

NOTICE OF SALE

Department of Natural Resources & Conservation Timber Sale

The GNA Harley DXP Timber Sale is located within sections 32 and 33 of T14N – R7E on the Helena-Lewis and Clark National Forest. Approximately 3,896 tons, consisting of mixed conifer sawlogs, are offered for sale.

Sealed bids will be opened at the Department of Natural Resources & Conservation, 2705 Spurgin Road, Missoula, Montana on **Wednesday, January 14, 2026, at 2:00 pm**. Bids may be hand delivered or mailed and will be accepted any time prior to the bid opening. **DNRC recommends that bidders contact the Forestry Division (406-542-4300) prior to the bid opening to ensure that your bid has been received.** Bids must be accompanied by a deposit of **\$974.00** representing 5% of the minimum bid value of the sale in cashier's check, certified check, bank money order or bank draft to be applied to the first sale invoice for the successful bidder. Bid bonds will be accepted and, for the successful bidder, will be closed upon execution of the Timber Sale Contract and Timber Sale Bond.

The sale will be awarded to the highest responsible bidder. If the successful bidder is unable to execute the contract within **30** calendar days from the date the sale is awarded, the bid deposit will be retained by the Department as liquidated damages. The right is reserved to reject any or all bids.

Prospective bidders can obtain the sale prospectus, sale contract and bid forms from the Department of Natural Resources & Conservation, Forestry Division, in Missoula (406-542-4300).

Visit our website for upcoming sales and bid results.

TIMBER SALE PROSPECTUS
STATE OF MONTANA DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION

Timber Sale Name: GNA Harley Timber Sale			
For specific sale information, contact:			
Phone	406-502-8480	Scott MacDonald	GNA Forester, DNRC Central Land Office
For copies of the Timber Sale Contract and bid forms, contact:			
Phone	406-542-4300	Missoula DNRC Main Office	GNA Bureau

General Bidding Information

1. Bids must be submitted on Department of Natural Resources & Conservation (State) bid forms.
2. Timber will be sold to the highest responsible bidder; however, the State reserves the right to reject any or all bids.
3. The State recommends that bidders contact the Good Neighbor Authority Bureau, Forestry Division (406-542-4300) prior to the bid opening to ensure that your bid has been received.
4. A **Bid Deposit** must accompany all bids and must be in the form of cash, cashiers check, certified check, money order, bank draft, surety bond or irrevocable letter of credit.
5. The Purchaser must submit a **Performance Bond** to the State within 30 days of notification of sale award. The bond amount will be, at a minimum, 20% of the total bid value of the sale. The performance bond may be cash, irrevocable letter of credit, surety bond or certificate of deposit. The performance bond must be maintained separately from other payments for the duration of the Timber Sale Contract. See the Timber Sale Contract for additional information.
6. The purchaser must submit an **Advance Stumpage Payment** prior to cutting any timber. The amount of the advance stumpage payment will cover six weeks of harvesting and be based on the expected harvest rate and the bid value of the stumpage. The advance stumpage payment may be cash, irrevocable letter of credit, payment bond or certificate of deposit.
7. This sale is being sold based on the gross weight of all species. Minimum price and bid price are on a per ton basis. Unless otherwise specified, the price applies to all species, green and dead. Price may vary by product. Billing will be based on gross weight. A weight ticket from a certified scale is required for each load hauled, regardless of product type.
8. The State has estimated the net scale merchantable sawlog volume to be sold under this Contract. Other products may be part of this sale. All delivered wood will be weighed and billed at per ton bid rates. The State recognizes that a percentage of delivered wood may not meet the log manufacturing and recovery standards of the Timber Sale Contract. The actual percentage will vary based on the log manufacturing and recovery specifications of the purchaser and tree conditions in the sale area. The actual delivered weight may vary, resulting in an overrun or underrun of the estimated tonnage. The State strongly recommends that bidders evaluate these effects before bidding.
9. The State does not conduct detailed road appraisals. All appraised costs are gross estimates or averages, provided only to show the relative amount of work required, and not the true market value. The State strongly recommends that bidders make their own estimates based on Contract requirements. Cost estimates provided are not guaranteed.
10. Bidders are encouraged to examine the complete Timber Sale Package and Sale Area prior to bidding. Additional information is available at the phone numbers shown above.
11. Estimates for sale volume, species percents, defect, product class, etc. provided in this prospectus and volume estimates listed in the Timber Sale Contract are not guaranteed.
12. This prospectus is provided for information purposes only. If the prospectus is in error or contradicts the Timber Sale Contract, the Contract governs.

Additional Sale Information:

1. This timber sale is a State of Montana Timber Sale on National Forest System Lands and is being performed under the Good Neighbor Authority. Potential Purchasers should be aware that this is a partnership, between the Montana DNRC and the US Forest Service, to increase the pace and Scale of forest restoration on National Forest System Lands. Considering Good Neighbor Authority is a high priority of both agencies, and it has a high degree of public interest, the purchaser should expect increased DNRC, Forest Service, and public attention on this timber sale. The DNRC and Forest Service may wish to have public or media tours of this timber sale, and we will encourage active involvement by the timber sale purchaser and their contractors.
2. Under the Good Neighbor Authority all NEPA mitigations and Forest Plan requirements must be adhered to. Specific mitigations to do so are written into the contract. The DNRC encourages potential purchasers to familiarize themselves with these mitigations prior to bidding.
3. Unlike DNRC Trust Lands Timber Sales, no Forest Improvement Fees will be charged.
4. Unlike Forest Service Timber Sales, all deposits such as KV, BD, and Road Deposits are included in the stumpage value and accounted for between the DNRC and Forest Service.
5. The Timber sale was cruised and compiled using DNRC procedures and computer programs.
6. **LOG BRANDING:** This contract is subject to the Forest Resources Conservation and Shortage Relief Act of 1990, as amended (16 USC 620, et seq.). The Purchaser must comply with log branding and accounting rules in Attachment E.
7. **OPERATING PERIOD:** Operating period is limited to periods when the ground is frozen or snow covered in unit 94a to minimize compaction, displacement, or erosion (see Section VII.M.5 a-g, Section VII.F, and Section VII.G) and when conditions meet VII.M.1 and VII.M.2. Minimize operations when possible during big game hunting seasons. Logging activities including hauling will not occur on weekends and holidays during the winter (December 1-May 15).
8. **HAUL ROUTE OPTIONS:** There are two available haul routes for Harley Timber Sale. Option 1 is to haul North from FS 253 on FS 839 (Divide Road, approximately 0.70 miles) to FS 6511 (Belt Park Road, approximately 9.86 miles) to Highway 89. Option 2 is to haul South from FS 253 on FS 839 (Divide Road, approximately 11.42 miles) to Highway 89. However, hauling on FS 839 to Highway 89 is not allowed during the winter; winter hauling for Option 2 must be diverted to FS 204 (Moose Creek Road, approximately 11.27 miles) to FS 119 (Sheep Creek Road, approximately 3.96 miles) to Highway 89. Weight limits will be provided for all bridges on proposed haul routes.
9. Forest Service Timber Sale – Rocking Chair will be using FS 204, FS 119, and a portion of FS 839. Hauling may occur simultaneously with GNA Harley Timber Sale hauling. Commensurate share of road maintenance may be necessary.
10. Electronic GPS compatible maps are available by contacting Scott MacDonald at scott.macdonald@mt.gov or (406) 502-8480.
11. The Contract Termination date is December 15, 2028, and Harvest Completion deadline is September 30, 2028. See Sample Contract for details.
