APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	Big Flat Electric Cooperative, Inc. P O Box 229 Malta MT 59538
Application No.:	16179
R/W Purpose:	an overhead 115 kV electric transmission line
Lessee Agreement:	ok
Acreage:	4.85
Compensation:	\$1,091.00
Legal Description:	80-foot strip through Gov. Lots 1, 2 and S2NE4, SE4, Sec. 6, Twp. 37N, Rge. 32E, Phillips County
Trust Beneficiary:	Common Schools
Classification:	I

This proposed transmission line is associated with the proposed Keystone XL Pipeline. The transmission line will provide necessary power for the pipeline and associated pump station facilities within applicants area of service. The impacts of the transmission lines needed for the pipeline project were included as a connected action in the Major Facility Siting Act (MFSA) EIS completed for the Keystone XL Pipeline. A Certificate was issued for the pipeline project in March, 2012.

While the pipeline project is pending issuance of a Presidential Permit due to its crossing the international border between Canada and the United States, the Land Board approved the grant of easements for the pipeline, conditioned upon Keystone receiving an approved Presidential Permit.

Thus, the Department recommends a conditional approval of the associated transmission facilities pending issuance of the Presidential Permit for the Keystone XL Pipeline project.

APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	NorVal Electric Cooperative, Inc. P O Box 951 Glasgow MT 59230
Application No.:	16193
R/W Purpose:	a buried electric distribution line
Lessee Agreement:	N/A (Navigable River)
Acreage:	0.05
Compensation:	\$100.00
Legal Description:	20-foot strip across the Milk River in Gov. Lot 4, Sec. 36, Twp. 28N, Rge. 40E, Valley County
Trust Beneficiary:	Public Land Trust
Classification:	III

Applicant is replacing an existing overhead line by horizontally directional drilling of a new three-phase powerline under the Milk River. The line provides service to customers of the applicant that live south of the Milk River. The proposed route is the most direct and least invasive in regards to impact on the environment, river banks and vegetation. The Department recommends approval of this request.

Rights of Way Applications

December 17, 2012

APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	Hiland Operating, LLC P O Box 5103 Enid OK 73702-5103
Application No.:	16197
R/W Purpose:	a buried 8" natural gas pipeline and a buried 4" crude oil pipeline
Lessee Agreement:	ok
Acreage:	3.45
Compensation:	\$11,031.00 (275.77 rods x \$40/rod)
Legal Description:	33-foot strip through W2W2, Sec. 36, Twp. 24N, Rge. 55E, Richland County
Trust Beneficiary:	Common Schools
Classification:	III

Applicant is requesting an easement for two pipelines associated with the Marla-Hill #4HSU well located on state land. The pipelines will collect natural gas and oil produced from this well and both will tie into applicant's existing pipeline collection system for other wells. Installation of these pipelines will prevent the unnecessary flaring of natural gas and reduce the impacts to roadways that result from having to truck the oil from this well.

The Department recommends approval of this request under the previous conditions applied to other pipelines as follows:

- Recommended compensation is \$40/rod
- Additional payments due at years 10 and 20 pursuant to a compounded annual interest rate of 2.5%
- Term easement of 30 years with opportunity to apply for renewal

APPLICANTS AND RIGHTS OF WAY INFORMATION

Applicant:	City of Billings 2224 Montana Avenue Billings MT 59101
Application No.:	16199
R/W Purpose:	a public city roadway, including water, sewer and storm drainage facilities and a multi-purpose pedestrian path
Lessee Agreement:	ok
Acreage:	2.80
Compensation:	\$8,400.00
Legal Description:	Tract of land in E2SE4, Sec. 18, Twp. 1N, Rge. 26E, Yellowstone County
Trust Beneficiary:	Common Schools
Classification:	II

The City of Billings initiated a planning study in 2006 to analyze various routes to connect the Billings Heights area to the west end of Billings to alleviate traffic through downtown Billings. Termed the Inner Belt Loop, this application is the first phase of the larger project that will eventually connect with Zimmerman Trail at its intersection with Highway 3. The Department has been a participating agency with the City in this planning effort.

The state land to be encumbered is located adjacent to the current city limits of Billings. This proposed roadway provides the potential of development of this parcel due to a nearby recent residential development. Water and sanitary sewer services will also be available, aiding in any development proposal. Additionally, the City has agreed to install gates both the north and south sides of the easement at drive approach locations so as to facilitate walk-in recreational use access of the trust land.

Analysis of environmental impacts found no significant issues or concerns. The Department recommends approval of this easement request.
