* Part or all of tract is not state-owned surface

Total Tracts	34
Total Acres	15,647.17

Additional lease stipulations are listed on the following pages. The Stipulations column on the sale list identifies which stipulations will be attached to each tract.

Sight drafts will not be accepted. The State Board of Land Commissioners reserves the right to reject any and all bids. All payments are due within ten days after the date of sale.

Individuals with disabilities may request assistance or special services by calling (406) 444-4576 at least one week prior to the sale.

STATE BOARD OF LAND COMMISSIONERS

State of Montana
Oil and Gas Lease Sale - June 2, 2026
Stipulations

- 1 Lessee shall notify and obtain approval from the Department's Forestry and Trust Lands Division (FTLD) prior to constructing well pads, roads, power lines, and related facilities that may require surface disturbance on the tract. Lessee shall comply with any mitigation measures stipulated in FTLD's approval.
- 2 Prior to the drilling of any well on or into the lease premises, lessee shall send one copy of the well prognosis, including Form 22 "Application for Permit" to the Department's Forestry and Trust Lands Division (FTLD). After a well is drilled and completed, lessee shall send one copy of all logs run, Form 4A "Completion Report", and geologic report to FTLD. A copy of Form 2 "Sundry Notice and Report of Wells" or other appropriate Board of Oil and Gas Conservation form shall be sent to FTLD whenever any subsequent change in well status or operator is intended or has occurred. Lessee shall also notify and obtain approval from the FTLD prior to plugging a well on the lease premises.

Issuance of this lease in no way commits the Land Board to approval of coal bed methane production on this lease. Any coal bed methane extraction wells would require subsequent review and approval by the board.
- 3 The FTLD will complete an initial review for cultural resources and, where applicable, paleontological resources of the area intended for disturbance and may require a resources inventory. Based on the results of the inventory, the FTLD may restrict surface activity for the purpose of protecting significant resources located on the lease premises.
- 4 The lessee shall be responsible for controlling any noxious weeds introduced by lessee's activity on State-owned land and shall prevent or eradicate the spread of those noxious weeds onto land adjoining the lease premises. The lessee's methods of control shall be reviewed and approved by the Department's Unit Office that has jurisdiction for that locale.
- 5 The definitions of "oil" and "gas" provided in 82-1-111, MCA, do not apply to this lease for royalty calculation purposes.
- 6 If the State does not own the surface, the lessee must contact the owner of the surface in writing at least 30 days prior to any surface activity. A copy of the correspondence shall be sent to FTLD.
- 7 Due to unstable soil conditions on this tract and/or topography that is rough and/or steep, surface use may be restricted or denied. Seismic activity may be restricted to poltershots.
- 8 The lessee is responsible to pay for all damages, including penalties and charges assessed by the USDA-CFSA on CRP lands, as a result of drilling and production on the tract.
- 9 If production from (a) well(s) on this tract is/are put to private use, (for example, farm taps) the Lessee is responsible for installation of (a) meter(s) and documentation of gas used as recorded by said meter(s). Documentation will be provided to the Department. Lessee will have (a) meter(s) installed within 45 days prior to gas production, or of the decision to use the well(s) as (a) tap well(s), or written notification of FTLD of this decision, whichever comes first. The Lessee shall work with MMB every year that the tap well is in use to pay royalties on the average price of gas. MMB will calculate a contract gas price annually based on projected AECO Index price. Non-compliance with this stipulation will result in lease cancellation.
- 10 This lease is located within designated sage grouse general habitat. Proposed activities are subject to, and shall comply with, all provisions, stipulations and mitigation requirements of the Montana Sage Grouse Habitat Conservation Strategy, as implemented by Governor's Executive Orders 10-2014, 12-2015, and amendments thereto. Contact the FTLD prior to preparing a project proposal.

- 11 This lease is located within designated sage grouse core habitat. Proposed activities are subject to, and shall comply with, all provisions, stipulations and mitigation requirements of the Montana Sage Grouse Habitat Conservation Strategy, as implemented by Governor's Executive Orders 10-2014, 12-2015, and amendments thereto. Contact the FTLD prior to preparing a project proposal.
- 12 Unless otherwise approved by the Department in writing, wells and related surface infrastructure, including new road construction, are prohibited within 1/2 mile of the centerline of a navigable river, lake or reservoir, and within 1/4 mile of direct perennial tributary streams of navigable waterways, on or adjacent to the tract. No surface occupancy is allowed within the bed of a river, stream, lake or reservoir, islands and accretions or abandoned channels.
- 13 Due to the floodplain/wetlands area(s), surface use may be restricted or denied.
- 14 No surface occupancy of the school area and/or related facilities is permitted without written approval of FTLD.
- 15 This tract has (an) existing well(s) and related facilities. The lessee has 45 days from the effective date of this lease to determine whether or not to assume responsibility from the former lessee for the well(s) and any existing facilities. The lessee may not enter the well(s) until a change of operator has been filed with, and approved by, the Board of Oil and Gas Conservation. The(se) well(s) must be returned to commercial production or plugged and the well site(s) reclaimed within 6 months from the effective date of this lease.
- 16 If whooping cranes are observed on-site, construction and/or maintenance activities shall be suspended until birds leave the area.

TO ALL INTERESTED PARTIES:

RE: September 1, 2026 Oil and Gas Lease Sale

In order to give as much advance notice as possible, please be advised that the September 2026 Oil and Gas Lease Sale will be held online during the period of **August 26 – September 1, 2026**, through the online auction service, Efficient Markets (efficientmarkets.com). Please contact Efficient Markets for help setting up an account to bid on state tracts. For all other inquiries, contact the Department of Natural Resources and Conservation. In the event details for the September Oil and Gas Lease Sale change, an updated notice will be sent out.

The filing deadline date for submitting applications on tracts to be nominated for the sale in September is **5:00pm MST on June 18, 2026**. Applications must be received in this office by that date. If you have any questions, please contact me at THossfeld@mt.gov or (406) 444-4576.
