AGENDA
REGULAR MEETING OF THE BOARD OF LAND COMMISSIONERS
July 18, 2022, at 10:30 a.m.
State Capitol, Room 303
Helena, MT

ACTION ITEMS

0722-1  **MT Department of Corrections: Howey Boundary Relocation**  APPROVED 5-0
Benefits: N/A (non-trust land)
Location: Jefferson County

0722-2  **Department of Fish, Wildlife & Parks, Purchase of Property for addition to Mt. Haggin Wildlife Management Area**  POSTPONED 8/2022 , 5-0
Benefits: N/A (non-trust land)
Location: Deer Lodge County

0722-3  **Timber Sale: Flat Schmidt**  APPROVED 5-0
Benefits: Public Buildings, Common Schools
Location: Powell County

0722-4  **Communitization Agreement: Golden Monkey #1H Well**  APPROVED 5-0
Benefits: Common Schools
Location: Rosebud County

0722-5  **Land Banking Parcel: Set Minimum Bid**  APPROVED 5-0
Benefits: Pine Hills School
Location: Chouteau County

0722-6  **Easements**  APPROVED 5-0
Benefits: Common Schools, Public Land Trust, School for Deaf and Blind
Location: Cascade, Dawson, Flathead, McCones, Missoula, Richland, Wibaux

PUBLIC COMMENT
Item Summary

The Department of Corrections (DOC) is seeking approval, pursuant to 77-2-203, MCA, for a boundary relocation to remedy an inadvertent encroachment issue. The property is located at 121 N Whitetail Rd (S-399), south of Boulder, and situated in the SE¼SW¼ of Section 4, Township 5 North, Range 4 West, Jefferson County, Montana.

In the spring of 2018, during right-of-way acquisition activities for the Montana Department of Transportation’s (MDT) STPS 399-1(9)10 South of Boulder-South project, it was discovered that improvements owned by Ona Howey, Jae Dee Howey, Gay Howey Peterson, Ina Thompson, (jointly “Howey”) which include a residence, outbuildings, and fencing improvements, are situated on land owned by the Department of Corrections. The Howeys mistakenly placed the structures on State land believing it to be their land, which abuts the State land to the east. The highway project was completed in 2021.

In a good faith effort to help the Department of Corrections and the Howeys, MDT has prepared a Certificate of Survey for a Boundary Realignment which would exchange equal areas of land (5.474 acres) between the Department of Corrections and the Howeys as depicted below and in the attached Boundary Relocation Certificate of Survey.
Land Valuation

Appraisals for strip acquisition necessary for the highway project were completed in September of 2018 for both the Department of Corrections and the Howey properties. The conclusion of value was that the tracts had the same highest and best use of grazing land at $1,200 per acre.

Due to the costs and time involved in contracting an appraisal the Department of Corrections requests the Land Board consider an exchange of property interests for the mutual benefit of the agency and the landowner who would otherwise be displaced from property long thought to be theirs.

Department of Corrections Recommendation

The Department of Corrections makes a motion that the Land Board approve the Boundary Relocation Certificate of Survey for the reasons set forth above. The proposed common boundary relocation would remedy the encroachment issues. The relocation of common boundaries will place all of the Howeys’ improvements on their property and will allow the DOC will receive an equal exchange of land that is of equal or greater value.

Attachment: Proposed Subdivision Exception – Boundary Realignment Certificate of Survey
DEPARTMENT OF FISH, WILDLIFE & PARKS

Purchase of Property for addition to Mt. Haggin Wildlife Management Area
Land Board Agenda Item

**Item Summary:** Department of Fish, Wildlife and Parks (FWP) proposes to purchase a fee simple interest in an approximately 829-acre property for an addition to the Mt. Haggin Wildlife Management Area (WMA) in Deer Lodge County, Montana ("Willow Creek Addition"). The parcel is accessed from Highway 569 and is 3-4 miles S-SE of Anaconda (see attached map). The landowners, Roger and Gayle Burnett, wish to sell this parcel to FWP at the appraised value of $2,590,000.00 to increase access and opportunities at the WMA for public hunting, fishing and recreation for neighboring residents, Deer Lodge County residents and visiting recreationists to enjoy.

