The Department of Natural Resources and Conservation, Trust Land Management Division, has adopted the above categorical exclusions for real estate activities conducted on state trust lands. "Categorical Exclusion" refers to a type of action that does not individually, collectively, or cumulatively require an EA or EIS unless extraordinary circumstances occur (ARM 36.2.522(5)).

Extraordinary Circumstances:

Will the proposed action affect one or more of the following resources, species or situations in the project area? If the resource, species, or situation is present, but project design avoids potential adverse effects on the resource, the answer is "No". One "Yes" answer indicates that Categorical Exclusion is not appropriate for the project, and an EA or EIS must be conducted.
