associated with this proposal. Therefore, the EA is the appropriate level of analysis, and an environmental impact statement is not required.

After review of this proposal, it is my decision to accept the draft EA as supplemented by this Decision Notice; in combination, these documents constitute the Final EA. FWP believes the completion of this project is in the best interests of wildlife, habitat conservation, and public recreation.

TIMBER SALES

Land Board Agenda Item
April 21, 2014

414-2A Timber Sale: Cool Country

**Location: Lewis and Clark County
Section 2, T13N-R9W and Section 16, T14N-R9W**

Trust Benefits: Common Schools

Trust Revenue: \$395,719 (estimated, minimum bid)

Item Summary

The Cool Country timber sale is approximately 2.5 miles west and southwest of Lincoln, Montana. This sale includes four harvest units totaling 506 acres with an estimated sale volume of 20,740 tons (3,005 MBF) of sawlogs. The minimum bid value is \$19.08 per ton, which would generate approximately \$395,719.00 for the Common School Trust and \$68,234.60 in total forest improvement fees.

Silvicultural prescriptions will improve stand vigor and promote regeneration of ponderosa pine and Douglas-fir. Salvage treatments would occur in areas affected by mountain pine beetle and spruce budworm infestations. Overall, harvest treatments will improve forest health and reduce the likelihood of short-term losses to disease and fire

Approximately 0.7 miles of new road construction is required. Existing road segments would be improved and 10.4 miles of existing road will be maintained in association with the harvest activities and in compliance with the Best Management Practices (BMPs).

Scoping letters were mailed to interested parties in 2012. A public notice was published in area newspapers including the *Independent Record* and the *Blackfoot Valley Dispatch*.

Three comments were received: two in favor of additional harvest; and one concerned about weed management. Noxious weed mitigation measures have been incorporated into the MEPA document and the timber sale contract. The Department of Natural Resources and Conservation (DNRC) has reviewed the proposal and comments, analyzed conditions, and recommended harvest mitigation measures to reduce the potential for impacts.

DNRC Recommendation

The director recommends the Land Board direct DNRC to sell the Cool Country timber sale.

414-4B Timber Sale: Lower McCully

**Location: Sanders County
Section 14, T23N-R27W**

Trust Benefits: Public Buildings

Trust Revenue: \$383,997 (estimated, minimum bid)

Item Summary

The Lower McCully timber sale is approximately 20 miles north of Plains, Montana. The sale includes 8 harvest units totaling 604 acres with an estimated sale volume of 20,645 tons (2,800 MBF) of sawlogs. The minimum bid value of \$18.60 per ton, which would generate approximately \$383,997 for the Public Buildings Fund and \$70,399.45 in total forest improvement fees.

A shelterwood with reserve tree harvest prescription will be utilized on all 604 acres. Treatments are designed to remove unhealthy trees, as well as those with poor vigor to promote long term forest health, growth, and vitality. Treatments are designed to promote natural regeneration of ponderosa pine, Douglas-fir, and western larch throughout the project area. The sale contains no old growth.

In conjunction with the sale, approximately 0.5 miles of new road will be constructed, 4.6 miles of existing road will be reconstructed, and 1.0 miles of existing woods road will be abandoned and reclaimed. Upon completion of the sale, all roads would meet Best Management Practices (BMPs).

Scoping notices were sent to adjacent landowners, as well as other interested parties and organizations including Confederated Salish & Kootenai Tribes (CSKT). Public notices were published in the *Missoulian*, *Sanders County Ledger*, and *Clark Fork Valley Press/Mineral Independent*.

The Department of Natural Resources and Conservation (DNRC) received three comments on the sale:

- Mineral County Board of Commissioners voiced support for the project;
- CSKT asked to be notified should any cultural sites be discovered, but knew of no existing cultural resources on the site; and
- a Sanders County resident voiced concern over road closures and hunting access. Interior section roads would be closed in accordance to wildlife mitigation guidelines. Public access is facilitated by an open county road on the east side and an open Plum Creek Timber Company road on the west side.

DNRC Recommendation

The director recommends the Land Board direct DNRC to sell the Lower McCully timber sale.

414-2C Timber Sale: Moran Cyclone (Contract Harvest)

**Location: Flathead County
Sections 11 &14, T34N-R21W**

Trust Benefits: MSU 2nd, Public Buildings

Trust Revenue: \$257,995 (estimated, minimum bid)

Item Summary

The Moran Cyclone contract harvest timber sale is located approximately 25 miles north of Columbia Falls, Montana. The sale includes four units totaling 123 acres with an estimated volume of 12,579 tons (1,959 MBF) of sawlogs. The minimum bid value of \$20.51 per ton would generate approximately \$134,157.55 for the Public Buildings Trust, \$123,837.44 for the MSU 2nd Grant, and \$49,183.89 in total forest improvement fees.

Harvest prescriptions are designed to reduce fuels and promote natural regeneration of western larch and Douglas-fir. A combination of seedtree with reserve (113 acres) and overstory removal (10 acres) is planned throughout the sale area.

In conjunction with the sale, the Department of Natural Resources and Conservation (DNRC) will maintain approximately 3.2 miles of existing road. No new roads will be constructed. All roads, with the exception of 0.2 miles of the Ladenburgh Road, are behind existing year-round closures.

A scoping notice along with maps were sent to landowners and interested parties in July 2013. Legal ads were placed in the *Flathead Beacon* and the initial proposal was posted at the Olney Post Office. This project was also discussed twice during the North Fork Interlocal meetings which are meetings where all the government agencies with jurisdiction in the North Fork of the Flathead River and landowners meet and discuss upcoming projects and issues. Two comment letters, two emails and one phone call were received.

- One individual was concerned about existing fuel loads on state lands adjacent to their property-DNRC plans on removing approximately 90% of slash existing within 100 feet of any residence and for 100 feet inside any portion of a cutting unit that lies within 1,000 feet of a residential structure. A pre-commercial thinning project is also planned along the property line.
- Two comments brought up the possibility of this project utilizing slash for biomass-DNRC relies on the market to drive the utilization of biomass. Over the past 5 years about 15% of the volume (tons) hauled from Stillwater Unit has been material too small to be utilized for sawlogs. This material was sold as pulp wood; and if there continues to be a pulp market this practice will most likely continue into the future.
- An adjacent landowner supported the proposed project.
- An adjacent landowner voiced concerns about retaining large larch near their property.- Several of the trees being referenced are large cull trees and are non-merchantable as sawlogs. These trees will be retained as snags.

DNRC Recommendation

The director recommends the Land Board direct DNRC to sell the Moran Cyclone Contract Harvest Timber Sale.

414-2D Timber Sale: Rivulet Peak

**Location: Mineral County
Sections 10 and 14, T14N–R25W**

Trust Benefits: Public Buildings

Trust Revenue: \$89,900 (estimated, minimum bid)

Item Summary

The Rivulet Peak timber sale is located about 16 air miles southeast of Superior, Montana, and would consist of 6 harvest units totaling 146 acres with estimated volume of 7,152 tons (1093 MBF) of sawlogs. The minimum bid value of \$12.57 per ton would generate approximately \$89,900.00 for the Public Buildings Fund and \$24,817.44 in total forest improvement fees.

Harvest prescriptions are designed to harvest lodgepole pine that is dead and dying or at risk from mountain pine beetle and western larch infected with dwarf mistletoe. Douglas-fir, ponderosa pine, and other western larch would also be harvested to reduce competition and promote regeneration of seral species. A combination of commercial thinning and shelterwood harvest is planned throughout the project area. No old growth would be harvested.

Scoping notices were mailed to adjacent landowners and interested parties in February 2011. A public notice was posted in the *Mineral Independent* and the *Missoulian*.

The Department of Natural Resources and Conservation (DNRC) received comments from:

- Mineral County Commissioners voiced support for the timber sale;
- Montana Fish, Wildlife & Parks (FWP) voiced concerns including snag retention, operating seasons, motorized use, weeds and riparian buffers along Rock Creek. These concerns were mitigated using the parameters outlined in the Forest Management administrative rules and the Habitat Conservation Plan (HCP). In some cases FWP requested mitigations that were not attainable given the current stand and trust mandate; however, this was conveyed to FWP during development of the EA; and
- Confederated Salish and Kootenai Tribes (CSKT) indicated they were not aware of any cultural sites within the project area, but asked to be notified should any be discovered.

DNRC Recommendation

The director recommends the Land Board direct DNRC to sell the Rivulet Peak timber sale.

(i) If either (i) Lessor does not timely provide a Required Changes Notice, (ii) Lessor provides a Required Changes Notice but subsequently disapproves or is deemed to have disapproved the Required Changes in accordance with Section 4.7(f), or (iii) Lessor provides a Required Changes Notice and approves the Required Changes in accordance with Section 4.7(f) but does not timely pay the amount reflected in the

Required Changes Invoice, then Lessee may install Utility Lines in accordance with its original Infrastructure Map without regard to the Required Changes Notice.

(j) Lessor will not perform any construction activities on the Premises. Lessor agrees to use best efforts to minimize any interference or damage to the Premises during Lessor's extension of the Utility Lines or roads to the Adjacent Property. Lessor also agrees to immediately repair and/or pay for any and all damages to the Premises caused by Lessor's connection of into the Utility Lines or roads or extension of the Utility Lines or roads to the Adjacent Property.

(k) Lessee agrees, at Lessor's cost, to reasonably cooperate with Lessor in creating the necessary easements for Lessor's extension of the Utility Lines or roads to the Adjacent Property.

5. USE AND OCCUPANCY.

5.1 Use. Subject to the requirements of Section 4.1, Lessee may use the Premises for any and all lawful uses and purposes. Lessee shall maintain the Premises in a clean, orderly and neat fashion, ordinary wear and tear and damage by casualty and condemnation excepted. Lessee shall keep the Premises in good repair and shall not commit waste or permit impairment or deterioration of the Premises, ordinary wear and tear and damage by casualty and condemnation excepted.