The property provides habitat and potential opportunity for hunters to harvest elk, mule deer, pronghorn and ruffed grouse. Acquisition of this property would increase cohesive management of Mt. Haggin WMA, especially in terms of fire management, and would increase public access to land already managed for fisheries, wildlife and recreational opportunities. It contains one mile of Willow Creek where recent data has confirmed the presence of pure strain westslope cutthroat trout and a potential bull trout reintroduction site.

The property is bordered on the north by a subdivision, and further subdivision to the northeast and east of this property is possible. The landowners are highly motivated to sell this site to FWP to add to the WMA. If FWP does not purchase it, the property will likely be quickly sold and possibly subdivided.

Currently, this property contains three structures, but the landowners would donate these structures to FWP. Therefore, the property was appraised without the value of the three structures. FWP proposes to pay the appraised value of $ 2.59 million. The sources of funding for the purchase, as well as estimated due diligence, closing and maintenance costs, are as follows:

FWP’s intends to maintain the proposed addition for public use under the current WMA management plan. FWP will pay the equivalent of property taxes to Deer Lodge County pursuant to MCA 87-6-103.

**Public Comments:** FWP published an environmental assessment, accepted public comment for 30 days, and held a public hearing in Butte. The process generated 36 public comments including very strong support from the community. The Deer Lodge County Commissioners expressed support for this acquisition. The County Commission did express concern over increased incidents of deer and mountain lions being reported in Anaconda. This concern was addressed in the Decision Notice, released March 8th, by noting that FWP’s Region Two Supervisor met with County Commissioners to discuss solutions and that FWP had increased mountain lion quotas in the area. The Decision Notice recommended proceeding with the acquisition. The Fish and Wildlife Commission approved this purchase unanimously on June 22, 2022.

**Rationale for Land Board Action:** Anaconda and nearby communities such as Butte would benefit from this acquisition. The area's population is increasing, and with it so is the demand for public access for hunting and recreation.

**FWP Recommendation:** FWP recommends the Land Board approve FWP’s fee simple acquisition of the Willow Creek addition to Mt. Haggin Wildlife Management Area.
0722-3
TIMBER SALES:
Flat Schmidt
Land Board Agenda Item  
July 18, 2022

0722-3 Timber Sale: Flat Schmidt

Location: Powell County  
S10 & 16, T14N, R11W

Trust Beneficiaries: Public Buildings (58.9%)  
Common Schools (41.1%)

Trust Revenue: $75,054 (estimated, minimum bid)

Item Summary

Location: The Flat Schmidt Timber Sale is located approximately eight miles southwest of Ovando, Montana.

Size and Scope: The sale includes two harvest units (232 acres) of tractor logging.

Volume: The estimated harvest volume is 3,598 tons (550 MBF) of sawlog timber.

Estimated Return: The minimum bid is $20.86 per ton, which would generate approximately $75,054 for the Public Buildings and Common Schools Trusts, and approximately $11,945 in Forest Improvement fees.

Prescription: This sale would utilize individual tree selection and seed tree harvest prescriptions designed to reduce insect and disease issues, promote forest health and progression towards desired future conditions.

Road Construction/Maintenance: In conjunction with the sale, the Department of Natural Resources and Conservation (DNRC) is proposing 1.68 miles of road reconstruction and 2.03 miles of road maintenance.

Access: Access to the timber sale is obtained through Powell County and DNRC roads.

Public Comments: Eight comments were received. Five comments from near-by landowners expressed concern over roads, noxious weeds, wildlife habitat and harvest prescriptions, all of which were considered in project planning and design. Montana Department of Fish, Wildlife & Parks (FWP) expressed concern over important wildlife habitat and species of concern in the area. DNRC worked with FWP to incorporate appropriate harvest timing restrictions and habitat attributes into project design. Two tribal entities commented and the DNRC staff archaeologist conducted a Class I review of the project area, which did not identify any cultural resources.

