

Initial Proposal
Ledwell/Porter Easement Amendment ROW-12464
August 15, 2025

The Montana DNRC, Stillwater Unit, has received a request from Kimberly G. Ledwell and Jacob M. Porter for an amendment to existing easement ROW-12464 near Trego, MT in Section 33, T33N, R26W, Lincoln County, (see attached map). The Public Buildings Trust is the beneficiary trust of this parcel and subsequent project.

The proposal would amend the existing easement ROW-12464. The current easement provides access to two privately owned parcels for the purpose of timber management. The amendment would add year-round residential access to each parcel. The road already exists, and footprint would not change. The total encumbrance would be 1.0 acres.

The DNRC is in the scoping phase of the project. In preparation for this project, specialists such as wildlife biologists, hydrologists, soil scientists, and archeologists will be consulted. If you have any questions or comments on this proposed easement, please contact Kari Nielsen at kari.nielsen@mt.gov or by calling 406-751-2262. Comments must be received no later than September 2nd, 2025 to be considered.