5.2 Compliance. Lessee will comply with all Laws applicable to Lessee's use and occupancy of the Premises and will keep and maintain the Premises in compliance with all applicable Laws. Lessee covenants and agrees that Lessee will not modify any document encumbering the Land that will (a) cause Lessee to be in violation of the terms of this Lease, and/or (b) materially increase the financial obligations of Lessor that exist in the documents encumbering the Land as of the date of execution of this Lease. Lessee will have the right, however, to contest or challenge by appropriate proceedings the enforceability of any Law or its applicability to the Premises or Lessee's use or occupancy thereof provided that Lessee complies with such Law during the pendency of Lessee's contest or challenge of it, so long as Lessee diligently prosecutes the contest or challenge to completion and, in the event Lessee loses the contest or challenge, thereafter continues to abide by and conform to such Law. Lessor and Lessee shall reasonably cooperate with one another and shall in no event attempt to hinder the other's efforts or take a position adverse to one another and their rights under this Lease. Lessee agrees to defend (with attorneys reasonably satisfactory to Lessor), protect, indemnify and hold harmless Lessor and its Affiliates from and against any and all liabilities, obligations, losses, damages (including foreseeable and unforeseeable damages, but excluding consequential damages and punitive damages), penalties, actions, judgments, suits, claims, costs, expenses and disbursements (including reasonable attorneys' and consultants' fees and disbursements) of any kind or nature whatsoever that may at any time be incurred by, imposed on or asserted against any of them directly or indirectly based on, or arising or resulting from Lessor joining in any contest pursuant to this Section 5.2. Notwithstanding anything contained in this Lease to the contrary, Lessor and Lessee specifically acknowledge and agree that this Lease is subject to the further provisions of Title 77 of the Montana Code Annotated. The Lessee agrees to comply with all applicable laws, rules, and regulations in effect upon the Commencement Date of this

Lease and those laws, rules, and regulations which may be enacted or adopted thereafter from time to time and which do not (a) contradict or contravene the specifically negotiated terms and conditions of this Lease, (b) impose more restrictive or additional requirements or burdens on Lessee, (c) impair or adversely affect the rights of Lessee under the Lease, or (d) otherwise deprive Lessee of the property right and the specific terms and conditions of the same that are created by this Lease.

5.3 Environmental Matters.

(a) Compliance with Environmental Laws. Unless notice to the contrary is given to the Lessor by the Lessee prior to the Lessee's completion of grading activities upon the Premises, the Lessee hereby acknowledges and agrees that, to the best of its knowledge, information, and belief, no Toxic or Hazardous Substances within the definition of CECRA exist on the Land. Further, subject to the provisions of Section 5.3(c), the Lessee agrees as follows:

(i) Lessee will (A) comply with all Environmental Laws applicable to the operation or use of the Premises by Lessee or the construction, installation, alteration or demolition of any Improvements by Lessee; (B) use reasonable efforts to cause all Sub-lessees and other persons occupying the Premises to comply with all Environmental Laws; (C) immediately pay or cause to be paid all costs and expenses incurred in such compliance; and (D) keep or cause the Premises to be kept free and clear of any liens imposed thereon pursuant to any Environmental Laws.

(ii) Lessee will not generate, use, treat, store, Release or dispose of, or permit the generation, use, treatment, storage, Release or disposal of, any Hazardous Substances on the Premises, or transport or permit the transportation of any Hazardous Substances to or from the Premises, in each case in any quantity or manner which violates any Environmental Law.

(iii) If Lessor has knowledge of any pending or threatened Environmental Claim against Lessee or the Premises or has reason to believe that Lessee or the Premises are in violation of any Environmental Law, at Lessor's written request, at any time and from time to time, Lessee will provide to Lessor an environmental site assessment report concerning the Premises, prepared by an environmental consulting firm reasonably approved by Lessor, indicating the presence or absence of Hazardous Substances and the potential cost of any removal or remedial action required by Environmental Laws in connection with any Hazardous Substances on the Premises. Any such environmental site assessment report will be conducted at Lessee's sole cost and expense. If Lessee fails to deliver to Lessor any such environmental site assessment report within 90 days after being requested to do so by Lessor pursuant to this Section 5.3(a)(iii), Lessor may obtain the same, and Lessee hereby grants to Lessor and its agents access to the Premises and specifically grants to Lessor an irrevocable non-exclusive license to undertake such an assessment, and the cost of such

assessment (together with interest thereon at the Default Rate) will be payable by Lessee on demand.

(iv) Lessor may, at its option, at any time and from time to time, obtain at its sole cost and expense an environmental site assessment report for the Premises, and Lessee hereby grants to Lessor and its agents access to the Premises and specifically grants to Lessor an irrevocable non-exclusive license to undertake such an assessment.

(v) At its sole expense, Lessee will conduct any investigation, study, sampling or testing, and undertake any cleanup, removal, remedial or other action necessary to remove and clean up all Hazardous Substances from the Premises which must be so removed or cleaned up in accordance with the requirements of any applicable Environmental Laws, to the reasonable satisfaction of a professional environmental consultant selected by Lessor, and in accordance with all such requirements and with orders and directives of all governmental authorities.

(b) Indemnity. Lessee agrees to defend (with attorneys reasonably satisfactory to Lessor), protect, indemnify and hold harmless Lessor and its Affiliates from and against any and all liabilities, obligations (including removal and remedial actions), losses, damages (including foreseeable and unforeseeable damages, but excluding punitive damages), penalties, actions, judgments, suits, claims, costs, expenses and disbursements) including reasonable attorneys' and consultants' fees and disbursements of any kind or nature whatsoever that may at any time be incurred by, imposed on or asserted against any of them directly or indirectly to the extent based on, or arising or resulting from: (i) the actual or alleged presence of Hazardous Substances on the Premises Released by Lessee or anyone acting, by, through, or under Lessee in any quantity or manner which violates Environmental Law, or the removal, handling, transportation, disposal or storage of such Hazardous Substances by Lessee or anyone acting by, through or under Lessee; or (ii) any Environmental Claim with respect to Lessee or the Premises resulting from a Release by the Lessee or anyone acting by, through, or under Lessee (collectively, the "Indemnified Matters"), regardless of when such Indemnified Matters arise, but excluding any Indemnified Matter with respect to Hazardous Substances first placed or Released on the Premises after the later of (A) the expiration or earlier termination of this Lease, or (B) the date neither Lessee nor any of its Affiliates holds title to or any other interest in or lien on the Premises.

(c) Exemption for hazardous materials declared to exist prior to completion of grading. Notwithstanding anything to the contrary in this Section 5.3, Lessee shall have no responsibility for the presence, investigation or clean-up of, or for any Environmental Claim related to, or to indemnify, defend or hold harmless Lessor or its Affiliates with respect to, any Hazardous Substances which (i) the Lessee discovers and declares to Lessor to exist on the Premises or improvements thereon prior to the Lessee's completion of grading activities upon the Premises, or (ii) are permitted under Environmental Laws to remain on the Premises or any portion thereof based on Lessee's particular use of the Premises or the portion thereof, as applicable.

5.4 Survival. Lessee's remedial, indemnification and reimbursement obligations under Section 5.3 will survive the expiration or earlier termination of this Lease.

6. UTILITIES AND REPAIRS.

6.1 Utilities. Lessee will pay before delinquency all water, sewer, natural gas, electricity, telephone and any other utility charges related to the Premises including, without limitation, those which, if not paid, may be asserted as a lien or charge against the Premises under applicable Laws.

6.2 Repairs. Lessee will maintain, repair, replace and keep any Improvements or landscaping on the Land from time to time in reasonably good condition and repair in accordance with all applicable Laws, including necessary repairs to the interior, exterior and structure of any Buildings, mowing of grass and care of shrubs and general landscaping; pay all costs and expenses in connection therewith (subject to Section 14.2); and contract for the same in Lessee's own name. The foregoing will not be construed to limit Lessee's rights under Section 4.2.

7. TAXES.

7.1 Payment of Taxes. Subject to Section 7.3, Lessee will pay before delinquency, directly to the taxing authority, all Taxes that accrue during or are attributable to any part of the Term including Privilege taxes, also known as beneficial use taxes, per MCA 15-24-1203. Lessee will deliver to Lessor reasonable evidence of payment of all Taxes within 60 days after Lessee pays all Taxes.

7.2 Proration at Beginning and End of Term. If the Term begins on other than the first day of a Tax Year or if the Term expires or otherwise terminates on other than the last day of a Tax Year, Taxes for the Tax Year in which the Term begins or ends, as the case may be, will be prorated between Lessor and Lessee, based on the most recent levy and most recent assessment. Such proration will be subsequently adjusted when the actual bills become available for Taxes for the Tax Year for which Taxes were prorated. Any Taxes payable in the first Lease Year prior to the Commencement Date shall be the sole responsibility of Lessor.

7.3 Special Assessments. Except as set forth below, Lessee will pay all special assessments (including those attributable to private extension agreement) and other like impositions levied or imposed for improvements commenced, installed and assessed during the Term; provided, however, that Lessee may pay in installments any such special assessments or like impositions that may be so paid according to applicable Law and, in such event, Lessee will only be required to pay those installments of any such assessments or impositions that become due and payable during the Term. Lessor will pay its proportionate share of all special assessments (including those attributable to private extension agreement) and other like impositions levied or imposed to the extent related to or in connection with the Required Changes (including fees, impositions and charges related to Lessor's requested increase in size and capacity of any Utility Line).