DNRC Recommendation
The DNRC recommends the Land Board direct DNRC to sell the Flat Schmidt Timber Sale.
0722-4

COMMUNITIZATION AGREEMENT:

Golden Monkey #1H Well
0722-4  Communitization Agreement: Golden Monkey #1H Well

Location: Rosebud County
T11N R34E Sections 9 & 16

Trust Benefits: Common Schools

Trust Revenue: Unknown

Item Summary
Bluebird Energy, LLC has filed a request with the Department of Natural Resources and Conservation (DNRC) for the approval of a communitization agreement to communitize State owned acreage in conformity with Montana Board of Oil and Gas Conservation Commission (BOGC) regulations.

A communitization agreement brings together small tracts of land within a spacing unit for the distribution of production revenues. The agreement allows the State to receive its proper royalty share of production revenues from the spacing unit.

The Golden Monkey #1H well is a horizontal Heath formation oil well. The well is located approximately 30 miles northeast of Melstone and was drilled on State Trust land in Section 16. DNRC owns 320.00 acres of the 640.00 mineral acres in the permanent spacing unit that will be communitized. The Agreement encompasses any wells producing from the Heath Formation in the spacing unit comprised of Sections 9, 16 of T11N R34E.

The DNRC tract comprises 50.00% of the communitized area. DNRC will consequently receive 8.335% of all oil production (16.67% royalty rate x 50.00% tract participation).

DNRC Recommendation
The DNRC recommends the Land Board approve this Communitization Agreement.
Tract No. | Type | Acres | Tract Participation | Royalty % | Owner's Interest |
--- | --- | --- | --- | --- | --- |
1 | Fee | 320.00 | 50.000000% | 17.25% | 8.625000% |
2 | State of Montana OG-43552-18 | 320.00 | 50.000000% | 16.67% | 8.335000% |
Total | | 640.00 | 100.000000% |

*The Operator of the Communitized Area is Bluebird Energy, LLC.*
0722-5
LAND BANKING PARCEL:
Set Minimum Bid
Land Board Agenda Item  
July 18, 2022

0722-5  Land Banking Parcel: Set Minimum Bid

Location: Chouteau County
Trust Benefits: Pine Hills School
Trust Revenue: $115,000

Item Summary

The Department of Natural Resources and Conservation (DNRC) requests to set minimum bid for four parcels totaling approximately 200 acres nominated for sale in Chouteau County. The sales were nominated by the lessee and are located approximately 30 miles north of Great Falls, Montana.

<table>
<thead>

</tbody>
</table>

The sale parcels have been used primarily for livestock grazing purposes and have below average productivity for agricultural and grazing lands statewide.

Sale numbers 1176, 1177, and 1178 are surrounded by private land and are not legally accessible by the public. The sale of these parcels would not restrict or eliminate access to adjacent private land. Sale No. 1174, however, is a forty-acre portion of a legally accessible 320-acre parcel located along Bootlegger Trail. The parcel is located adjacent to an occupied dwelling and contains the driveway to the dwelling. The recreational utility of the forty-acre parcel is constrained by the location of the homesite immediately adjacent to the parcel, as ARM 36.25.139 (c) prohibits shooting within ¼ mile of an occupied dwelling. Approximately twelve acres are unencumbered by the recreational use restriction and likely receives little use.

MEPA scoping was completed, and no potentially negative issues related to the sale of these parcels were identified. Public comments received regarding these sales include one reply from Senator Russell Temple, SD 14, who expressed support of sale number 1178 only. He strongly opposed sale of the remaining three parcels (sales 1174, 1176 and 1177). Two comments in support of the sales were received after the comment period had closed from Senator Ryan Osmundson and Senator Lew Jones.
Economic Analysis:
Short term – The average rate of return on these sale parcels is shown in Figure 1. The parcels would continue to receive this return if they remained in state ownership.

