

# We Use DocuSign®

The Forestry Division of the Montana Department of Natural Resources and Conservation (DNRC), uses DocuSign to securely sign grant and subaward agreements. If you have questions about using DocuSign, please contact your DNRC Liaison, or refer to the DocuSign website. (<https://www.docusign.com/blog/e-signature-frequently-asked-questions>)

## Secure

- Encrypted storage of documents
- Legal form of Signature
- Independent security checks
- Name and email address of sender are present, you will always know who sent you a document

## Accessible

- Free for signer to use
- No account needed
- Available 24/7
- Sign documents from almost any device
- Allows for multiple people to sign one document from different locations

## Organized

- No missed signatures
- The signer gets a copy of the document automatically
- Reduces the chance of paper copies being lost
- Reduces wait times and allows grants to be processed in a timely manner