7.4 Tax Contests. Lessee will have the right to contest any Taxes or special assessments payable by Lessee, provided Lessee (a) provides Lessor with written notice of such

contest, and (b) makes timely payment of the contested Taxes or special assessments if the Lessee loses the contest. In connection with any such contest, Lessee will have the right, at its sole expense, to institute and prosecute, in good faith and with due diligence and in Lessor's name if necessary, any appropriate proceedings. Lessor may, at Lessee's expense, reasonably cooperate with and join in Lessee's efforts to contest any such Taxes or special assessments. Lessee agrees to defend (with attorneys reasonably satisfactory to Lessor), protect, indemnify and hold harmless Lessor and its Affiliates from and against any and all liabilities, obligations, losses, damages (including foreseeable and unforeseeable damages, but excluding consequential damages and punitive damages), penalties, actions, judgments, suits, claims, costs, expenses and disbursements (including reasonable attorneys' and consultants' fees and disbursements) of any kind or nature whatsoever that may at any time be incurred by, imposed on or asserted against any of them directly or indirectly based on, or arising or resulting from Lessor joining in any contest pursuant to this Section 7.3.

8. WAIVERS; LIABILITY AND CASUALTY INSURANCE.

8.1 Lessor's Waiver. Except to the extent caused by the willful or negligent act or omission by the Lessee or anyone for whom Lessee is legally responsible, neither Lessee nor any of its Affiliates will be liable or in any way responsible to Lessor for, and Lessor waives all claims against Lessee and its Affiliates for, any damage to or destruction of any Improvements, and Lessor waives its insurers' right of subrogation consistent with this waiver.

8.2 Lessee's Waiver. Except to the extent caused by the willful or negligent act or omission by Lessor or anyone for whom Lessor is legally responsible, neither Lessor nor any of its Affiliates will be liable or in any way responsible to Lessee for, and Lessee waives all claims against Lessor and its Affiliates for, any damage to or destruction of any Improvements, and Lessee waives its insurers' right of subrogation consistent with this waiver.

8.3 Acquisition of Insurance Policies. Lessee shall, at its sole cost and expense, procure and maintain, or cause to be procured and maintained during the entire Term, the insurance described in this Section 8 (or if not available, then its available equivalent), issued by an insurance company or companies licensed to do business in the State of Montana that are reasonably satisfactory to Lessor.

8.4 Types of Required Insurance. Lessee shall procure and maintain, or cause one or more of its Sublessees to provide and keep in force and name Lessee as an additional insured, the following during the Term:

(a) Liability Insurance. Comprehensive or commercial general liability insurance covering claims arising out of the ownership, operation, maintenance, condition or use of the Premises, for personal and bodily injury and death, and damage to others' property, with limits of not less than \$2,000,000.00 for any one accident or occurrence. Lessor will be named as an additional insured in the policy providing such liability insurance, which will include cross liability and severability of interests clauses.

(b) Property Insurance. All risk fire and extended coverage insurance (including standard extended endorsement perils, leakage from fire protective devices

and other water damage) covering loss or damage to the Improvements on a full replacement cost basis, excluding existing architectural and engineering fees, undamaged excavation, footings and foundations. Some or all of such property coverage with respect to any Building or other Improvements subject to a Sublease may be maintained through self-insurance by the Sublessee, provided that in Lessee's reasonable judgment such Sublessee has sufficient financial capacity to self-insure such Building or Improvements.

(c) Workers' Compensation Insurance. Workers' compensation and employer's liability insurance (with limits satisfying applicable Laws) covering Lessee's employees, officers, agents and representatives.

8.5 Terms of Insurance. The policies required under Section 8.4 above, shall name Lessor as additional insured and Lessee shall provide promptly to Lessor certificates of insurance evidencing the policies obtained by Lessee hereunder as hereinafter described. Proof of insurance ("Proof") shall consist of either (a) an insurance binder or premium payment receipt, (b) a copy of the policy, or (c) an "ACORD 27 Evidence of Property Insurance" or "ACORD 25 Certificate of Liability Insurance," whichever is appropriate (or such other similar certificates), issued by Lessee's insurer with respect to each policy. If Lessee does not deliver the evidence required by the preceding sentence before taking possession of the Premises, then Lessee will deliver the same within 30 days after taking possession of the Premises. Thereafter, during the Term, within 30 days after the renewal date of each policy, the issuance of a new policy or on such other date as Lessor reasonably requires, Lessee will deliver a copy of the latest Proof to Lessor. Each policy of insurance will require the issuer of the insurance policy to give Lessor 30 days' advance written notice of the termination or modification of the policy. Further, all policies of insurance described in Section 8.4 above, shall:

(a) Be written as primary policies not contributing with and not in excess of coverage that Lessor may carry.

(b) Contain an endorsement providing that such insurance may not be materially changed, amended or canceled except after 30 days' prior written notice from insurance company to Lessor.

(c) Expressly provide that Lessor shall not be required to give notice of accidents or claims and that Lessor shall have no liability for premiums.

(d) Any deductibles must be approved in writing by Lessor, provided that Lessor shall approve the same within 10 days of request using its commercially reasonable business judgment, which for purposes hereof, shall be measured by taking into consideration the opinions of three independent insurance companies having at least five years of experience insuring projects that are substantially similar to Lessee's project at the Premises.

9. DAMAGE OR DESTRUCTION. In the event of any Substantial Damage to the Improvements, Lessee will promptly cause the Premises to be put in a safe condition and either (a) reconstruct or cause to be reconstructed the Improvements in accordance with the terms of this Lease, or (b) raze the existing Improvements and seed the former location of the damaged

Improvements. Notwithstanding Lessee's election under (a) or (b) in the previous sentence, Lessee shall have the right to terminate this Lease if any Anchor Sublease is terminated because of such substantial destruction or if such substantial destruction occurs within the last 10 years of the initial Term or during any Renewal Term. Such termination shall be given by notice to Lessor prior to Lessee's election to raze and clear the existing Improvements and shall be effective upon the completion of such work.

10. CONDEMNATION.

10.1 Notice. If either Lessor or Lessee learns that all or any portion of the Premises has been or is proposed to be subjected to a Taking, such party will immediately notify the other of such Taking.

10.2 Termination Option on Substantial Taking. If a Substantial Taking occurs during the Term, Lessee may, at its option, terminate this Lease by giving notice to Lessor on or before 60 days after the Taking Date. In such event this Lease will terminate effective as of the Taking Date, Lessee will surrender the Premises according to Section 13 on or before 30 days after the date of Lessee's notice of termination and all Base Rent and other Rent will be apportioned to the Taking Date, except that Lessee will also pay Lessor for the reasonable value Lessee's occupancy of the Premises, if any, from the Taking Date until the date Lessee so surrenders possession.

10.3 Continuation of Lease. If a Taking occurs during the Term that is not a Substantial Taking, then this Lease will remain in full force and effect according to its terms, except that effective as of the Taking Date this Lease will terminate automatically as to the portion of the Premises that is the subject of such Taking with no reduction in Base Rent. If a Substantial Taking occurs but Lessee does not exercise its termination option according to Section 10.2, then this Lease will remain in full force and effect according to its terms, except that effective as of the Taking Date: (a) this Lease will terminate automatically as to the portion of the Premises that is the subject of such Taking; and (b) each payment of Base Rent due for any portion of the Term after the Taking Date will be reduced by subtracting from the amount that each such payment would otherwise have been required to be a percentage thereof equal to the percentage obtained by dividing the ground area of the portion of the Land that is the subject of such Taking by the ground area of all of the Land prior to such Taking.

10.4 Awards. If there is an award, compensation, damages or consideration paid or payable as a result of or in connection with any Taking or condemnation, the award will be allocated as follows: First, Lessee will be entitled to the current value of the Improvements, net of the current value of the reversionary interest in favor of Lessor, as set forth in this Lease. Second, Lessee will be entitled to the present value of the unexpired Term (calculated using a discount rate of eight percent). Third, Lessor will be entitled to the value of the Land comprising the Premises (giving due effect to the Rent income in favor of Lessor hereunder, as if this Lease had not been terminated) and the value of Lessor's reversionary interest in the Improvements. Fourth, Lessee will be entitled to business relocation expenses, moving expenses and loss of fixtures that Lessee is entitled to remove pursuant to the terms hereof, to the extent it is a separate measure of damages available under applicable Laws. Fifth, Lessor will be entitled to any other portion of the award not allocated pursuant to the foregoing provisions.

10.5 Settlement. Lessee and Lessor shall jointly negotiate with, litigate or enter into any settlement with any governmental or other condemning authority in connection with any Taking; provided, however, that the portion of the award attributable to the net of the value of the reversionary interest in favor of Lessor, shall be subject to Lessor's prior written approval. Lessor and Lessee will fully cooperate in connection with any such negotiation, litigation or settlement, including, without limitation, the execution by Lessor and Lessee of any and all required documents or instruments.