Figure 1: Rates of Return at Current Appraised Values

<table>
<thead>
<tr>
<th>Sale No.</th>

</tr>
<tr>
<td>1177</td>
<td>0.43%</td>
</tr>
<tr>
<td>1178</td>
<td>0.43%</td>
</tr>
</tbody>
</table>

Long-term – The funds from the sale of these parcels would be combined with other sale funds to purchase replacement land through the department’s Land Banking program. Lands purchased are required to have an equal or greater rate of return than the combined lands that generated the sale funds used for the purchase. To date, the average annual rate of return on acquisitions has been 3.04% on acquisitions with income generated from annual lease payments.

Cultural/Paleontological Resources:
The state parcels nominated for sale were inventoried to Class III standards for cultural and paleontological resources (see DNRC inventory reports 2022-6-7 and 2008-6-2). No Antiquities, as defined under the Montana State Antiquities Act, were identified. No additional archaeological, historical, or paleontologic research is recommended in order for the land sales to move forward.

Background:
In October 2021, the Board granted preliminary approval (Approved 5-0) for these parcels to continue through the Land Banking sale evaluation process.

Appraisal:
The appraisal was prepared by Montana General Certified Appraisers J. Scott Crosby and Valerie Crosby of Crosby Analytics, LLC in Cowley, Wyoming in March of 2022.

APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant: Blackfoot Communications
1221 N. Russell Street
Missoula MT  59808

Application No.: 19278
R/W Purpose: a buried fiber optic cable
Lessee Agreement: N/A (Navigable River)
Acreage: 0.02
Compensation: $271.00
Legal Description: 20-foot strip across Lolo Creek in the SW4SW4, Sec. 35, Twp. 12N, Rge. 20W, Ravalli County
Trust Beneficiary: Public Land Trust – Navigable Rivers

Item Summary

Blackfoot Communications is installing a new fiber optic cable from Lolo to Florence to provide service to multiple new subdivisions and several cell tower sites in the area. The majority of the proposed line will lay within highway right of way, however, in order to install new service south of Lolo a crossing of Lolo Creek is necessary. Lolo Creek has historically been considered navigable and ownership of the bed of the creek has been claimed by the State of Montana. Other utilities have located in this vicinity without any issues, thus Blackfoot Communications wishes to directionally bore a new cable in this location.

DNRC Recommendation

The DNRC recommends approval of the application of Blackfoot Communications.
APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant: Lincoln Electric Cooperative, Inc.
P O Box 628
Eureka MT  59917

Application No.: 19341
R/W Purpose: a buried 14.4 kV electric distribution line
Lessee Agreement: ok
Acreage: 0.60
Compensation: $2,718.00
Legal Description: 10-foot strip through S2NE4, N2NW4SE4, Sec. 7, Twp. 32N, Rge. 23W, Flathead County
Trust Beneficiary: School for Deaf and Blind

Item Summary

Lincoln Electric Cooperative is requesting an easement to install a buried electric distribution line in conjunction with the installation of a buried fiber optic cable project with InterBel Telephone Cooperative in a shared corridor. InterBel’s request for an easement was approved at the November, 2021 Land Board meeting. This new electric line will replace overhead lines and co-locate services within existing roads to provide better service to customers in the Olney area.

DNRC Recommendation

The DNRC recommends approval of the application of Lincoln Electric Cooperative.
APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant: Montana Department of Transportation
P O Box 201001
Helena MT 59620-1601

Application No.: 19348
R/W Purpose: highway construction and maintenance, including occupancy by public utilities as defined in §69-4-101, MCA
Lessee Agreement: ok
Acreage: 0.58
Compensation: $493.00
Legal Description: Tract of land through SE4SE4, Sec. 36, Twp. 25N, Rge. 58E, Richland County
Trust Beneficiary: Common Schools

Item Summary

The Department of Transportation is proposing to reconstruct approximately 6 miles of Montana Highway 201 west of the town of Fairview. The reconstruction will consist of installation of culverts and other drainage features, realignment of the roadway, new guard rails and new signage. This project will improve the safety and drivability of the highway for the traveling public.

