

License Renewal

Montana Board of Water Well Contractors

Multiple Licenses

The combination Water Well Contractor/Monitoring Well Constructor license has been deleted. Water Well Contractors may construct monitoring wells without the additional monitoring well constructor license.

Montana Codes Annotated § 37-43-302(1) states:

“... An individual who is licensed as a water well contractor is not required to have a separate water well driller’s license to perform the actual work on the well or a separate license to install monitoring wells.”

An individual that has a Water Well Driller’s license is required to have a Monitoring Well Constructor’s license to construct monitoring wells without a licensed Water Well Contractor or a licensed Monitoring Well Constructor on site while the drilling rig is in operation.

Electronic License Renewal

All of the required documents: license renewal form, proof of continuing education, proof of bonding and fee must be received by the Board’s office email before midnight July 10 or post marked no later than July 10 to avoid late fees. A license renewal application is not consider complete until **all required documents are received** by the Board’s office.

License renewal documents may be submitted electronically by email or by regular mail. Copies of documents are acceptable. The "New 2023-2024 License Renewal Form" must be used, located on the BWWC website at <http://dnrc.mt.gov/divisions/water/operations/board-of-water-well-contractors>

Fees must be mailed.

For assistance, please call: (406) 444-6643 or (406) 444-0860