11. ASSIGNMENT, SUBLETTING AND FINANCING.

11.1 Assignment. Throughout the Term, Lessee may from time to time with Lessor's consent (as provided in this sentence and in the next sentence) assign its interest under this Lease so long as the proposed assignee (a) has five years or more of experience in owning and/or operating commercial retail properties substantially similar to the Premises, (b) has net assets worth equal to or greater than \$10,000,000.00 in Constant Dollars (measured from and after the assignment of this Lease or portion thereof), as demonstrated by the proposed assignee's most recent income tax return and financial statements certified by an officer or member of the proposed assignee and prepared in accordance with accounting principles generally used by commercial developers in the marketplace (the "**Financials**") or, in the alternative, has a principal with assets worth equal to or greater than \$10,000,000.00 in Constant Dollars, as demonstrated by the principal's most recent income tax return and financial statements certified by the principal, who provides Lessor with a guaranty of one year's Base Rent under the Lease, (c) does not have a criminal record or a history or pattern of criminal activity or administrative malfeasance, and (d) has an acceptable credit history, as reasonably indicated by any of the national credit reporting agencies. Lessee will provide Lessor with notice of each such proposed assignment and will also provide Lessor with a copy of the assignment, reasonable evidence demonstrating the proposed assignee's experience, records concerning criminal and administrative history, credit reports and copies of the most recent income tax return and the Financials (collectively, the "**Assignment Documentation**"). Lessor will have a period of 30 days to review the Assignment Documentation to verify that the proposed assignee satisfies the experience and financial criteria set forth above. Lessor will act reasonably and in good faith in verifying of the Assignment Documentation. If Lessor has an objection to the proposed assignee, Lessor must express such objection in writing and in reasonable detail to Lessee within 30 days after Lessor's receipt of the Assignment Documentation. If Lessor fails to submit such objection within said 30-day period, Lessee must provide Lessor with a Reminder Notice. Failure of Lessor to submit such objection within 10 business days after Lessor's receipt of the Reminder Notice will constitute an approval of the proposed assignee and subsequent assignment. Notwithstanding the foregoing, no Lessor consent will be required for an assignment to any of the following transferees: (a) an Affiliate provided that such Affiliate has net assets worth equal to or greater than \$10,000,000.00 in Constant Dollars (measured from and after the assignment of this Lease or portion thereof), as demonstrated by the Affiliate's most recent income tax return and financial statements certified by an officer or member of the Affiliate and prepared in accordance with accounting principles generally used by commercial developers in the marketplace or, in the alternative, has a principal with net assets worth equal to or greater than \$10,000,000.00 in Constant Dollars, as demonstrated by the principal's most recent income tax return and financial statements certified by the principal, who provides Lessor with a guaranty of one year's Base Rent under the Lease; or (b) a transferee which is the result of

a merger or consolidation with Lessee, or which acquires all or substantially all of Lessee's corporate stock or assets, the result of which is an entity possessing net assets equal to or greater than \$10,000,000.00 in Constant Dollars. Upon the written assumption by any assignee of all of Lessee's obligations arising under this Lease from and after the date of assignment, Lessee will be released from all obligations under this Lease. In addition, Lessor's consent will not be required for any transfer of Lessee's interest under this Lease to a Foreclosure Transferee. Lessor will recognize any assignee or Foreclosure Transferee as a substitute Lessee hereunder and will honor all rights and interests of such substitute Lessee as set forth in this Lease, including, without limitation, the right to assign its interest under this Lease and be released from liability hereunder according to this Section 11.1. Any Foreclosure Transferee will be liable for and will be deemed to have assumed those obligations of Lessee that arise under this Lease from and after its record acquisition of Lessee's interest hereunder.

11.2 Subletting. Throughout the Term, Lessee may from time to time and without Lessor's consent sublet all or any portion or portions of the Premises or grant licenses, concessions or other possessory interests in all or any portion or portions of the Premises upon any terms that Lessee deems appropriate. Subject to the second to last sentence of this Section 11.2, upon the expiration of the Term or earlier termination of this Lease or upon repossession of Premises by Lessor, Lessor will accept the attornment of any Sublessee and upon any such attornment by a Sublessee, such Sublessee's Sublease will become a direct agreement between Lessor and such Sublessee, binding on each of them according to its terms; provided, however, that in no event will Lessor be obligated to accept the attornment of any Sublessee or create a direct agreement with any Sublessee after the date that is 99 years after the Commencement Date. In addition, Lessor will execute and deliver to any Sublessee an instrument, in the form of **Exhibit C**, evidencing (a) the covenants of Lessor set forth in the preceding sentence as applied specifically to such Sublessee, and (b) the necessary terms and conditions of such Sublease required by **Exhibit C**. Any Sublessee's right to attorn to Lessor upon a termination of this Lease or upon repossession of the Premises by Lessor according to the foregoing provisions will be subject and subordinate to the right of a Qualified Mortgagee to attorn to Lessor according to Section 11.3(c), regardless of whether such Sublessee effects or attempts to effect its attornment prior to, simultaneously with or subsequent to the exercise of the attornment right under Section 11.3(c) by a Qualified Mortgagee, and the exercise of the right to attorn under Section 11.3(c) by a Qualified Mortgagee will nullify any earlier, contemporaneous or later exercise of any Sublessee's right to attorn. The foregoing will not be construed to limit the rights of each Sublessee under its Sublease and any requirements made for Sublessee's benefit with a Qualified Mortgagee. Lessee covenants and agrees for the benefit of Lessor that Lessee will use its commercially reasonable business judgment in exercising all of Lessee's rights and privileges set forth in this Section 11.2. In addition, Lessee covenants and agrees that Lessee will exercise all of Lessee's rights and privileges set forth in this Section 11.2 in the ordinary course of business consistent with practices and customs used by other developers and/or operators of similarly situated projects in the State of Montana. Notwithstanding anything contained herein to the contrary, in no event shall Lessee allow a Sublessee to pay more than three month's minimum rent in advance pursuant to such Sublessee's Sublease.

11.3 Financing.

(a) Lessee's Right to Encumber. Throughout the Term, Lessee may from time to time and without Lessor's consent execute and deliver one or more Leasehold Mortgages securing any indebtedness or other obligation of Lessee. Without limiting the generality of the foregoing, Lessee may execute and deliver Leasehold Mortgages to secure promissory notes evidencing construction, interim or permanent financing for the Premises or to secure Lessee's obligations under development, reimbursement or other agreements with governmental or quasi-governmental entities, utility companies or other third parties concerning matters such as sales or property tax abatement or rebate programs, public improvements or utilities. If any Leasehold Mortgagee or potential Leasehold Mortgagee requests that Lessor grant any express approvals with respect to its Leasehold Mortgage or execute and deliver any documents in connection therewith, Lessor will reasonably cooperate in granting such approvals and executing and delivering such documents, provided that in no event will Lessor be required to encumber or subordinate its reversionary interest in the Premises or to undertake any personal liability for the obligations of Lessee secured or to be secured by the Leasehold Mortgage. Without limiting the generality of the foregoing, if any potential Leasehold Mortgagee requires that, in order to accept a Leasehold Mortgage, this Lease be modified in any manner that would not materially impair Lessor's rights or materially increase its obligations hereunder, Lessor will reasonably cooperate in executing and delivering the requested amendment.

(b) Qualified Mortgagees' Cure Rights. Prior to terminating this Lease or exercising any other right or remedy hereunder for a Default by Lessee, Lessor will give each Qualified Mortgagee notice of such Default by Lessee and afford it a period of 30 days after such notice is given in which to cure such Default by Lessee; provided, however, that (i) if such Default by Lessee is not a failure to pay Rent and is susceptible of cure by a Qualified Mortgagee but cannot reasonably be cured within such 30-day period, then so long as any Qualified Mortgagee commences a cure within such 30-day period (and notifies Lessor that it has done so), its cure period will be extended for as long as reasonably necessary for it to diligently pursue the cure to completion; (ii) if such Default by Lessee is not a failure to pay Rent and is susceptible of cure by a Qualified Mortgagee but cannot reasonably be cured until the Qualified Mortgagee obtains possession of the Premises, then so long as any Qualified Mortgagee commences to obtain possession of the Premises within such 30-day period (and notifies Lessor that it has done so), its cure period will be extended for as long as reasonably necessary for it to obtain possession of the Premises and then promptly commence and thereafter diligently pursue the cure to completion; and (iii) if such Default by Lessee is not a failure to pay Rent and is not susceptible of cure by a Qualified Mortgagee, then so long as any Qualified Mortgagee commences to foreclose or otherwise enforce its Leasehold Mortgage within such 30-day period (and notifies Lessor that it has done so) and thereafter diligently pursues such foreclosure (or a conveyance in lieu thereof) to completion, upon such Qualified Mortgagee's acquisition of Lessee's interest under this Lease, and provided any other Defaults by Lessee have then been cured or are then being cured according to the foregoing provisions, Lessor will waive such Default by Lessee that is not susceptible of cure by a Qualified Mortgagee.

(c) Qualified Mortgagees' Right to Attorn. If, by virtue of a Default by Lessee, Lessor reenters and repossesses the Premises without terminating this Lease or terminates this Lease, Lessor will give notice thereof to each Qualified Mortgagee within 10 days after such reentry and repossession or termination, as the case may be. If any Qualified Mortgagee notifies Lessor within 30 days after Lessor gives such notice that such Qualified Mortgagee would like to attorn to Lessor and either assume Lessee's obligations under this Lease (in the case of a reentry and repossession without termination of this Lease) or enter into a new Lease with Lessor for the Premises (in the case of a termination of this Lease), and provided that such Qualified Mortgagee (i) pays Lessor all Base Rent and other Rent due and payable to Lessor under this Lease at the date of reentry and repossession or termination and which thereafter becomes due or would have become due if this Lease had not been terminated up to and including the date such Qualified Mortgagee's attornment to Lessor becomes effective, together with all of Lessor's expenses incident to the reentry and repossession or termination, but less any amounts collected during such period by Lessor from any Sublessees; and (ii) covenants to promptly thereafter cure any Default by Lessee existing at the time of such reentry and repossession or termination that is not a failure to pay Rent and is susceptible of cure by a Qualified Mortgagee, then Lessor will accept such attornment and either (i) deliver possession of the Premises to such Qualified Mortgagee (or its designee) if Lessor has reentered and repossessed the same without terminating this Lease, whereupon such Qualified Mortgagee (or designee) will assume in writing all obligations of Lessee arising under this Lease from and after the date possession is so delivered, Lessor will waive any existing Defaults by Lessee that are not susceptible of cure by a Qualified Mortgagee and this Lease will continue in full force and effect as a direct obligation between Lessor and such Qualified Mortgagee (or its designee), or (ii) Lessor will execute and deliver a new lease of the Premises to such Qualified Mortgagee (or its designee) for the balance of what would have been the Term had this Lease not been so terminated for the Rent and otherwise upon all of the same terms and conditions set forth in this Lease. The lessee under any such new lease will have the same right, title and interest in and to the Improvements as Lessee had under this Lease. If more than one Qualified Mortgagee should properly notify Lessor that it would like to attorn to Lessor according to this Section 11.3(c), Lessor will only be required to accept attornment by that Qualified Mortgagee whose Leasehold Mortgage was recorded first in the real property records of the county in which the Premises are located. The right to attorn to Lessor and assume Lessee's rights under this Lease or enter into a new lease with Lessor according to this Section 11.3(c) will be prior and superior to any Sublessee's right to attorn to Lessor according to Section 11.1, regardless of which right was exercised first, and in the event that both a Sublessee according to Section 11.1 and a Qualified Mortgagee according to this Section 11.3(c) desire to attorn to Lessor, Lessor will only be obligated and entitled to accept attornment of the Qualified Mortgagee exercising its rights under this Section 11.3(c). If a dispute as to priority between one or more Sublessees or Qualified Mortgagees who wish to attorn according to either Section 11.1 or this Section 11.3(c) should arise, Lessor may interplead all such persons and be dismissed from such action.