DNRC Recommendation

The DNRC recommends approval of the application of the Montana Department of Transportation.
APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant: Hiland Partners Holdings, LLC
P O Box 1938
Williston ND 58801

Application No.: 19349
R/W Purpose: two buried 6” crude oil pipelines and two buried 6” natural gas pipelines
Lessee Agreement: ok
Acreage: 4.43
Compensation: $35,466.00
Legal Description: 33-foot strip of land through NW4NW4 and 33-foot strip of land through NE4NW4, W2W2, Sec. 16, Twp. 23N, Rge. 55E, Richland County
Trust Beneficiary: Common Schools

Item Summary

Hiland Partners is requesting easements for existing natural gas and crude oil pipelines located in the same corridor on State Land. These pipelines were installed under a temporary Land Use License in 2010. The license is requested to be converted to a 30-year term easement. Because the pipelines are already in place there is little impact to the State Land.

DNRC Recommendation

The DNRC recommends approval of the applications of Hiland Partners Holdings, LLC for 30-year terms.
APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant: Hiland Partners Holdings, LLC

Compensation: $329.00
Legal Description: 16-foot strip through SW4SW4, Sec. 36, Twp. 27N, Rge. 47E, McCone County
Trust Beneficiary: Common Schools

Item Summary

Mid-Rivers Telephone Cooperative is requesting easements for the purpose of installing new fiber optic cable to rural areas in Dawson, McCone and Richland Counties. The project encompasses a total of 113.45 miles of new cable installation. The project has been through the Sage Grouse Program and a mitigation plan for those affected lands has been agreed to. Out of the 13 sections of State Trust Land crossed, only two sections are within Sage Grouse general habitat. Minimal impact is expected as this line will be trenches in along existing roads and trails and previously disturbed lands.

DNRC Recommendation

The DNRC recommends approval of the applications of Mid-Rivers Telephone Cooperative.

Application 19367
APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant: Reservation Telephone Cooperative
P O Box 68
Parshall ND  58770

Application No.: 19368
R/W Purpose: a buried fiber optic cable
Lessee Agreement: ok
Acreage: 2.51
Compensation: $1,506.00
Legal Description: 33-foot strip through SW4NE4, Sec. 2, Twp. 16N, Rge. 59E, Wibaux County
Trust Beneficiary: Common Schools

Item Summary

Reservation Telephone Cooperative is requesting easements to install a new fiber optic cable to provide service to rural customers in Richland and Wibaux Counties. This upgrade will replace outdated copper communications lines and provide for expanded service when needed. Minimal impacts will occur due to the line being trenched in by static plow with directional bore being used at stream crossings.

DNRC Recommendation

The DNRC recommends approval of the applications of Reservation Telephone Cooperative.

Item Summary

Continuation of Reservation Telephone applications.

DNRC Recommendation

The DNRC recommends approval as previously described.
**Item Summary**

Corey Olson is requesting a private access easement to use an existing two-track trail on State Trust land to access a parcel of land he is purchasing. The current landowners and Mr. Olson have an easement across an adjacent landowner to get to State Trust Land, however, complete access cannot be achieved without an easement granted by the Land Board. The parcel to be accessed is used for farming and ranching purposes and will remain in that use. The State Trust Land is inaccessible as the adjacent landowner does not wish to grant rights to the State and the easement granted to the private landowner and lessee cannot be expanded to include the State as an easement holder. The public can access the State Land via the Missouri River, which flows through a corner of the State’s ownership, including adjacent State Trust land.

The private land to be accessed is described as:

Lots 1-4, E2W2, NE4 of Sec. 30, Twp. 19N, Rge. 2E

**DNRC Recommendation**

The DNRC recommends approval of the application of Corey Olson.
Application 19372