(d) Prohibition Against Mutual Rescission. No mutual termination, cancellation or rescission of this Lease by Lessor and Lessee will be effective unless and

until the same is approved in writing by each Qualified Mortgagee. All rights and remedies of the Qualified Mortgagee hereunder will be cumulative with, in addition to and non-exclusive of one another.

11.4 Assignment by Lessor. If Lessor sells or otherwise transfers the Land, or if Lessor assigns its interest in this Lease, such purchaser, transferee or assignee thereof shall be deemed to have assumed Lessor's obligations hereunder which arise on or after the date of sale or transfer, and Lessor shall thereupon be relieved of all liabilities hereunder accruing from and after the date of such transfer or assignment, but this Lease shall otherwise remain in full force and effect.

12. INTENTIONALLY DELETED.

13. LEASE EXPIRATION.

13.1 Condition at End of Lease. Upon vacating the Premises on the Expiration Date, Lessee shall leave the Premises in the state of repair and cleanliness required to be maintained by Lessee during the Term of this Lease and shall peaceably surrender the same to Lessor.

13.2 Lessee Shall Yield Premises. The Lessee shall upon the termination of this Lease peaceably yield up and surrender the possession of the land to the Lessor or its agents or to subsequent lessees or grantees for any cause.

13.3 Holding Over. Should the Lessee remain in possession of the Premises after the Expiration Date or termination without a written agreement providing for the same, Lessee will, at Lessor's option be deemed to be a tenant from month to month, at a monthly Base Rent, payable in advance, equal to 150% of monthly Base Rent payable during the last full "Lease Year" prior to the Expiration Date or termination of this Lease, and Lessee will be bound by all of the other terms, covenants and agreements of this Lease as the same may apply to a month-to-month tenancy.

14. LIENS AND ESTOPPEL CERTIFICATES.

14.1 Liens. Lessee will not allow to be recorded, filed, claimed or asserted against the Premises any mechanic's lien for supplies, machinery, tools, equipment, labor or material contracted for, by, through or under such party and furnished or used in connection with any construction, development, alteration, improvement, addition to, demolition of or repair to or maintenance of any Building or other Improvement, or any tax lien, judgment lien or other involuntary lien of any nature arising by, through or under such party, and if the Lessee causes or permits any such lien to be so recorded, filed, claimed or asserted, the Lessee will cause the same to be released or discharged within 90 days thereafter. If the Lessee defaults under the foregoing covenant, then the Lessor may cause any such claimed lien to be released of record by bonding or payment or any other means available. All sums paid and costs and expenses, including reasonable attorneys' fees, incurred by the Lessor in connection therewith, together with interest on all such sums at the Default Rate from the date incurred until paid, will be due and owing from the Lessee to the Lessor upon demand therefore. The provisions of this Section 14.1 are subject in all respects to those set forth in Section 14.2 below.

14.2 Lien Contests. If Lessee has a good faith dispute as to any lien for which Lessee is responsible according to Section 14.1 Lessee may contest the same by appropriate proceedings so long as Lessee bonds over the lien or deposits with Lessor security in an amount acceptable to Lessor (but in no event more than the amount required by applicable Laws) which may be used by Lessor to release such lien and pay interest and costs if Lessee's contest is abandoned or is unsuccessful. Upon final determination of any permitted contest, Lessee will immediately pay any judgment rendered and cause the lien to be released. So long as Lessee is acting in conformity with this Section 14.2, Lessor will have no right to exercise its remedies under Section 14.1.

14.3 Estoppel Certificates. Lessor and Lessee agree that at any time and from time to time (but on not less than 10 days' prior request by the other party), each party will execute, acknowledge and deliver to the other a certificate indicating any or all of the following: (a) the date on which the Term commenced and the date on which it is then scheduled to expire; (b) that this Lease is unmodified and in full force and effect (or, if there have been modifications, that this Lease is in full force and effect, as modified, and stating the date and nature of each modification); (c) the date, if any, through which Base Rent had been paid; (d) that no Default by Lessor or Default by Lessee exists which has not been cured, except as to defaults stated in such certificate; (e) that the responding party has no existing defenses or set-offs to enforcement of this Lease, except as specifically stated in such certificate; and (f) such other matters as may be reasonably requested by the requesting party. Any such certificate may be relied upon by the requesting party and, if Lessor is the requesting party, by any prospective purchaser of Lessor's reversionary interest in the Premises, or if Lessee is the requesting party, by any or present or prospective Leasehold Mortgagee, Sublessee or assignee of Lessee's interest under this Lease.

15. DEFAULTS BY LESSEE AND LESSOR'S REMEDIES.

15.1 Defaults by Lessee. Each of the following events will constitute a "Default by Lessee" under this Lease:

(a) Failure to Pay Rent. Lessee fails to pay any Base Rent or any other Rent payable by Lessee under the terms of this Lease when due, and such failure continues for 10 days after written notice from Lessor to Lessee of such failure.

(b) Failure to Perform Other Obligations. Lessee breaches or fails to comply with any provision of this Lease applicable to Lessee other than a covenant to pay Rent, and such breach or noncompliance continues for a period of 30 days after written notice thereof from Lessor to Lessee; or, if such breach or noncompliance cannot be reasonably cured within such 30-day period, Lessee does not commence to cure such breach or noncompliance within such 30-day period and thereafter pursue such cure in good faith to completion.

(c) Execution and Attachment Against Lessee. Lessee's interest under this Lease or in the Premises is taken upon execution or by other process of law directed against Lessee, or is subject to any attachment by any creditor or claimant against Lessee and such attachment is not discharged or disposed of within 90 days after levy or such

longer time as may be necessary to effectuate a discharge or disposal of the attachment provided that Lessee is diligently contesting the attachment.

15.2 Lessor's Remedies. Time is of the essence. If any Default by Lessee occurs, Lessor will have the right, at Lessor's election, then or at any later time prior to Lessee's cure, to exercise any one or more of the remedies described below. Exercise of any of such remedies will not prevent the concurrent or subsequent exercise of any other remedy provided for in this Lease or otherwise available to Lessor at law or in equity.

(a) Cure by Lessor. Where there is a Default by Lessee, Lessor may, at Lessor's option but without obligation to do so, and without releasing Lessee from any obligations under this Lease, make any payment or take any action as Lessor deems necessary or desirable to cure any Default by Lessee in such manner and to such extent as Lessor in good faith deems necessary or desirable, provided that, prior to making any such payment or taking any such action, Lessor notifies Lessee in writing of Lessor's intention to do so and affords Lessee at least 10 days in which to make such payment or take such action. Lessee will pay Lessor, upon written demand, all advances, costs and expenses of Lessor in connection with making any such payment or taking any such action, including reasonable attorney's fees, together with interest at the Default Rate, from the date of payment of any such advances, costs and expenses by Lessor, together with all past-due rentals, accrued Late Fees, and interest at the Default Rate from the date payment was due.

(b) Termination of Lease. Where there is a Default by Lessee, Lessor may terminate this Lease, effective at such time as may be specified by written notice to Lessee, and demand (and, if such demand is refused, recover) possession of the Premises from Lessee. In such event, Lessor will be entitled to recover from Lessee such damages as are allowable by applicable Laws.

(c) Repossession and Reletting. Where there is a Default by Lessee, Lessor may reenter and take possession of all or any part of the Premises, without additional demand or notice, and repossess the same and expel Lessee and any party claiming by, through or under Lessee, and remove the effects of both using such force for such purposes as may be necessary, without being liable for prosecution for such action or being deemed guilty of any manner of trespass, and without prejudice to any remedies for arrears of Rent or right to bring any proceeding for breach of covenants or conditions. No such reentry or taking possession of the Premises by Lessor will be construed as an election by Lessor to terminate this Lease unless a notice of such intention is given to Lessee. No notice from Lessor or notice given under a forcible entry and detainer statute or similar Laws will constitute an election by Lessor to terminate this Lease unless such notice specifically so states. Lessor reserves the right, following any reentry or reletting, to exercise its right to terminate this Lease by giving Lessee such notice, in which event the Lease will terminate as specified in such notice. After recovering possession of the Premises, Lessor will use reasonable efforts to relet the Premises on commercially reasonable terms and conditions. Lessor may make such repairs, alterations or improvements as Lessor considers appropriate to accomplish such reletting, and Lessee will reimburse Lessor upon demand for all reasonable costs and expenses, including

reasonable attorneys' fees, which Lessor may incur in connection with such reletting. Lessor may collect and receive the rents for such reletting but Lessor will in no way be responsible or liable for any inability to relet the Premises or to collect any rent due upon such reletting. Regardless of Lessor's recovery of possession of the Premises, so long as this Lease is not terminated Lessee will continue to pay on the dates specified in this Lease, the Base Rent and other Rent which would be payable if such repossession had not occurred, less a credit for the net amounts, if any, actually received by Lessor through any reletting of the Premises.

(d) Receiver. To properly effectuate the recovery of damages and other sums owing from Lessee to Lessor hereunder following a Default by Lessee, Lessor, in conjunction with any dispossession proceeding commenced pursuant to this Lease may seek an appointment of a receiver by a court of competent jurisdiction to the extent provided for in and compliance with the requirements of Title 25, Chapter 14, Part 2 of the Montana Code Annotated and Rule 66 of the Montana Rules of Civil Procedure, as they may be amended. In no event will Lessor be obligated to post a bond in connection with the appointment of a receiver.

(e) Bankruptcy Relief. Nothing contained in this Lease will limit or prejudice Lessor's right to obtain adequate assurances of the Lessee's future performance under 11 USC Section 365 or other applicable laws, or any other legal rights, in any bankruptcy, insolvency, receivership, reorganization or dissolution proceeding.

16. DEFAULTS BY LESSOR AND LESSEE'S REMEDIES.

16.1 Defaults by Lessor. The following event will constitute a "Default by Lessor" under this Lease: Lessor breaches or fails to comply with any provision of this Lease applicable to Lessor, and such breach or noncompliance continues for a period of 30 days after notice thereof from Lessee to Lessor; or, if such breach or noncompliance cannot be reasonably cured within such 30-day period, Lessor does not commence to cure such breach or noncompliance within such 30-day period or does not thereafter pursue such cure in good faith to completion; provided, however, that any such cure period will terminate at such time, if ever, as the subject breach or failure to comply results in an actual or constructive eviction of Lessee.

16.2 Lessee's Remedies. Time is of the essence. If any Default by Lessor occurs, Lessee will have the right, at Lessee's election, then or at any later time, to exercise any one or more of the remedies described below. Exercise of any of such remedies will not prevent the concurrent or subsequent exercise of any other remedy provided for in this Lease or otherwise available to Lessee at law or in equity.

(a) Cure by Lessee. Lessee may, at Lessee's option but without obligation to do so, and without releasing Lessor from any obligations under this Lease, make any payment or take any action as Lessee deems necessary or desirable to cure any Default by Lessor in such manner and to such extent as Lessee in good faith deems necessary or desirable, provided that, prior to making any such payment or taking any such action, Lessee notifies Lessor of Lessee's intention to do so and affords Lessor at least 10 days in which to make such payment or take such action. Lessor will pay Lessee, upon demand,

all advances, costs and expenses of Lessee in connection with making any such payment or taking any such action, together with interest at the Default Rate, from the date of payment of any such advances, costs and expenses by Lessee.

(b) Damages. Regardless of whether this Lease is terminated, Lessee may commence and pursue any lawful action in any court or before any other proper tribunal to recover such damages as may be allowable as a result of or in connection with the Default by Lessor. Lessor acknowledges that Lessee is relying upon Lessor's performance and observance of its obligations hereunder in entering into Subleases and in developing, constructing and operating or causing to be developed, constructed and operated income-earning Improvements.

17. MISCELLANEOUS.

17.1 Security Deposit. Upon execution of this lease, Lessee shall deposit with Lessor the \$50,000 Security Deposit which: (a) shall be held by Lessor in an interest-bearing account as security for the performance of Lessee's obligations under this Lease; (b) shall not in any way be deemed an advance rental deposit or a measure of Lessor's damages upon a Default by Lessee beyond the expiration of any applicable cure periods; (c) Lessor may, from time to time after a Default by Lessee which is not cured prior to the expiration of any applicable cure periods but without obligation to do so or prejudice to or waiver of any other remedy available to Lessor, use or apply the principle and accrued interest in the manner and to the extent deemed appropriate or necessary by Lessor, in its sole discretion (an "Application"), following notice to Lessee of the proposed Application and the expiration of ten (10) days during which Lessee shall have failed to cure the Default by Lessee, to remedy, cure, or otherwise address the Default by Lessee, which Application shall not, except to the extent provided by this Lease, cure or waive such Default by Lessee; and (d) shall, following any Application, be restored to its original amount upon request by Lessor. Unless otherwise required by applicable Laws, Lessor: (a) shall not be required to segregate the Deposit from other funds of Lessor; (b) may use the Deposit for such purposes as Lessor may determine; (c) shall, in the event of an assignment or other transfer of Lessor's interest in this Lease, transfer the Deposit to Lessor's successor-in-interest, whereupon Lessor shall be automatically deemed released from all liability in connection with the Deposit; and (d) shall, within 120 days after the expiration or earlier termination of this Lease, return the Security Deposit, or the balance thereof remaining after any Application, to Lessee.

17.2 Notices. All notices required or permitted under this Lease must be in writing and will only be deemed properly given and received (a) when actually given and received, if delivered in person to a party who acknowledges receipt in writing; or (b) one business day after deposit with a private courier or overnight delivery service, if such courier or service obtains a written acknowledgment of receipt; or (c) 10 business days after the date postmarked on the cover of any correspondence or notice when deposited in the United States mails, certified – return receipt requested, with postage prepaid. All such notices must be transmitted by one of the methods described above to the party to receive the notice at, in the case of notices to Lessor, Lessor's Address, in the case of notices to Lessee, Lessee's Address, and in the case of notices to a Qualified Mortgagee, the address set forth as its notice address in its most recent notice to Lessor, or, in any case, at such other address(es) as Lessor, Lessee or a Qualified Mortgagee may notify the others according to this Section 17.2.

17.3 Binding Effect. Each of the provisions of this Lease will extend to bind or inure to the benefit of, as the case may be, Lessor and Lessee, and their respective heirs, successors and assigns.

17.4 Modifications. This instrument contains the entire agreement between the parties, and no statement, promises or inducements made by either party, or agents of either party, which are not contained in this Lease shall be valid or binding and this Lease may not be enlarged, modified or altered except as provided in this Lease or unless signed by the parties. If executed properly under this section, modifications of this Lease do not need independent consideration to be legally enforceable.

17.5 Enforcement Expenses. Regardless of any statutory rights, each party agrees to bear their own costs, charges and expenses, including the fees and out-of-pocket expenses of attorneys, agents and others retained, incurred in successfully enforcing the other party's obligations under this Lease.

17.6 No Waiver. No waiver of any provision of this Lease will be implied by any failure of either party to enforce any remedy upon the violation of such provision, even if such violation is continued or repeated subsequently. No express waiver will affect any provision other than the one specified in such waiver, and that only for the time and in the manner specifically stated.

17.7 Memorandum Notice of Lease. Upon the request of either party, Lessor and Lessee will, in form satisfactory to Lessor and Lessee, cause to be prepared and will execute, acknowledge and deliver a short memorandum notice of this Lease in recordable form which either party may record in the real property records of the county in which the Premises are located to give constructive notice of the existence of this Lease. The terms and conditions of this Lease are controlling over any memorandum notice later prepared by the Lessor and Lessee.

17.8 Captions. The captions of sections are for convenience of reference only and will not be deemed to limit, construe, affect or alter the meaning of such sections.

17.9 Severability. If any provision of this Lease is declared void or unenforceable by a final judicial or administrative order, this Lease will continue in full force and effect, except that the void or unenforceable provision will be deemed deleted and replaced with a provision as similar in terms to such void or unenforceable provision as may be possible and be valid and enforceable.

17.10 Waiver of Jury Trial. Lessor and Lessee waive trial by jury in any action, proceeding or counterclaim brought by Lessor or Lessee against the other with respect to any matter arising out of or in connection with this Lease, Lessee's use and occupancy of the Premises, or the relationship of Lessor and Lessee.

17.11 Authority to Bind. The individuals signing this Lease on behalf of Lessor and Lessee represent and warrant that they are empowered and duly authorized to bind Lessor or Lessee, as the case may be, to this Lease according to its terms.

17.12 Only Lessor/Lessee Relationship. Lessor and Lessee agree that neither any provision of this Lease nor any act of the parties will be deemed to create any relationship between Lessor and Lessee other than the relationship of Lessor and Lessee.

17.13 Reservation of Oil, Gas, and Minerals. In consideration of \$2,000 paid at the commencement of this Lease in addition to any other payments to be made by the Lessee, Lessor expressly excepts and reserves from this Lease all rights (“Mineral Rights”) to all oil, gas and other minerals in, on or under the Land and that might be produced or mined from the Land; provided, however, that there shall be no drilling, mining or other surface disturbance will be undertaken on the surface of this lease, nor shall the Premises, or the area within 500 feet of the Premises (the “Buffer Area”) to the extent Lessor owns the Mineral Rights in the Buffer Area, for purposes of conducting any activity (“Mineral Activity”) for or related to the exploration, development or production of oil, gas or other minerals. Subsurface mining of the Premises and the Buffer Area will be allowed provided that the same (a) is in compliance with Laws, (b) does not interfere with the Lessee’s right to subjacent support of the Premises, (c) does not interfere with the use and occupancy or enjoyment of the Premises by Lessee or any of its sublessees, successors or assigns, and (d) does not create vibrations which would interfere with the construction, maintenance, use or occupancy of the Project or the Improvements. In addition, (w) Lessor represents and warrants to Lessee that Lessor has not granted, conveyed or leased to any third party any Mineral Rights in or on the Land or the Buffer Area, (x) Lessor agrees that any grant, conveyance or lease of Mineral Rights in or on the Premises or the Buffer Area shall be expressly made subject to the provisions of this Section 17.13, (y) Lessor shall not oppose or refuse to grant its approval of any development, construction or operation of the Project based upon its Mineral Rights in the Premises or the Buffer Area, and (z) Lessor shall be responsible for any and all damages that Lessee may incur as a result of any Mineral Activity in, on or under the Premises or the Buffer Area in contravention of the provisions, during the Term of this Lease

17.14 Reasonableness. At any time during this Lease, if Lessee is to use reasonable judgment, it shall be deemed to mean ordinary business judgment.

17.15 Governing Law; Venue and Jurisdiction. This Lease will be governed by and construed according to the laws of the State of Montana. The district courts of the State of Montana and located in Lewis and Clark County shall have exclusive, original jurisdiction to hear, determine and render judgment on any claim or dispute arising out of this Lease.

17.16 Time of Essence. Time is expressly declared to be of the essence of this Lease and each and every covenant of Lessee hereunder.

17.17 Broker. Lessor and Lessee represent and warrant that no broker or agent negotiated, or was instrumental in negotiating or consummating this Lease (the “Brokers”). Neither party knows of any other real estate broker or agent who is or might be entitled to a commission or compensation in connection with this Lease. Lessor and Lessee will pay all fees, commissions or other compensation payable to the Brokers pursuant to a separate agreement entered into by Lessor and Lessee. Lessee and Lessor will indemnify and hold each other harmless from all damages paid or incurred by the other resulting from any claims asserted against either party by brokers or agents claiming through the other party.

17.18 Lessor May Inspect Premises. SCHEDULE 1 TO EXHIBIT B

MARKET ADJUSTMENT PROVISIONS

The Base Rent for the Premises shall be subject to a market adjustment determined in accordance with the provisions of this **Schedule 1** (“Market Adjustment”) on the date(s) set forth in the preceding provisions of this **Exhibit B**. The process for the Market Adjustment will commence on the date that is 18 months prior to the first day of the 21st Lease year (the “Market Date”).

The Market Adjustment will be determined by appraisal in accordance with the following provisions:

1. Selection of Appraisers. Within five days following the Market Date, Lessor and Lessee shall each hire an appraiser meeting the qualifications set forth in Section 3 below of this **Schedule 1** and shall instruct such appraiser to prepare an appraisal of the fair market value of the Premises based upon the assumptions and meeting the requirements set forth in Section 4 of this of this **Schedule 1**. The appraiser so retained by Lessor is herein referred to as “Lessor's Appraiser,” and the appraisal prepared by Lessor's Appraiser is herein referred to as “Lessor's Appraisal.” The appraiser so retained by Lessee is herein referred to as “Lessee's Appraiser,” and the appraisal prepared by Lessee's Appraiser is herein referred to as “Lessee's Appraisal.” Each appraiser shall be subject to the approval of the other party, which approval will not be unreasonably withheld, conditioned or delayed. Lessor's Appraisal and Lessee's Appraisal are collectively herein referred to as the “Party Appraisals.” Lessor's Appraiser and Lessee's Appraiser shall each be instructed to complete their respective appraisals and deliver their results to both Lessor and Lessee simultaneously within 60 days following the Market Date.

2. Determination of Base Rent.

2.1 If the positive difference between the dollar amount of Lessor's Appraisal and the dollar amount of Lessee's Appraisal is equal to or less than 10% of the lower in dollar amount of the two Party Appraisals, then the Base Rent Factor (as hereinafter defined) shall be deemed to be the mathematical average of the two Party Appraisals.

2.2 If the positive difference between the dollar amount of Lessor's Appraisal and the dollar amount of Lessee's Appraisal is greater than 10% of the lower in dollar amount of the two Party Appraisals, then:

(a) Lessor and Lessee shall have 30 days within which to agree upon the Base Rent Factor; and

(b) If Lessor and Lessee are unable, within such 30 day period, to agree upon the Base Rent Factor, then Lessor's Appraiser and Lessee's Appraiser shall jointly select a third appraiser meeting the qualifications set forth in Section 3 of this **Schedule 1** (the “Third Appraiser”) and instruct such Third Appraiser to prepare an appraisal of the fair market value of the Premises based upon the assumptions and meeting the requirements set forth in Section 4 of this

Schedule 1 (the “Third Appraisal”). The Third Appraiser shall be provided copies of all data utilized by Lessor’s Appraiser and Lessee’s Appraiser in preparing the Party Appraisals, as well as copies of Lessor’s Appraisal and Lessee’s Appraisal. The Third Appraiser shall be given 30 days within which to prepare and deliver the Third Appraisal to both Lessor and Lessee simultaneously. Each of Lessor’s Appraisal, Lessee’s Appraisal and the Third Appraisal are sometimes herein referred to individually as an “Appraisal” and collectively (in any combination or two or more) as the “Appraisals.”

(c) In the event a Third Appraisal is required as aforesaid, the Base Rent Factor shall be deemed to be the mathematical average of the two Appraisals that are closest in dollar amount. Should the dollar amount of any one of the Appraisals happen to be exactly equal to the mathematical average of the other two Appraisals, then such dollar amount shall constitute the Base Rent Factor hereunder.

The Base Rent Factor determined in accordance with the foregoing provisions shall be binding and conclusive on the parties. “Base Rent Factor” means the per square foot fair market value of the Premises. Base Rent for the Premises, as adjusted by the Market Adjustment, shall be amount obtained by (a) multiplying the Base Rent Factor by the number of square feet of area of the Land of the Premises, and (b) multiplying the resulting product by 5%.

3. Qualifications of Appraisers; Replacement. THIS GROUND LESSOR NON-DISTURBANCE AND ATTORNMENT AGREEMENT (this "Agreement") is made this _____ day of _____, 20_____, by and among _____, _____ ("Lessor"), _____, _____ ("Ground Lessor"), and _____, a _____ ("Lessee").

RECITALS

A. Ground Lessor is the owner of certain real property (the "Real Property") that Ground Lessor has leased to Lessor pursuant to the terms of that certain Victory Commons Commercial Ground Lease between Ground Lessor and Lessor dated _____, 2014 (the "Ground Lease"). The Real Property is more particularly described in the Ground Lease.

B. Lessor and Lessee have entered into a Lease (the "Lease"), dated _____, 20_____, demising a portion of the Real Property to Lessee as further described in the Lease (the "Leased Premises").

C. Ground Lessor, Lessor and Lessee are executing this Agreement to provide Lessee and Ground Lessor with certain rights upon expiration and/or termination of the Ground Lease.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises herein contained and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Lessee, Lessor and Ground Lessor, intending to be legally bound hereby, covenant and agree as follows:

1. Consent. Ground Lessor hereby consents to and approves of the Lease and the leasing of the Leased Premises to Lessee. In addition, Ground Lessor consents to and approves of the construction of the improvements described in the Lease and all alterations and modifications required in connection therewith so long as the same comply with the Ground Lease.

2. Status of Ground Lease. Ground Lessor represents and warrants to Lessee that as of the date of this Agreement: (a) Ground Lessor is the "Lessor" under the Ground Lease; (b) Ground Lessor is the sole holder of fee title to the Leased Premises; and (c) Ground Lessor has the full right and authority to enter into this Agreement. Ground Lessor further represents and warrants to Lessee that, to the best of Ground Lessor's knowledge and belief: (i) the Ground Lease is unmodified and in full force and effect and represents a valid lease of the Real Property; and (ii) neither Ground Lessor nor Lessor are in default under any terms or conditions of the Ground Lease.

3. Non-Disturbance. Provided that Lessee is not in default under the Lease or this Agreement beyond any applicable notice and cure period, Ground Lessor hereby agrees that Ground Lessor: (a) shall not disturb or deprive Lessee in or of its use, quiet enjoyment and possession (or its right to use, quiet enjoyment and possession) of the Leased Premises, or of any part thereof, or any right, benefit or privilege granted to or inuring to the benefit of Lessee under the Lease (including any right of renewal or extension thereof); (b) shall not terminate or affect the Lease; (c) shall recognize Lessee's rights, benefits and privileges under the Lease; and (d) shall recognize the leasehold estate of Lessee under all of the terms, covenants and conditions of the Lease for the remaining balance of the term of the Lease with the same force and effect as if Ground Lessor were the Lessor under the Lease. Ground Lessor covenants that any sale by it of the Leased Premises shall be made subject to the Lease and the rights of Lessee thereunder.

4. Ground Lessor's Rights. By virtue of the attornment of Lessee set forth herein, Ground Lessor shall be entitled to exercise the claims, rights, powers, privileges, options and remedies of Lessor under the Lease and shall be further entitled to the benefits of, and to receive and enforce performance of, all of the covenants to be performed by Lessee under the Lease as though Ground Lessor were named therein as Lessor. Ground Lessor shall not, by virtue of the operation of this Agreement, be or become:

(a) Liable for any act or omission of Lessor arising prior to the date Ground Lessee takes possession of Lessee's interest in the Lease except to the extent such act or omission is of a continuing nature, such as, for example, a repair obligation;

(b) Liable for any offsets or deficiencies which Lessee might be entitled to assert against Lessor arising prior to the date Ground Lessor takes possession of Lessor's interest in the Lease, except to the extent that Ground Lessor has received the benefit of the act of Lessee giving rise to the right of deduction, such as, for example, relief of an obligation that would otherwise have been paid by Ground Lessor as Lessor under the Lease;

(c) Bound by any payment of rent or additional rent made by Lessee to Lessor for more than one month in advance, which payment was not required under the terms of the Lease; or

5. Attornment. In the event of the termination or expiration of the term of the Ground Lease for any reason whatsoever, and if Lessee is not in default under the terms and conditions of the Lease beyond any applicable notice and cure period, then, and in any such event, Lessee shall not be made a party in the action or proceeding to terminate the Ground Lease. Further, notwithstanding any contrary provisions in the Ground Lease, provided that Lessee is not in default under the Lease or this Agreement beyond any applicable notice and cure period, Lessee shall not be evicted or moved or its possession or right to possession under the terms of the Lease be disturbed or in any way interfered with. Subject to the provisions of this Agreement, Lessee will attorn to Ground Lessor or any other party which obtains title to the Leased Premises pursuant to any remedy provided for by the Ground Lease or otherwise. Such attornment shall be effective and self-operative without the execution of any other instruments on the part of any party, provided that Ground Lessor notifies Lessee thereof, and in all events, the Lease shall continue in full force and effect, subject to the terms of this Agreement, as a

direct Lease between Ground Lessor (or such party) and Lessee under all of the exact and verbatim terms and provisions of the Lease (including any rights of Lessee to renew or extend the term thereof), without the necessity for executing any new lease. In the event of such attainment, Ground Lessor shall be deemed to have assumed and shall assume, subject to the provisions of Section 4 herein, the performance of all of the affirmative covenants of Lessor occurring under the Lease from and after the time Ground Lessor becomes Lessor and until such time as such obligations are assumed by a bona fide purchaser, if any.

6. Acknowledgement of Lessee. Lessee acknowledges and agrees that this Agreement satisfies any condition or requirement for a non-disturbance agreement from Ground Lessor pursuant to the terms of the Lease. Except as otherwise expressly set forth in this Agreement, Lessee agrees that in the event of a conflict between the terms and provisions of the Lease and the terms and provisions of the Ground Lease, the terms and provisions of the Ground Lease will control.

7. Notice of Payment. After notice is given to Lessee by Ground Lessor pursuant hereto that the Ground Lease has been terminated or has expired and that the rentals under the Lease should be paid to Ground Lessor, Lessee shall pay to Ground Lessor, or in accordance with the directions of Ground Lessor, all rentals and other monies due and to become due to the Lessor under the Lease, and Lessor hereby expressly authorizes Lessee to make such payments to Ground Lessor and hereby releases and discharges Lessee of any from any liability to Lessor on account of any such payments.

8. Modifications. On and after the date of the Lease and throughout the term of the Lease, Ground Lessor and Lessor shall not enter into any cancellation, amendment or termination of the Ground Lease, which would materially and adversely affect Lessee's leasehold interest or Lessee's business operation in the Leased Premises, without Lessee's prior written consent, which consent shall not be arbitrarily withheld or delayed.

9. Terms of Lease. Lessee has the following renewal/ extension option(s): _____; with the following percentage increases in the fixed monthly minimum rent _____.

10. Liability. Ground Lessor and Lessee agree that neither of them has any liability to the other by reason of any default by Lessor under the Ground Lease, and that their only liability to each other with respect to Lessee's use of the Leased Premises is as expressly provided herein. Furthermore, Lessee has no liability to Ground Lessor under the Lease until the expiration or earlier termination of the Ground Lease and Ground Lessor's assumption of the Lease, pursuant to Section 5 of this Agreement. Nothing contained herein or in the Lease releases Lessor from its obligations under the Ground Lease.

11. Amendments. No modification, amendment, waiver or release of any provision of this Agreement or of any right, obligation, claim or cause of action arising hereunder shall be valid or binding for any purpose whatsoever unless in writing and duly executed by the party against which the same is brought to be asserted. This Agreement: (a) contains the entire understanding of Ground Lessor, Lessor and Lessee regarding the matters dealt with herein (any prior written or oral agreements between them as to such matters being superseded hereby); and

(b) can be modified or waived in whole or in part only by a written instrument signed on behalf of the party against whom enforcement of the modification or waiver is sought.

12. Litigation. Provided that Lessee is not in default under the Lease beyond any applicable notice and cure period, Ground Lessor shall not institute any litigation naming Lessee as a defendant or otherwise terminating Lessee’s leasehold interest in the Leased Premises unless Lessee is required to be named in such litigation by law, and only so long as Lessee’s failure to defend against any such action shall not result in a waiver of its rights to continued possession under the Lease as set forth in this Agreement. The term Ground Lessor as used herein shall include any successor-in-interest to Ground Lessor.

13. Miscellaneous. This Agreement shall inure to the benefit of and shall be binding upon Lessee, Lessor and Ground Lessor, and their respective heirs, personal representatives, successors and assigns. In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement, but this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained therein. This Agreement shall be governed by and construed according to the laws of the State of Montana.

Item Summary

The Department of Natural Resources and Conservation (DNRC) is requesting to set the minimum bid on one parcel totaling 6.64 acres which was nominated for sale in Gallatin County. The sale was nominated by the lessee and is located approximately 20 miles northwest of Bozeman.

Sale #	# of Acres	Legal	Nominator	Trust
692	6.64	PT N½N½NE¼NE¼, Section 16, T1S-R3E	Dan & Nancy Bates	Common Schools

Sale parcel 692 is currently leased as a home site.

The parcel is legally accessible by the public by a county road.

No potentially negative issues were identified through the MEPA process regarding the sale of this parcel.

Economic Analysis:

Short-term – The rate of return on the sale parcel is 11.57%. The parcel would continue to receive this return if it remains in state ownership.

Long-term – The funds from the sale of this parcel would be combined with other sale funds to purchase replacement lands through the department’s Land Banking program. Lands purchased are required to have an equal or greater rate of return than the combined lands that generated the sale funds used for the purchase. To date, the average annual rate of return on acquisitions has been 1.97% on acquisitions with income generated from annual lease payments.

Cultural/Paleontological Resources:

A Class I level of cultural resource inventory was conducted for the proposed sale. Home sites typically contain numerous structures and/or a plethora of debris strewn about the ground surface—none of which is state property. Additionally, the ground surfaces within most home sites have been variously disturbed over the course of many years of occupation and development. This sale of will have no effect to state owned Heritage Properties.

Item Summary

At their March 18, 2014 meeting the Land Board conditionally approved an access road easement to applicant's private land, described as a 5-acre parcel created by family transfer out of an existing 40-acre parcel in the Lyons Creek Ranch subdivision. Covenants of the subdivision prohibit further subdivision of any 40-acre parcel unless 75% of the landowners within the subdivision agree to waive the condition. The board conditioned the grant of the easement upon receipt of the waiver. Applicant has not been successful in achieving the required 75% landowner consent. Pursuant to DNRC legal counsel review, it was determined that so long as a title company was willing to insure access across intervening private lands within the subdivision through a title commitment the state would waive the condition requiring 75% landowner consent. Applicant has provided the DNRC with a title commitment underwritten by First American Title Insurance Company that insures said access.

DNRC Recommendation

The director recommends the board rescind its March 18, 2014, condition of the waiver and approve the grant of this private access road easement without any conditions.

Compensation:	\$11,200.00
Legal Description:	tract of land in NW4NE4, Sec. 36, Twp. 2N, Rge. 8W, Silver Bow County
Trust Beneficiary:	Common Schools

Item Summary

Butte-Silver Bow (BSB) municipal government has requested a permanent easement for lands to support a new water treatment facility for the city of Butte. In order to meet Environmental Protection Agency (EPA) and Montana Department of Environmental Quality (DEQ) requirements and to allow continued use of the water source (Basin Creek Reservoir), a new membrane filtration water treatment plant must be constructed. The new plant is part of a major upgrade for that portion of the municipal water system provided by the Basin Creek Reservoir. The Herman Gulch location is an ideal site for the new water treatment plant as it will allow gravity flow of Basin Creek Reservoir water through the treatment plant without breaking to atmosphere. Pumping of treated water will be required only during peak flow events. State trust lands would be used for pressurizing infrastructure and to stabilize the site location.

DNRC Recommendation

The director recommends approval of this water treatment facility request.

Item Summary

Montana Department of Transportation (MDT) has made application for highway construction and maintenance including occupancy of public utilities for a project known as a safety improvement project north of Havre. The scope and purpose of the project is to address single vehicle off road overturning crashes on the curve. This project has been nominated as a reconstruct project to correct the curve and realignment of the intersection with Secondary-233. The work will include curve correction with new surfacing, grading, pavement markings and signing. This project will extend from route post (RP) 3.6 to RP 4.1 to connect to HSIP 232-1(6)4 which was constructed in 2008. This project ties in with the realignment of North Central Water Authority's buried water line which is pages 68 & 69 on the agenda. There are an additional .91 acres in question as to the status of the county road in the N2N2NW4. This could increase the value of the easement by \$865.00 (.91 ac x \$950.00/ac).

DNRC Recommendation

The director recommends approval of this highway construction project.

Item Summary

In 2001 the Land Board granted a public county road easement to Jefferson County for the old McCarty Creek Road. This county road provided access to adjacent Forest Service lands and ended at a small parking area on the Forest Service. The Forest Service land immediately adjacent to the state trust land where the parking area is located is designated as a non-motorized use area. However, Forest Service lands to the northeast are used frequently by ATV and other motorized users to travel to the historic location of Elkhorn. Litigation associated with access on private land directly north of the state section resulted in settlement discussions and compromise in locating an access trail on the private lands on the Northeastern section line of the private lands. DNRC, Jefferson County, Forest Service, representatives of an ATV group and private citizens have worked collaboratively to relocate the existing McCarty Creek Road and a parking area to the North section line of the State Trust land to connect to the access easement on the adjoining private land. As part of the relocation effort the new proposed road location will be fenced, with openings spaced periodically to allow for movement of livestock to an existing water source just North of the proposed new road location. From the DNRC perspective, this proposal will reduce interference with the use of the state section by the grazing lessee, will reduce the spread of noxious weeds and resolve the off-road vehicular use that is consistently occurring on the state section currently. The parking area will also accommodate those users that wish to park and walk/hike on the portion of Forest Service lands that are designated non-motorized. The compensation due for this amended request reflects a credit to Jefferson County for the purchase of the original McCarty Creek Road easement in 2001 and reflects the value of additional acreage needed for the relocated road and parking area only.

DNRC Recommendation

The director recommends approval of this amendment request.

Item Summary

North Central Montana Regional Water Authority has requested an amendment to their existing easement granted by the Land Board on October 10, 2009. This request is due to the Montana Department of Transportation's (MDT) plans to complete a safety improvement project for Highway 232 north of Havre. Please refer to pages 63-65 of the agenda for MDT's explanation of this project. The proposed safety improvements and geometry modifications to Highway 232 conflict with the location of the existing 6" pipeline and the associated easement. This realignment of the pipeline must be constructed prior to the start of the highway project. With this relocation of the waterline the acreage encumbrance will be less than the original easement grant, therefore DNRC recommends this amendment be approved without additional compensation.

DNRC Recommendation

The director recommends approval of this pipeline relocation amendment.
